

20TH YEAR. NO. 141.

EAST LIVERPOOL, O., TUESDAY, JUNE 16, 1903.

TWO CENTS.

## CROWDS ON HAND EARLY FOR CENTENNIAL SIGHTS

Lisbon Has Many Curious and Interesting Objects Ready For Visitors' Inspection.

### A GLIMPSE INTO THE CURIOSITY HALL

Lisbon, June 16.—(Special).—Everything is now in readiness for the opening tonight of the centennial celebration of the settlement of Lisbon and of the organization of Columbiana county. Few communities in the county have so much in their local annals that is closely associated with the history of the country. The names of McKinley, Hanna and Valandigham alone are sufficient to give prominence to the little city.

The celebration which will open tonight will be a memorable event in the history of the county, participated in, as it will be, by the whole county. Tonight's function will consist of a grand concert to be given in the opera house. George H. Huston, the treasurer of the centennial board, will direct a chorus of 70 voices which will be accompanied by the Grand Army band, of Canton, under the direction of Emil Reinkendorff. The Grand Army band arrived in the city at noon today and rehearsed with the chorus this afternoon.

The business part of town has been elaborately decorated with flags, banners and bunting, and with a large double arch, carnival and other attractions on the square, presents a holiday appearance. The massive court house and other buildings, together with the beautiful, paved streets, fine lawns and modern conveniences would present a great contrast to the view of the settlers of 100 years ago who built the log court house and clustered their huts about it, could they now come upon the scene. The limited conveniences enjoyed by these early settlers and their mode of life are recalled by the exhibits at curio hall in the Huston block on the south side of the public square, this exhibit including an assortment of the old colonists' tallow dip lamps with which these pioneers lighted their cabins, pewter plates and spoons and spoon bowls which, with many other curious utensils, recall the hardships of the settlers of a century ago.

Curio hall will be a place of rare interest to centennial visitors. The committee in charge of this feature of the celebration has taken great interest in the work, and has succeeded in securing a collection of relics and curios which will not be duplicated in the county for another hundred years. Much of the exhibit is contained in glass cases arranged about the sides and through the center of the room. The fine private collection of F. M. Benner, Herman Smiley and W. F. Temple, members of the committee, constitute a large part of the exhibit.

Among the relics is a pewter plate 145 years old, owned by W. G. Ealfoltz; Continued on Eighth Page

### MORE PAY GRANTED TO MANY TEACHERS

Board of Education Elects Pedagogues For the Ensuing Year.

After an interim lasting a week longer than is customary owing to the absence from the city of several of the members, the board of education got together last evening and elected teachers for the several schools. Supt. Rayman and a committee of the board, after careful consideration of the merits of each applicant, had prepared a list and it went through with perfect harmony. But one position remains to be filled. It is that of the teacher of science. Several applications have been made for the place and it will likely be filled at the next regular meeting of the board.

According to a rule observed by the board for several years an increase in the salaries of practically every teacher was granted. The exact amounts to be paid each teacher could not be obtained from the board this morning, but Clerk V. B. Hill stated that all of the teachers outside of the high school that taught last year received a raise of \$2.50 per month. Those of the high school were raised several dollars. Miss Updegraff being increased from \$1,200 to \$1,350. Increases are granted on length of service and the merit of each individual. The result of the election was as follows:

**High School.**  
Florence Updegraff, principal; Nellie E. Campbell, Martha G. Cooper, Elma G. Martin, Jessie F. Manley, Grace L. Hartman, Mary A. Andrews, Pearl Williams, Bertha A. Dunlap.  
**Central Building.**  
Grammar Department—Angie Moore, Clara Beal, Emily Firth, Agnes Pfisterer, Mary Buchanan, Charlotte Rose, Mrs. Della Hayes, Miss Mary Gladden.  
Primary Department—Isabella McClain, Naomi Shont, Minnie Agner, Mary Jackman, Margaret Cuthbert, Lena Joseph.  
**Grant Street Building.**  
Grammar Department—Anna Gardner, principal; Maude Baum, Mary L. Pike, Maude Dawson.

### GOOSE PASTURING GAME WAS TRIED BY BOYS

Colored Man the Victim—Chief Wyman Will Stop the Practice.

A respectable, well dressed colored man arrived in the city last evening, and he had been on the street but a few minutes when a gang of boys concluded to goose-pasture him. They did so and completed their job in great style. The stranger was enticed down to the river bank and the usual trick was played to get him on a run. He ran until he felt to the ground for want of breath, and when a passerby approached him he asked for police protection.

Chief Wyman was notified and after finding the man escorted him to a boarding house. The chief is on the lookout for the boys that carried out the trick and if he succeeds in landing them, they will be arrested and fined heavily. It is the intention of the chief to break up the practice.

### ACTION ON BONDS IS LOOKED FOR

Special Meeting of Council Friday Evening to Consider the Matter.

### CITY EMPLOYEES UNPAID

There will be a special meeting of council on Friday evening. President Horwell stated this morning that the body would be summoned together for the purpose of passing an ordinance providing for the issuance of bonds to cover the present indebtedness of the city.

The resolution passed by council at its last meeting declaring it necessary to issue the bonds becomes effective tomorrow, and the special meeting would be called for tomorrow evening but for the absence of an official. It is the desire of council to get the money into the treasury as soon as possible, and the members are all in favor of the call.

Owing to the deficiency in the several funds of the city the officials and all employees of the city are being made to suffer. There is no money in the treasury for them and they simply must wait until it is placed there. Some of them are borrowing money to run them and their families until pay day rolls around, and having to pay interest for the amounts borrowed they feel that they are not receiving what is rightfully due them. The conditions, however, cannot be credited to the fault of any officials now in service, the shortage in the funds being made under past regimes.

According to the provisions of the code the bonds will not be sold until about the third week of July, it being necessary to advertise them for sale for 30 days. It was thought by some that they could not be advertised until after the ordinance providing for them had been placed into effect, which requires 30 days, but City Auditor Davidson states that it is perfectly legal to ask for bids just as soon as the ordinance is passed.

If this is done and the ordinance is passed on Friday the bonds will be sold on or about July 19, and there will be plenty of money in the treasury. One day of this week the city treasurer will receive quite a snug sum from the county treasurer, and it is assured that the officials will not be compelled to wait very long for their salaries.

### TRICK OF CRUEL JOKERS CAUSED MONTHS OF AGONY

Harry McFarland, the piano and calliope player, who was so terribly burned in a saloon on Second street about two months ago, while he was lying at the rear of the place fast asleep, is getting worse every day and he has not only given up all hopes of ever gaining control of the leg that was so badly mutilated, but is fretting now in anticipation of losing his life. The complete story of the barbarous act was exclusively detailed in the News Review on the day following the occurrence. It will be remembered that some one poured a bottle of gin on McFarland's trousers and then placed a lighted match to it. Before he awoke the flames had him enveloped and before he could extricate himself from the trousers, his leg was burned through to the bone. Since that time he has been laid up, most of the time and he states that no man ever suffered the agony that he has during that period. When he was burned he weighed 174 pounds and now his weight has diminished to 114 pounds. His lower limbs are nothing but bones and skin. A huge hole runs through the right leg and oozing sores scattered over it are strong evidence that it will be but a matter of a few weeks until the knife of a surgeon will be brought into play. The unfortunate young man has worried himself almost into nervous prostration. He fears that death is inevitable. The perpetrator of the deed has left the city. Where he is, is not known, but McFarland says that there is a man on his trail and that when he is caught both he and the proprietor of the saloon will be held liable for damages.

### RULES PREPARED FOR WATER'S USE

Stringent Regulations Regarding Water Consumption and the Rates.

### METERS MUST BE USED

By Several Classes of Consumers. Bradshaw Avenue Sewer Contract Awarded By the Board of Public Service Last Evening.

Two members of the board of public service, W. L. Smith and Jacob Shenkel, met last evening with an extraordinary amount of business confronting them, but owing to the absence of resident Taylor they deferred the bulk of it until next Friday evening only taking up that which did not require the advisement of the entire board.

The bids for the sewer to be laid on Bradshaw avenue opened by the city engineer and the city auditor last Saturday, reported exclusively in the News Review, were carefully read and the contract was awarded to the lowest bidder, J. C. Cunningham, who placed the figure at \$6.95 per foot. Mr. Cunningham is to use Portland cement and will commence the work when notified by the auditor that there is sufficient money in the treasury to pay for it.

Harrison Rinehart's bill for paving on Fifth street was disposed of by a motion of Mr. Smith that it be referred back to council, two members of that body understanding every particular in the case.

At the next regular meeting the board will hold one of the most important sessions since its organization. The electric lighting company's bill, which has been pending for some time, will be brought up and a number of the rules that are to govern the actions of the board will be adopted.

The rules pertaining to the keeping of the streets were published on Saturday by the News Review. The following, compiled by Solicitor Davidson and Clerk Gipner to govern the manner of use and the rates for water service in the city, will be adopted and together with the street rules will be submitted to council at its next regular meeting for passage:

Service pipes between the ferrule and the stop-cock shall be laid not less than four and one-half feet below the grade of the street. The material used for such service pipe shall in each and every case be subject to the inspection of the superintendent, and if found defective or below the standard established by the board of public service, or not in conformity with the depth as above stated, its use will not be permitted and no tap will be made.

All service pipes for supplying hydraulic elevators or other motors must have suitable air chambers thereto for the purpose of preventing water ram in the pipes; and the owners or users of such elevator or motor must keep the same in good repair, so as to prevent all leakage and waste of water. They shall also, at their own expense, place in their service pipe a water meter, such as shall be approved by the superintendent of the water works.

Screw attachments on yard hydrants or bib cocks wherever located upon any property shall subject the property to the same assessment as for a hose or street washer. All fountains, gas engines and soap boxes for cooper shops must be provided with meters, and all meters and valves used in the

### REVOLT IN ARABIA OVER HEAVY TAXES

The Governor General in Prison at Mecca As a Result of the Trouble.

Constantinople, June 16.—(Special).—Information of a revolt in Arabia, caused by heavy taxes, has reached here. The governor general is imprisoned at Mecca.

### A Sale Confirmed.

Lisbon, June 16.—(Special).—The sale of real estate by Louisa Krayer, administratrix of the late William F. Krayer, of Columbiana, has been approved and deed ordered to the purchaser, the First National bank of Columbiana.

### Bank Cashier a Suicide.

New York, June 16.—(Special).—As the result of domestic troubles, Frank Dean, cashier at the Fifth Avenue bank, committed suicide today.

### THE COUNTY JAIL WORSE THAN OURS

Monroe County Has the Distinction of Eclipsing Columbiana in One Way.

### ANOTHER INSPECTION DUE

From a Staff Correspondent.

Columbus, June 16.—Perhaps the people of Columbiana county may be interested in knowing that their county jail, while being one of the worst in the state, is not the worst. Secretary H. H. Shirer, of the board of state charities, who has just returned from a tour of inspection of county institutions, in the southern part of the state, found many of the jails visited to be in a most deplorable condition and infinitely worse off than Columbiana's jail.

The Monroe county jail at Woodfield was found to be in an unusually wretched condition and from a hygienic standpoint is probably the worst institution of the kind in the state. It is also used as a lockup for the town. It is a small affair and is unprovided with any sanitary system whatsoever. The prisoners wash in a bucket. There is a bad odor about the place as there was about the prisoners when Mr. Shirer called. Baths seemed to be unknown at the institution. The building is also in a bad state of repair. Secretary Shirer will recommend to the county commissioners that the jail be remodeled and put in a sanitary condition.

The secretary will try to pay Columbiana county a visit soon. If he does he will probably criticize the county jail, as his predecessors did. For many years the institution has been anathematized and condemned as a place fit for occupancy by grand juries, boards of county visitors and the board of state charities but in spite of all this objection and complaint the county commissioners have never manifested a willingness to replace the dilapidated structure with a more substantial and commodious one. In the last report of the Columbiana county board of visitors filed with the board of state charities the jail was denounced as a place unfit for the habitation of either man or beast.

The program for the state bar meeting to be held at Hotel Victory, Put-In-Bay, July 7, 8, 9 and 10, is out. President John W. Warrington, of Cincinnati, will deliver the annual address. The most important number will be an address by John S. Wise of Virginia, his subject being "The Constitutional View of the Race Question." The program contains the names of some able speakers. Consideration will be given the proposition to give the governor veto power and what interpretation should be given the sections of the constitution providing that all laws should have a uniform operation throughout the state and that the general assembly shall pass no special act conferring corporate powers. The double stock liability clause will also be discussed. It will be recommended to the association that the term of office of the judges of the supreme court be lengthened.

### Working As Mail Clerk.

Lisbon, June 16.—(Special).—Arthur Clark, son of Attorney J. W. Clark, of Lisbon, having passed the mail clerk civil service examination, has been given a temporary run between Lisbon and Cleveland.

## AN OPTION IS SECURED! ON ODD FELLOWS BUILDING AND A BANK MAY BE BUILT

The Price For the Property Is \$25,000 and It Is Likely the Deal Will Soon Be Closed.

The Odd Fellows' building at the corner of Fifth and Washington streets, considered one of the most valuable properties in the business section of the city, has been optioned to George H. Owen & Co. The option is for 90 days, and while the purchase price has not been made known it will not be under \$25,000. A short time ago an offer of \$23,000 was refused.

George H. Owen, when seen by a News Review reporter this afternoon, admitted that the option had been taken, but refused to discuss the deal. It could not be learned whether he was acting as an agent or making the purchase as an individual investment. There is but little if any doubt but what the option will be closed before its expiration and that the property will pass into other hands.

A report, with a good foundation, was in circulation this afternoon that the present structure would be removed by the intended purchaser and that a modern banking building would be erected. Possession cannot be taken at once, however, as the Pottery Building & Savings company has a lease on the corner room which has a year or more of life.

The Odd Fellows' corner is considered one of the best locations in the city for a banking or building and loan institution, and it is likely that it will continue to be used for this purpose. The Pottery Building & Savings company has prospered materially since its transactions.

### TOW BOAT RAN AGAINST THE BAR

THE ENTERPRISE SINKS TWO BARGES AT LINE ISLAND.

Narrow Escape For Several Men And a Loss of \$5,000 Is the Result.

The towboat Enterprise, of the Monongahela Consolidated Coal & Coke company, with a tow of 12 pieces, met with an accident near Line Island this morning which threatened the destruction of her entire tow and endangered the lives of five of the crew. As it was two barges were sunk and several others damaged to some extent, entailing a loss estimated at \$5,000.

The boat left Pittsburgh this morning and reached Line Island about 9 o'clock. In trying to make the channel at the head of the island she was carried against the bar. In spite of hard work on the part of the crew the tow broke into three sections. Five members of the crew were on the sinking barges and they were rescued only a few moments before they went down in about 12 feet of water.

A desperate effort was put forth to land the two sinking barges. The boat was cut loose from the balance of the tow and attached to them, and then began a race to the shore. Both barges sank when some distance from the bank. The abandoned barges, floating with the current, had almost reached the Southside bridge when the Enterprise overtook them.

### Nothing Else Like It.

Lisbon, June 16.—(Special).—Among the Lisbon relics likely to attract some attention from centennial visitors is the old jail. Sheriff Leonard and wife have made the old place as attractive as possible.

was removed to the premises from the Fouts building.

The building fronts about 60 feet on Washington and 65 feet on Fifth and includes the law offices of Vodrey & Wallace. The Washington street frontage includes the alley way to the north.

It will be remembered the Pottery Building & Savings company recently purchased the Purinton property, in the same block, fronting on Washington and Broadway and now occupied by a candy kitchen and a barber shop, with the intention of erecting a fine business block. The building of this structure will not be delayed beyond next summer, at which time the company may surrender its leasehold on its present quarters.

While it has not been given out officially it can be reasoned that the Odd Fellows will now build on their recent purchase of the Nagle property on Sixth street. This organization is one of the wealthiest in the state and can be expected to erect a structure that the city will be proud of.

Through the Owen agency several big real estate sales in that immediate vicinity have been made. W. L. Thompson bought the property where the Hard furniture establishment now stands for \$23,000; the site for the Pottery National bank for \$12,000 and the two buildings south on Fifth street were the most important of these transactions.

### THE EARLY VOTER NEVER GETS LEFT

No Good Reason or Excuse For Holding Back Coupons Until Last Moment.

### HOW THE LIST STANDS

The voting proceeds at a lively rate. Popular interest is growing to such an extent that the list of votes is almost the first thing scanned by many regular readers of the paper. A new series of coupons starts today. Series F will be good until July 1, but all votes should be sent in as fast as possible. By holding back Series E coupons several votes were lost to candidates who would have appreciated them. They arrived at this office one day late, despite the fact that it was distinctly stated on the face of them that they must be voted before June 15. Such carelessness is likely to prove disastrous to a candidate's chances. The early voter never gets left.

The following candidates have received 100 votes or more:

Thomas Neal, Riverside Park..	25,656
J. E. Anderson, Lincoln avenue..	22,365
Thomas Lounds, Fourth street..	22,123

## EAST END

## ALL SERIOUSLY ILL

Last Member of the Family in the Quarantined House Taken Ill Today.

John Stewart and family, consisting of a wife and four children, are very seriously ill at their home in the Klondike. The house has been under quarantine since Sunday and George Culbertson is guarding the premises. Mr. Stewart, his wife and three of the children were taken ill about the same time, and yesterday the fourth child became ill.

Dr. F. F. Davis, the attending physician, stated this afternoon that Mrs. Stewart was somewhat improved. It was reported this morning that she was in a critical condition. The disease has not progressed far enough yet to determine whether it will terminate fatally.

## Aged Citizen Dead.

J. G. Smith, of Pennsylvania avenue received word this morning from Mansfield of the death of his grandfather, Isaac W. Pleasants, aged 86 years. The funeral services will be held in the First Congregational church of that city at 2 o'clock tomorrow afternoon. Mrs. Smith left at noon today to attend the services. Mr. Pleasants had lived in Mansfield 48 years and was one of its highly respected citizens. Death was due to the infirmities of age.

## Enjoyed the Social.

Members of Pan-American court, Tribe of Ben Hur, and their friends to the number of more than 100, had a delightful time at their box social in Larkins' hall last evening. Besides the viands in the boxes, prepared by the ladies, ice cream and cake were included in the refreshments. A musical program, consisting of piano and vocal selections, was rendered by popular performers. The program also contained several recitations, which were greatly enjoyed.

## Will Play Today.

The great diamond contest between Bob Sodaker's Rangers and Jimmy Larkins' Second Street Stars, is to take place at the Y. M. C. A.'s Southsidepark this afternoon. The game is to be called at 4 o'clock. It is stated that Manager Larkins wanted the game postponed, claiming that several of his players were not in condition. Manager Sodaker insisted on the game taking place as scheduled.

## Curfew Rang Last Night.

The curfew bell, erected yesterday on the roof of the fire station, rang for the first time last evening. When it pealed forth at 10 o'clock every youngster in the East End, as far as Officer Fisher could learn, was safe at home. Officer Fisher intends to see that the ordinance is strictly complied with, and the youngsters will be shown no mercy if they are found upon the streets after hours.

## Mysteriously Poisoned.

Raymond Chambers, of Pennsylvania avenue, a popular clerk at the Bradman grocery, is confined to his home with poisoning. While his condition is not serious the malady is extremely annoying and painful. Mr. Chambers does not know how he came into contact with the poisonous substance, or when it occurred. He is somewhat better today and hopes to be out again in a few days.

## Important Meeting Tonight.

The meeting tonight of the Protected Home Circle will be one of the largest attended and most important held in several months. Officers for the ensuing six months are to be selected, and as there are many nominations for most of the offices, there will be some spirited, though friendly contests.

## EAST END AFFAIRS.

James Sterling and sister, of Lisbon, are visiting T. J. Andrews and family, of Pennsylvania avenue. Herbert Supplee, of Ohio avenue, left today for Pittsburgh, where he will spend a couple of weeks with relatives.

Harry Hunter, of Minerva, has moved his family to the East End and they are occupying the second floor of the Supplee building.

Walter C. Supplee and wife, of Ohio avenue, will go to Lisbon tomorrow to attend the centennial. They are former residents of that city and greatly interested in the event.

## Renewed. Left Side Badly Affected.

### Liable to Paralytic Stroke.

#### Dr. Miles' Nervine Gave Me New Life.

"This is to certify that I have used Dr. Miles' Remedies quite extensively, especially the Restorative Nervine, which has done wonders for me. Six years ago I had nervous prostration and again three years ago, at which time I began taking Dr. Miles' Restorative Nervine. I kept taking it for six months and have taken an occasional dose during the last two years. I am practically a new man and feel that I have been given a new lease of life. I used to have very bad attacks of stomach trouble but since using the Nervine I can eat most anything I want with impunity. I was examined in Omaha by a noted German doctor three years ago. He told me I was liable to a paralytic stroke any moment; that my whole left side was badly affected. That was just before I began taking Dr. Miles' Restorative Nervine. My work for two years and a half has been very trying on my nerves. I am a presiding elder, traveling my districts at the rate of ten thousand miles a year, preaching on an average of five times a week, besides many business meetings, and the multitudinous cares of my work in general. Thanks to Dr. Miles' Restorative Nervine I have been gaining in flesh despite this hard work until now I weigh a hundred and ninety-six pounds, nearly twenty pounds more than in all my life. I preach Nervine wherever I go to the afflicted with nerve, heart or stomach trouble."—Rev. M. D. Myers, Presiding Elder, Free Methodist Church, Correctionville, Ia.

# HOW RELIGION IS AFFECTED BY COLLEGE EDUCATION

By President HARPER of Chicago University

THE university is just beginning to feel the effects of the disregard of religious instruction which has been prevalent during the last twenty years. IN THE HOME AND ON THROUGH THE PREPARATORY SCHOOL THERE HAS BEEN A PECULIAR AND FATAL LACK OF RELIGIOUS TRAINING. The boys and girls whose characters and habits would be affected by this irreligious spirit have now reached the age when they should enter the universities, and their views on life and religion are accepted by the public as those fostered by the university. There is naturally a tendency in a university environment TO CONFIRM THEM IN THEIR SKEPTICISM. They are thrown into the company of others of like opinions, opinions that have been formed through lack of religious instruction in early life. The university training may possibly strengthen these opinions.

To teach a man to discriminate is the primary purpose of education. If it does not do that, it has not served its purpose. But in doing this IT VERY FREQUENTLY CAUSES THE STUDENT TO DOUBT THE TRUTH OF WHAT LITTLE RELIGION HE HAS. It is difficult to see why it should not do this.

No truth is accepted on the basis of another person's authority, according to the scientific attitude of mind which is taught in the universities and colleges of today. THE COLLEGE STUDENT IS TAUGHT TO QUESTION EVERYTHING. Problems whose very existence he had never imagined are offered to him for solution. Philosophy commands him to doubt the existence of matter. Problems which in his years of adolescence he had firmly believed were settled are being investigated and new solutions offered by his teachers and fellows. He passes through not only a mental but a moral evolution. The same questioning attitude which he is directed to assume in the class room toward scientific phenomena may be unconsciously assumed by him in his everyday life toward religious dogma.

JUST AS HE DOUBTS THE OCCURRENCES OF EVERYDAY LIFE HE DOUBTS THE TEACHINGS RECEIVED FROM PARENT AND PASTOR.

## MITCHELL PRESIDES AT MEETING

United Mine Workers Assemble for Purpose of Clearing Up Differences With Operators.

Seranton, Pa., June 16.—The special convention of the United Mine Workers of the three anthracite districts, called for the purpose of dealing with the refusal of the operators to recognize the conciliators appointed by the joint executive board, opened with National President J. C. Mitchell presiding and 640 delegates in attendance. The conciliation matter and all other grievances the different districts want to have considered were referred to a committee on resolutions, composed of seven delegates from each district and three district presidents.

The sentiment almost unanimously expressed in the motions and speeches was in favor of the convention contenting itself with endorsing the action of the executive board and leaving it to the operators to accept the three district presidents as conciliators or take the consequences of their refusal. Not a few of the delegates declared openly for a strike to enforce acceptance of the district presidents' credentials as they now stand.

In opening the convention President Mitchell made a brief speech, reviewing the events that have transpired since the close of the strike and making suggestions as to what plan of procedure the convention should follow.

## NATIONAL CAPITAL NOTES.

Secretary Root returned from a visit to West Point and Oswego.

President Roosevelt attended the Saengerfest at Baltimore and delivered an address.

The American fleet will be entertained at Kiel from June 23 to June 30. The vessels are now at Southampton.

The Chinese government has undertaken to remove the negotiations for the commercial treaty from Shanghai to Peking.

The comptroller of the currency has declared a dividend of 10 per cent in favor of the creditors of the insolvent First National bank of Belmont, O.

Temporary barracks will be erected at the New York and Norfolk navy yards which will accommodate about 1,800 men. This will relieve the pressure on the receiving ships during the winter months.

Snot Mother and Her Companion. Cumberland, Md., June 16.—Henry Betz, 23 years old, it is alleged, shot and fatally wounded his mother, Mrs. Elizabeth Betz, and badly wounded Thomas Rohan, who, it is alleged, has been living with her on Laing avenue where Mrs. Betz kept a saloon and boarding house.

Liberty Bell Goes to Boston. Philadelphia, June 16.—The Liberty bell has started on its journey to Boston, where it will be a feature of the celebration of the battle of Bunker Hill. The exercises will be concluded Friday and the bell is expected to be back in Philadelphia Saturday night.

# BECOMING A MOTHER

is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period.

The position of the Jewish people of the United States to the czar is very moderate in tone and merely asks that the emperor of Russia shall proclaim, not only for the government of his own subjects, but also for the guidance of all civilized men, "that none shall suffer in person, property, liberty, honor or life because of his religious belief; that the humblest subject or citizen may worship according to the dictates of his own conscience and that government, whatever its form or agencies, must safeguard these rights and immunities by the exercise of all its powers." The principle here enunciated is one of the cornerstones of the government of the United States, and a basis of our peace and prosperity. How far behind the rest of the world Russia becomes apparent when it is remembered that America has enjoyed from the foundation of its government the privileges which the czar denies his

subjects. The present czar has been called a progressive ruler. He could do nothing that would so securely establish his right to the title as to grant the petition for religious freedom.

A recent important decision of the Ohio supreme court affirms the constitutionality of the plan of combining all the district schools of a township in one central building, and the right of boards of education to pay for the transportation of pupils between the school house and their homes. This decision will be received with favor in every progressive community. This plan was first tried in Kingsville, Ash-tabula county, and has worked admirably. The advantages of the city graded school were secured for the country pupils without any additional cost, for it required fewer teachers, at less cost for fuel and incidentals. Good supervision of the work of the teachers was a natural result, and better teachers than the average rural pedagogues were obtained, because better salaries could be paid.

If the views of President Roosevelt are correctly reported, says the Toledo Blade, he is opposed to a large campaign fund with which to carry on the next national election. In this he is to be heartily commended. It is not to be understood that he will deliberately endeavor to draw the fire of Wall street. No doubt he would like the support of the millionaire as well as that of the plough-boy, but he does not think that the best in American citizenship can be brought out by a campaign of dollars.

Lisbon has evidently arranged a good show for her guests. But why persist in calling the celebration the "Lisbon centennial?" All parts of Columbiana county appear to have been drawn from to aid in the success of the affair. It is the county's centennial, as well as Lisbon's, and the whole is bigger than a part. Lisbon deserves a lot of credit for arranging the exhibition, but Columbiana county figures in it quite conspicuously. Don't forget that.

### OBITUARY

Mrs. C. M. McFrederick. Mrs. Bessie McFrederick, aged 21, wife of C. M. McFrederick, of 161 Seventh street, rear, died this morning at 5 o'clock, after an illness of six weeks with typhoid fever. The body will be taken to Jerusalem, Monroe county, O., tomorrow morning and the funeral services will be held that afternoon. Mrs. McFrederick was a bride of but a few months, having been married on the 18th of January of this year, and her death is particularly sad. She was a member of the Presbyterian church at her former home and lived in accordance with her faith. Besides the husband, her parents, Mr. and Mrs. William Wiley, two brothers and two sisters, all of Jerusalem, survive her.

Mrs. Lachlin Ross. Mrs. Mary Ross, wife of Lachlin Ross, died Sunday at her home on Ida street, aged 69. She was born in St. Clair township and was the daughter of Alexander and Mary McPherson. Five sons and two daughters survive her. T. A. Ross, the oldest son, is ill in Iowa, his home, and H. L. Ross, another son, is in the Hawaiian islands. She was a member of the Presbyterian church and highly respected. The funeral took place at 1 p. m. today, Rev. C. G. Jordan officiating, assisted by Rev. J. N. Swan.

### MRS. MILLER AGAIN AT HOME

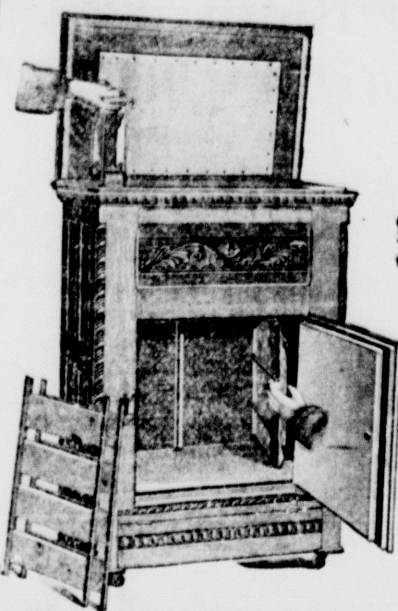

Telephones Chief Wyman That the Family is Making It Unpleasant for Her.

Mrs. Mary Jane Miller, the aged woman who ran away from her home at Calcutta last week, leaving her husband and stepchildren, and who was charged by them of being insane, returned to her home yesterday. She telephoned to Chief Wyman this morning, stating that the members of the family insist that she cannot live with them.

The chief told her to stay with them under all circumstances. He informed her of the awful right to do so and the unlawful right of them to eject her. She said that she was afraid of her life and that the family has threatened to move if she did not move. The case is one of the most pathetic that has come before the public in many months.

Charles McGregor is visiting in Pittsburgh.

A. G. Mason, of Lisbon, was in town yesterday.

Miss Jessie Manley, of East Market street, is visiting in Pittsburgh.

Miss Alice Deidrick and Miss Clara Beal will go to Wooster University next week.

Charles and Will Roser and their mother will soon leave for a visit to Germany.

Mr. and Mrs. W. E. Beresford have returned to Cleveland after visiting East Liverpool friends.

Miss Mary Andrews, of Jackson street, left this evening for Denver to visit for two months.

Mr. and Mrs. Thomas Bailey, of Youngstown, have returned home, after visiting friends here.

Rev. Father Mahon left this morning for Wheeling, to be present at the graduation of a friend in that city.

Mrs. Ann Hallam, of Jackson street was 85 years old yesterday, and her friends tendered her an agreeable surprise party.

Rev. Father T. M. Smyth left yesterday for Cleveland, being called to the bedside of Father Moloney, who is reported to be dying. Father Smyth and Father Moloney have been life-long friends. Father Smyth will remain in Cleveland until next Thursday, when he will participate in the commencement exercises at Villa Angela. Miss Margaret Hamill, of this city, will graduate at that time.

### Leaves All to Wife.

Lisbon, June 16.—(Special.)—The will of George E. Farmer, of Salem, has been probated. He leaves everything to his wife and after her death to their two sons.

A Delirious Prisoner.—Chief Wyman is in receipt of a letter from the chief of police of Elwood, Ind., asking for information regarding a man that they have in custody. The inquirer states that the man under arrest is suffering from delirium tremens and that he will never likely recover. He talks constantly about having relatives in this city. He gives his name as George Lewis and George Pierce. Chief Wyman has been unable to locate any one knowing the man.

Finance Committee Meeting.—A meeting of the finance committee of council will be held tomorrow evening to consider the apportionment of the tax levy for the fiscal year. The committee, it is thought, will not alter to any great degree the recommendations of the several boards.

### HOME FROM MANILA

FOR A SHORT STAY

Judge B. S. Ambler and Friends Reach Salem From the Philippines.

Salem, June 16.—After weeks of travel over sea and land, Judges B. S. and J. A. Ambler and the former's family, consisting of Mrs. Ambler and daughter Laura, and Miss Mary McNab, of Youngstown, have arrived in this city from the distant Philippine and were welcomed home by a large circle of friends and relatives. Judge B. S. Ambler has leave of absence for six weeks. He said to a reporter:

"I like the east very well and saw enough of it to know that persons can get along there with proper care of themselves. The customs of the country it is unnecessary for me to speak of, as you are undoubtedly fairly well informed as to what the Philippines are. I have had some busy times in my court. Since January I have considered nothing but civil cases; prior to that time I had both civil and criminal cases to look after. We are glad to get home, of course, and shall make the best of our visit."

### Just a Bit Misky.

There had been half a dozen stories of thick fog, but Captain Mansfield had waited his turn with patience. It came at last, and the other captains turned their weather beaten faces toward him with an expression of cheerful credulity.

"'Twas told me of a house setting pretty high the shore along halfway down the coast of Maine," said Captain Mansfield. "I could show you the house if it came right. It has a curious coisided portico on it, and one day I asked the man that lives there why it happened to be built that queer shape."

"Well," says he, "the talk is that the man who lived here first had a cousin that was an architect up Boston way, and one time the feller was down here in a terrible foggy spell, and he was figuring out to his cousin how he could build a little portico of such and such dimensions, measuring out into the fog with his rule, and so on."

"'Twas in the late afternoon; he went off next day by train. The fog still held, and along in the morning the man that lived here happened to notice that the marks of the rule out into the fog were still plain, so as he couldn't go a fishing he took some lumber and built the foundations of this portico. That queer job that makes it lopsided is where the wind blew in on the fog, they say, and bent the rule marks in."—Youth's Companion.

### A Wedding in Holland.

A Dutch wedding is a curious contrast to an English one. In Holland the wedding party enters the church two and two, the procession being headed by the bride and bridegroom. Forms are arranged in a semicircle round the pulpit, and there the young people with their friends and relatives seat themselves. The ceremony consists of the reading of a portion of Scripture and a long admonition to the bride and bridegroom, delivered extemporarily by the black gown minister. The prayers are sat through like the rest of the service, for it is against Calvinistic custom to kneel to pray. At the close of the service couple and to certain of their relatives. Then the marriage is registered. This free distribution of Bibles, which is made by the state, accounts for the very small sale there is for the Holy Scriptures in Holland.

Major General S. B. M. Young, the head of the corps, by virtue of his office becomes chief of staff to the president and will also act as adviser to the president and the secretary of war. General Young is now the head of the recently created war college.

General Young has a most excellent record as a soldier. He entered the volunteer army as a private in the Twelfth Pennsylvania infantry at the outbreak of the civil war. He was promoted until he became colonel of the Fourth Pennsylvania infantry in 1864. A year later he was brevetted brigadier general.

At the close of the war he entered the regular army as a second lieutenant, reaching the rank of colonel in 1897. When the Spanish war broke out he was appointed to the command of the cavalry division of General Shafter's corps and led the advance on Santiago. After the Spanish war he spent nearly three years in the Philippines. He reached the grade of major general in 1901. General Young is in his sixty-third year. He will retire in January, 1904, when he will reach the age limit.

### sleep.

Sleep begins, in its first phase, by a state of distraction which brings of states of absent mindedness accompanied always by numerous and separate hallucinations closely connected with the length of the absent minded states. Immediately afterward, in a second phase, these states of distraction pass into a very delicate motor disturbance, due to the absence of parallelism in the axes of the eyes or by the deviation of their conjugate movements. Then, in a third and final phase, which indicates the very near approach of actual sleep, the vasomotor system seems to conform to laws very different from those that regulate its mechanism during waking hours.—Revue Scientifique.

### A Gentleman.

What is it to be a gentleman? Is it to have lofty aims, to lead a pure life, to keep your honor virgin, to have the esteem of your fellow citizens and the love of your friends, to bear good fortune meekly, to suffer evil with constancy, and through evil and good to maintain truth always? Show me the happy man whose life exhibits these qualities, and him we will salute as gentleman, whatever his rank may be. Show me the prince who possesses them, and he may be sure of our love and loyalty.—Thackeray.

## THE TAX LEVY

Will Be the Principal Business Before the Wellsville Council Tonight.

The city council will hold an adjourned meeting tonight. The principal business on hand will be the passing of the tax levy ordinance. The tax commissioners, at a recent meeting, fixed the levy for all city purposes at 10 mills. This amount is rather small and will necessitate considerable figuring to run the different departments. The board of public safety in its budget asked 7.9. This amount is considered exorbitant and in all probability will be cut down considerably. The board of health needs money, the board of public safety will require a certain sum and council will also require a portion. A budget from each department will be handed to council this evening and a satisfactory division will no doubt be made.

Janitor Pittinger is still on duty at the city building, but as yet has not drawn a salary. He remarked yesterday that he is getting too old now to work for his health and that a pay day must be near at hand. This matter has received so much discussion that it is becoming stale and some decision must be made soon. Two of the members of the board of public service are determined to fill this office. They have done this, and to have things run smoothly the matter will necessarily have to be dropped. Other business of minor importance will also be transacted.

## TWO CALLANT YOUTHS

Meet on the River Bank to Fight for the Hand of a Fair One.

Two young men arrived in Wellsville Sunday afternoon and both were bent on calling on the same young lady who lives in the West End. In the evening about 7:30 o'clock both started for the house and arrived there at the same time. One of them rang the bell and the young lady answered. When she saw the two she closed the door and forgot to return. Both men turned away. When they struck the sidewalk each began to tell the other how it was and how it might have been had the other stayed away.

This discussion led to warm words and ended in an agreement to settle matters with a duel, the weapons to be only those provided by nature. One of the men was large and tall while the other was much smaller. They proceeded to the river front, stripped off their hats and coats and went at it. Only a few blows had been struck when the big fellow hit the little man on the nose, knocking him over the bank. He turned over and over and did not stop until he went into the water. He quickly arose from the water, came up the bank with his coat and hat and left the vicinity without a word. No arrests were made, but the affair caused a great deal of laughter for the crowd which saw the whole thing.

## AN OFFICE FOUND

Wellsville Public Service Board Selects a Meeting Place—Notice to Railroad.

The Wellsville board of public service held a meeting this morning. The clerk was authorized to notify the railroad to repair all streets and crossings over which the belt line crosses. A petition for a water line in Clover alley between Ninth and Tenth streets was received and placed on file.

It was decided that the office of the board should be located in the western side of the council chamber. Stewart voted no.

The bond of Harry Veigler, as city plumber, was approved. Superintendent Ewing was authorized to get bids for the removal of the city plumbing shop to the basement of the city building.

This is the closing sentence of a thankful and grateful letter of testimony written by Mrs. P. Hoffman, of Kylertown, Pa. A complication of liver trouble, kidney disease and stomach neuralgia resisted the best treatment of an able and experienced family physician. When all seemed dark and gloomy, a kind Providence directed an anxious husband to have his wife make use of the medicine that saves even at the eleventh hour. Paine's Celery Compound gloriously triumphed; it removed waste and poisonous matters from the blood, toned every

ing. The board will meet again next Tuesday.

Continued from First Page.

city of East Liverpool must have the approval of the superintendent of the city water works.

All elevators and dump closets shall be provided with meters by the owners thereof, and the connections of elevators and dump closets shall be made by the superintendent of the city water works at the actual cost for labor and material.

The water pipes in all buildings erected on and after August 1, 1903, except building used for manufacturing purposes, where steam, gas, electric or other motor power is required, shall be lead and subject to the approval of the superintendent of the city water works.

In all buildings erected on and after August 1, 1903, the water pipes shall be so arranged that there shall be a separate shut off for water closets and bath tubs, that either a water closet or a bath tub may be shut off without interfering with the other water supply of the building.

Rents for all purposes not herein before specified shall be fixed by estimate of meter measurement at the option of the board of public service, provided that no service pipe shall be assessed a sum less than \$6 per annum, however small the quantity of water required.

## WOMAN ATTACKED BY A COPPERHEAD

Mrs. William Allison Victorious in a Battle With a Snake.

Mrs. William Allison, residing on a farm about two miles back of Chester, was attacked by a copperhead snake yesterday afternoon. Mrs. Allison had gone to the garden to weed the asparagus beds and did not notice the snake until it viciously jumped for her. At the first jump of the reptile it struck in the folds of Mrs. Allison's dress, but did not succeed in biting her.

After two more ineffectual efforts on the part of the reptile, Mrs. Allison succeeded in dispatching it with the hoe she was using. Mrs. Allison was thoroughly frightened after her experience.

## VAUDEVILLE SHOW

At Rock Springs Park Theater Greeted By a Most Appreciative Audience Last Evening.

The vaudeville performance at the theater in Rock Springs park last evening was enjoyed by several hundred of East Liverpool's amusement loving people. Every one was highly pleased with the company and pronounced it one of the best that ever appeared on a local stage. Manager Strauss has found that the people are partial to first-class vaudeville artists and will endeavor to provide the best on the road throughout the season.

Pete Baker, the famous monologist, made a decided hit with the audience, and the entire troupe received hearty applause. They will be the attraction every day of the week and will doubtless be greeted with an immense crowd at each performance.

## WORK TO BE HASTENED

Contractor Freshwater Prepared to Push His Paving Contracts in Chester.

Contractor Freshwater has commenced the grading and setting of curbs on Second street and on Virginia avenue and will hurry the work on in good shape. The material is coming in faster now than it can be used. Mr. Freshwater has complained to the street commissioner of being delayed in his work on account of the large quantities of brick belonging to Contractor Coates and the street railway company not being removed and which retards his progress.

All are anxious that the paving be finished as soon as possible.

## County Examination.

The examination of teachers for the coming term of school in Hancock county will be held at New Cumberland on June 18 and 19. This will be the first examination of teachers to come under the supervision of the state school superintendents. Until this year all the examinations had been under the control of the county superintendent, but now the list of questions required in the examination are uniform throughout the state. County Superintendent George A. Allison will examine Hancock county candidates.

## The Rectory Nearing Completion.

The ladies of the Sacred Heart church are already making arrangements for the coming housewarming and social which will be held on the completion of the rectory. It is thought the building will be finished about the middle of July. The rector, Rev. Father Toner, will present a prize of an enlarged picture of himself to the one disposing of the largest number of tickets. The money received will be used for the purpose of defraying necessary expenses about the rectory.

Good, healthy flesh can only be gained by the use of proper food, together with natural action of the digestive organs. Nine people out of ten, in order to weigh as much as they ought and be perfectly healthy, should use Mi-o-na, the great flesh-forming food and digestive regulator. Weigh yourself before commencing to use these little tablets and see how your weight increases from week to week.

Mi-o-na does not contain a particle of pepsin, the basis of the ordinary dyspepsia remedy, and which never made a cure of dyspepsia. Mi-o-na has valuable flesh-forming properties, tones up and strengthens the digestive organs, helps digest the food eaten, and absolutely and permanently cures the worst forms of dyspepsia.

# REALM OF SPORTS

## SERIES OF GAMES OPENS TOMORROW

Wellsville and East Liverpool V. M. C. A. Then to Meet for the First Time.

The great day of the baseball season in Wellsville will be tomorrow. The Y. M. C. A. of East Liverpool and the local team will meet for the first time. Four of the best games ever seen in this city or East Liverpool are expected. The Wellsville lineup has been somewhat changed and the team is confident that it will put up the best game of the season.

Wednesday and Friday the games will be at Central park, Wellsville, and on Thursday and Saturday in East Liverpool.

The management of the Wellsville team is becoming somewhat disgusted at the way the people are patronizing the game. Considerable money has been in this affair and the sport should receive the support of the people.

### The Batting Records.

Latest records of the National league show that there was a heavy shrinkage of percentage among the leaders of the previous week. Two Chicago batsmen, Casey and Tinker, now lead the procession. Hans Wagner ranks third, Steinfeldt fourth and Clark fifth. Bresnahan, Mertes and Warner, all of the New Yorks, and all of whom were up top last week, trail next in order. Twenty-six men are batting .300 or better. Of these, Chicago has 4, Pittsburgh 6, Cincinnati 2, New York 6, Philadelphia 2, Brooklyn 4, and St. Louis only 1—"Hummer" Smoot.

### SPORTING MISCELLANY.

The attention of automobilists is now turned toward Ireland, where on July 2 the long distance race for the Bennett cup will be run.

There is a chance that Brooklyn will not get Hugh Jennings. Sacramento has made him an offer, and he may decide to play on the coast.

Ban Johnson, who posed as a friend of the players a few months ago, was the first to propose a base ball trust, which, if formed, would mean the reduction of salaries.

The Boston club is trying to secure two eastern club pitchers. Manager Buckenberger has come to the conclusion that he is not too well fortified in the pitching department.

John T. Brush, president of the New York National league club, does not take much stock in the proposal to consolidate the National and American leagues in a 12-team league.

Reports from the Philippines tell of the popularity that base ball has acquired there. In Manila especially has the rooters' fever struck in hard and the games are largely attended. A six-club league has been established.

## ELIOT OF HARVARD.

WHY HE IS A PROMINENT FIGURE IN OUR NATIONAL LIFE.

Fearless For the Right, He Never Shirks What He Considers His Duty—Said to Be the One Man Envied by President Roosevelt.

President Charles William Eliot of Harvard university, who is said to be the only man envied by President Roosevelt, is undoubtedly one of the most fearless individuals in American public life today. Mr. Roosevelt, report has it, aspires to become head of Harvard when the time comes for him to leave the White House, and as President Eliot is now past seventy the gratification of the ambition of the present chief executive of the United States may some day be realized.

Like Mr. Roosevelt, President Eliot is a man of unflinching candor. He has the courage of his convictions and never hesitates to express an opinion because it may be unpopular. It is his attitude of fearless criticism of national and local evils that has made him one of the country's most prominent men.

Even before his election to the highest office in the gift of the overseers of Harvard college the quality of indomitable courage made itself felt by those with whom he came in contact.

In 1858, five years after his graduation from Harvard, while he was acting as tutor in the college, he was chosen to row at No. 3 in the first six oared shell, that afterward rendered the college famous in the rowing world of the day. While still a member of the crew the question came up as to whether the oarsmen should be permitted to row on the river on Sundays. When Eliot was approached he characteristically remarked, "I myself will be unable to go, but as a member of the faculty I will give you the assurance that you will not be interfered with."

From the moment of his election as the head of Harvard the dominant characteristic of fearlessness so evident in the man has never weakened or been found lacking. When he was elected in 1869 he was professor of analytical chemistry at the Massachusetts Institute of Technology. Previously he had been for nine years an instructor in mathematics and chemistry at Harvard and had spent two years in Europe investigating educational methods.

PRESIDENT CHARLES W. ELIOT OF HARVARD.

There were many objections raised to the election of the young scientist, then but thirty-five years old, as the head of the college.

Dr. Oliver Wendell Holmes, then on the faculty of the medical school, wrote in a letter to Motley, the historian, regarding the new president: "Our new president has turned the whole university over like a flapjack. There never was such a bouleversement as that in our medical faculty. . . . It is so curious to see a young man like Eliot, with an organizing brain, a firm will, a grave, calm, dignified presence, taking the ribbons of our classic coach and six, feeling the horses' mouths, putting a check on this one's capers and touching that one with the lash, turning up everywhere, in every faculty (I belong to three), on every public occasion, and taking it all as naturally as if he had been born president."

That President Eliot's force of character is fully appreciated in his native state is illustrated by the following story: When Governor Crane was chief executive of Massachusetts he was approached by a delegation of business men who asked that President Eliot be appointed one of a commission to report on the proposed construction of a dam across the Charles river. The governor demurred.

"Would you mind stating your objection to President Eliot?" asked the spokesman.

"Well," replied the governor, "the law says that the commission shall consist of three men. If I appointed President Eliot there would only be one."

Dr. Eliot is tall, erect and of courtly dignity. Years have not robbed him of the noble bearing of his earlier years. Outdoor exercise has given him in his old age the figure and carriage of youth. He is still a poor man after thirty-four years as head of Harvard. He receives a salary of \$9,000 and the use of a house and stable. Yet he holds a position which even the president of the United States aspires to and which many millionaires would prize above wealth. It is the reward which comes to virtue, patriotism and courage.

Wearisome Topics.

Rodrick—Did you enjoy Mrs. Ticker's reception?

Van Albert—No, indeed. The men talked shop and the women shopping.—Chicago News.

Young women may avoid much sickness and pain, says Miss Alma Pratt, if they will only have faith in Lydia E. Pinkham's Vegetable Compound.

"I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months."

"I recommend it to all young women who suffer from female weakness." Miss Alma Pratt, Holly, Mich. —\$5.00. Further if original of above letter proving genuineness cannot be produced.

### FREE MEDICAL ADVICE TO YOUNG WOMEN.

All young girls at this period of life are earnestly invited to write to Mrs. Pinkham for advice; she has guided in a motherly way hundreds of young women; her advice is freely and cheerfully given; her address is Lynn, Mass.

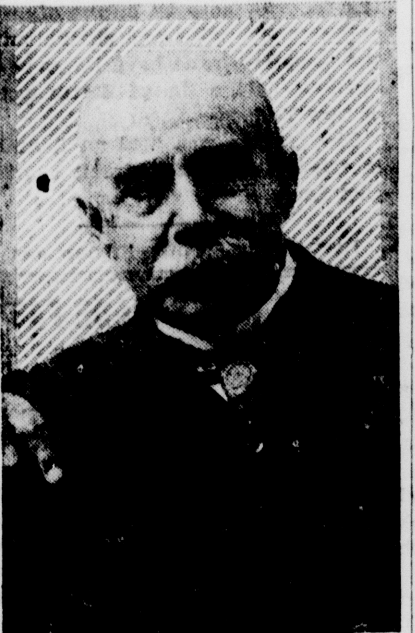

Judging from the letters she is receiving from so many young girls Mrs. Pinkham is inclined to the belief that our girls are pushed altogether too near the limit of their endurance nowadays in our public schools and seminaries; less learning and more health needed.

## DU CHAILLU'S TRIUMPH.

Explorer Waited Many Years to Have His Statements Verified.

Forty odd years ago, when Paul Beloni Du Chailu, the French explorer, returned from his first expedition to Africa and told of his discovery of the pygmies and of huge apes the size of a man, he was generally regarded by scientists as a romancer.

The death the other day of Du Chailu recalls a speech he made a few years ago before the international geographical congress at Greenwich.

LAST PICTURE OF PAUL B. DU CHAILU.

In which he said to that distinguished gathering that he thanked God that he had lived to see the day when the facts he had told about the Obongo dwarfs and the gorillas of west Africa were accepted by the world as unvarnished truth, though for many years his veracity had been questioned.

Du Chailu made his first trip to Africa in 1855-59, exploring the country around the equator. He revisited Africa in 1863-65 and later wrote many books descriptive of the various countries he explored.

## APPEAL TO PRESIDENT

Hebrews of America Lay Their Case Before Chief Executive and Secretary Hay.

## CONDITIONS OF RUSSIAN JEWS

Kishenev Massacre Principal Topic

Discussed—Everything in the Executive Power Will Be Done for Them.

Washington, June 16.—Through their representative association, B'Nai B'Rith, the Jews of America laid their case before President Roosevelt and Secretary Hay, and they are content to abide by whatever the executive decides is best for them. By appointment the executive council of this association called at the state department. They were Leo N. Levi, president of New York; Jacob Furth, vice president and treasurer, of Cleveland; Solomon Sulzberger, honorary secretary, New York; Joseph D. Coons, Wilkesbarre, Pa.; Adolph Moses, Chicago, and Simon Wolf, of Washington. Secretary Hay received the council in the diplomatic room and spent three-quarters of an hour listening to their representations and commenting upon them. Then the secretary escorted his callers to the White House, where they were received by President Roosevelt and again set out their views and listened to what he had to say in reply. The interviews with both the president and the secretary were extremely satisfactory to the council, although it soon became apparent that positive action could not be had upon the subjects nearest to them, namely, the betterment of the conditions of the Jews in Russia.

### Czar Kept in Ignorance.

The massacre at Kishenev was the principal topic of discussion. But the Jews realized, after hearing what the president and secretary had to say, that there was nothing that this government could do at this moment to undo what had been done in Bessarabia. So, too, looking to the future the council besought the president to use his good offices to secure the ear of the czar. They declared that he was being deliberately kept in ignorance by the bureaucrats who surrounded him of the terrible treatment that was being meted out to the Jews in every corner of Russia where they were allowed to abide. They expressed a conviction that if the czar knew of the indignities and atrocities practiced upon the unfortunate Jews who were still his loyal subjects he would certainly take steps to alleviate their condition. They said nothing about the refusal of the Russian government to recognize Jewish passports nor did they ask the aid of the government in the distribution of the funds intended for the relief of the Kishenev sufferers.

The president and Secretary Hay listened with the deepest interest and sympathy to these representations and both replied in terms that showed the depth of their feelings in the matter. It was promised that everything that the executive could properly do without violating the principles of international comity would be done, but neither President Roosevelt nor Secretary Hay were able to make any definite promise beyond this which was accepted as satisfactory.

## SHOULD BE SENT TO PALESTINE

Methodist Preachers of Chicago Suggest Remedy for Persecution of Jews.

Chicago, June 16.—Palestine for persecuted Jews is the remedy suggested by Methodist preachers of Chicago, who adopted resolutions asking President Roosevelt to take up the problem along the lines suggested by a memorial presented to President Harrison in March, 1891. The memorial, which is appended to a resolution passed by the Methodist preachers, was signed by nearly all the leading editors, business men, financiers, lawyers and preachers, including Jews, in Chicago, Boston, New York, Philadelphia, Baltimore and Washington.

The memorial was an urgent plea to all nations to give back to the Jews the holy land after the fashion in which the European powers surrendered Bulgaria to the Bulgarians and Servia to the Serbs.

### Infantry Guard Prisoner.

Pittsfield, Ill., June 16.—Fred Mink, who killed Newton Harris, a wealthy farmer near here, Saturday, and who, Sunday night, walked into his father's dining room while his father, Adam Mink, and his family were at supper, and shot his stepmother dead, defied Sheriff Mainen and his posse to arrest him, and then escaped, was found in a barn near the scene of the last killing. He surrendered to the sheriff and was brought to the jail at Pittsfield, guarded by a company of the Fifth infantry, Illinois national guard, and 50 deputy sheriffs.

### Mill Employees Want Free Trade.

Minneapolis, June 16.—At the opening of the second annual convention of the international union of flour and cereal mill employees President John M. Findley gave utterance to a strong plea for reciprocity with Canada. Resolutions demanding greater free trade with Canada were adopted and will be sent as a memorial to President Roosevelt.

## COMPERS' EFFORT FRUITLESS

Striking Waiters in Chicago Refuse to Arbitrate and Strike Goes Merrily On.

Chicago, June 16.—The joint board of the strikers' unions has refused all overtures for peace and the work of calling strikes will be continued. Moves were made from three directions to influence the strikers to arrange for a settlement by arbitration. The board heard more arbitration talk from President Compers and the conference was void of results. Another effort will be made by President

SAMUEL COMPERS.

Compers Wednesday to bring about a peaceful adjustment of the controversy.

The hotel owners are still willing to arbitrate their differences with the men and declare that that is the only way the trouble can be settled.

By the return to work of many union men and the importation of help from surrounding cities the majority of the hotels where the employees are out succeeded in getting their service back to nearly normal conditions. Several of the restaurant keepers have arranged to open for business with non-union help.

### Brooklyn Postoffice Next.

Washington, June 16.—Orders have gone out to investigate the Brooklyn postoffice with the same thoroughness that has characterized the inquiry in New York. The case of prominent postal officials and their connection with New York politicians is now ready for the grand jury. Fourth Assistant Postmaster General Bristow has received orders to investigate H. H. Rand, Chief Inspector Cockran returned from New York and laid the whole situation there before Mr. Bristow.

### Coal Strike Imminent.

Altoona, Pa., April 16.—Whether a strike of the 10,000 employees of the Webster Coal and Coke company is to be declared will be decided by the officials of the United Mine Workers in the local district. The officials of the company will be asked definitely to declare their position. If the demands of the men are not granted every colliery and coking plant of the Webster company will be tied up tight.

### Workmen Have Narrow Escape.

New York, June 16.—Twenty Italian workmen had a narrow escape when a section of the roof of the rapid transit subway fell in. The men were working 40 feet under the ground, when one of the men noticed that the supporting timbers were sagging. The foreman investigated and then shouted to the men to run. Just as they reached the mouth of the shaft 50 feet of the roof of the tunnel fell.

### Cheap Traveling on Lakes.

Cleveland, June 16.—The Detroit and Cleveland steamboat line has established a rate of 25 cents for one-way fare between Detroit and Cleveland. The rate applies only on the auxiliary steamer City of the Straits. The reduction in fare is due to misunderstanding with the Barry line over differentials.

### Pittsburg Sends Out Some Coal.

Pittsburg, June 16.—The disappointment felt by rivermen because the expected coal stage in the river did not come was somewhat relieved when seven boats got out with light barges. The rise was of considerable use, however, as 1,600,000 bushels were taken out.

### Fell to His Death.

Youngstown, O., June 16.—John Deiter, an electrician, while working on the top of one of the stacks of the Ohio plant of the Carnegie Steel company here, was overcome by gas and fell 15 feet, sustaining wounds from which he died.

## FIVE HUNDRED KILLED

By Cloudburst and Town of Heppner Almost Obliterated.

### TWO HUNDRED BODIES RECOVERED

Wall of Water Twenty Feet High  
Rushes Down on Doomed Town.  
Lives Dashed Out on Rocky Bluffs.  
Bridges Swept Away Like Straws.

Portland, Ore., June 16.—Five hundred people lost their lives in a cloudburst that almost entirely destroyed the town of Heppner, Ore., Sunday night. Heppner is the county seat of Morris county, and had about 1,250 inhabitants.

All the telegraph and telephone wires are down and no accurate information can be obtained, but the estimate of loss of life is based on the most reliable reports. A report from one, 17 miles from Heppner, is to the effect that 300 bodies have been recovered. A messenger who arrived at one said that a wall of water 20 feet high rushed down into the gulch in which Heppner is situated, carrying everything before it.

The flood came with such a suddenness that the inhabitants were unable to seek places of safety and were carried down to death by the awful rush of water.

Almost the entire residence portion of the town was destroyed, but some of the business part, which is on higher ground, escaped.

Huge boulders weighing a ton were carried down by the current and many people were killed by being dashed against the rocky bluff.

Early in the afternoon a thunderstorm occurred covering a wide region of the country and later a heavy rainstorm set in, many of the small streams overflowing their banks in a short time. Bridges were swept away like straws.

As soon as possible after the flood had subsided the work of relief was commenced by the citizens of the town. Dozens of bodies were found lodged along the bends of Willow creek and in several places they were piled over one another. Two hundred bodies have been recovered almost within the city limits.

The buildings which were not carried away were moved from their foundations or toppled over.

Hundreds of horses, cattle, sheep and hogs that had gone into the creek bottoms for water perished.

As soon as possible news was sent by courier to the nearby towns. The Oregon Railway and Navigation company started a relief train with physicians and supplies from the Dalles shortly after noon. Another relief train started for the scene from this city. The citizens of Portland started a relief fund as soon as the news of the disaster spread over the city and within a few hours \$5,000 was raised.

Supplies will be rushed to Heppner as soon as they can be assembled.

Fifteen buildings in the town of Lexington, nine miles below Heppner, on Willow creek, were washed away, but with no loss of life, the inhabitants having time to save themselves from the surging torrent.

### PRINCIPAL YACHTS DO NOT RACE

Schooner Yacht Estelle Capsized, but All Hands Taken Off Safely.

New York, June 16.—Apprehension of wetting their sails and spoiling the set of them kept Reliance, Columbia and Constitution at their moorings while other yachts sailed a race for the Glen Cove cups of the New York Yacht club in Long Island sound. A fresh north by east wind that raked up the white caps and a little tumble of sea afforded a splendid opportunity to try out the Reliance under fine racing conditions.

C. Oliver Iselin, managing owner of the Reliance, said in way of examination that the owners had agreed that it would be better not to race and that as the Reliance's sails had not been wetted this season he did not want to wet them.

While the others were racing the schooner yacht Estelle, owned by L. J. Callinan, in which the owner with a party of friends was following the races, was struck by a squall off Oyster Bay and capsized. She lay in the water on her beam ends and all hands were taken off safely by steam yachts and landed at Larchmont. The racers weathered the squall without disaster.

Four sloops and two schooners sailed over a triangle of 15 miles, Eelin and Ariel being the winners.

### PRINTING PRESSMEN CONVENE.

President Higgins Delivers Annual Address—Growth of Order During Year.

Cincinnati, June 16.—There was a full attendance of the 300 delegates at the opening of the fifteenth annual convention of the International Printing Pressmen and Assistants' union.

In his annual address President Higgins spoke of the rapid growth of the organization during the last year. The two most important strikes, he said, were at New York, to enforce a \$14 scale, and at Boston, because a firm refused to install a pressman foreman. Arbitration of a difficulty at St. Louis last March resulted in a substantial increase in wages. An agreement between the United Typothetac of America and the pressmen's union has been endorsed, to substitute arbitration for strikes and lockouts.

The assistants and feeders voted down a proposition to form a separate international union. President Higgins urged more thorough organization, recommending assessment of \$2 on each member for this purpose. This, he said, would result in tremendous growth and would pave the way for an eight-hour day.

The Chicago delegation objected to the seating of the delegates from Hammond, Ind., charging the latter with allowing the W. B. Conkey company to enforce its own shop practices and pay less than the union scale, while it is in competition with Chicago houses in printing catalogues and other commercial work.

Tents Arrive for Flood Sufferers.

Topeka, Kan., June 16.—Four hundred tents arrived from Fort Riley for the Topeka flood sufferers. Their use was made necessary by the miserable sanitary condition of North Topeka and was the only means of preventing an epidemic of sickness. The tent city will be located on a high spot of ground near the west end of the town, where the sanitary conditions are of the best. More relief is being received for the flood sufferers as a result of the appeal sent out by Governor Bailey Saturday. Conditions here are bad and the estimates of the total loss grow larger every day.

Miners Escape Fearful Death.

New Castle, Pa., June 16.—The 75 miners working in the shaft of the Thompson Run mine, five miles south of Ellwood, faced death when a huge oil can located 100 yards within the entrance of the main shaft exploded and took fire. The entrance was blocked by a wall of fire, but the entombed miners escaped through a second opening a mile distant. All reached the surface safely. Even the mules were taken out unharmed. The mine will be able to resume soon. The cause of the explosion is not known.

Bishop Opposed to Dancing.

Louisville, June 16.—Bishop McCloskey, of the Catholic diocese of Louisville, has issued an order against dancing and the use of intoxicants at picnics. The letter refers to the "shockingly indecent form of the modern dance," and commands observance of the instructions of the third plenary council of Baltimore. As a result of the ruling the picnic of the Catholic Knights of America, set for June 20, has been called off.

### NEW DYNASTY SET UP

Prince Peter Karageorgewitch Elected King by Senate and Skuptschina.

EVENT CAUSES NO EXCITEMENT

Ceremony Conducted in Salle des Fetes—New King Telegraphs Royal Acknowledgments—Immunity Granted All Engaged in Coup d'Etat.

Belgrade, June 16.—With scarcely the excitement which marks the ordinary fete day in the capital, Serbia instituted a new dynasty. Within less than two hours from the time of meeting in the wing of the royal palace, where King Alexander and his queen were shot down, the senate and skuptschina in joint session had legally and with due formality elected Prince Peter Karageorgewitch king of Serbia and had notified him by telegraph of the fact.

The senate and skuptschina after assembling listened to a proclamation signed by all the ministers, which was read by President Velimirovitch. The members then proceeded to church, returning a little later to the palace. The ceremony of electing the king was conducted in the Salle des Fetes, which had been specially arranged for the occasion. The metropolitan of Belgrade and the bishops of Nish, in their full robes of office, lent the sanction of their presence. The members of the provisional government and the presidents of the chamber and senate sat at the head of the white and gold decorated hall, among them Colonel Alexander Maschin, Queen Draga's cousin, while below them were grouped the members of the senate and the skuptschina.

A few privileged spectators occupied the remainder of the hall, among them the secretaries of the various legations, though none of the ministers were present. The audience, however, included a number of ladies, the wives and relatives of state officials.

A telegram to the government arrived from the new king. It ran:

Young Woman Assaulted and May Die.

Wilmington, Del., June 16.—Helen S. Bishop, aged 17 years, daughter of Rev. E. A. Bishop, superintendent of the Ferris industrial school, about four miles from here, was attacked and feloniously assaulted and left unconscious on the road. Her throat was cut with a knife and she was horribly bruised. The girl is still in a critical condition.

New York, June 16.—Mrs. Marion Juliana Harrison Wellman, of Brooklyn, daughter of William Henry Harrison, cousin of the late President Harrison, is dead, aged 77 years.

Max Riebenack, Jr.

Philadelphia, June 16.—Max Riebenack, Jr., son of the assistant controller of the Pennsylvania Railroad company, is dead at his father's home in this city. He was 39 years of age and held the position of second chief accountant of the controller's office of the Pennsylvania railroad.

Captain James R. Sinclair.

Chicago, June 16.—Captain James R. Sinclair, Chicago manager of the Great Lakes Towing company, is dead of paralysis. As an operating tugman Captain Sinclair was considered the best on the entire chain of lakes. Captain Sinclair was born at Kingston, Ont., 49 years ago.

Edwin G. Ferguson.

Pittsburgh, June 16.—Edwin G. Ferguson is dead at his home on Murray Hill avenue. He was a member of the law firm of J. S. & E. G. Ferguson, they being father and son, and two of the most successful attorneys practicing at the Allegheny county bar. E. G. Ferguson was born Aug. 15, 1864, in Allegheny.

## HOME AFFAIRS

**No Arrests Made**—The curfew bell rang at 10 o'clock last night and the street was quickly cleared of youngsters. No arrests.

**Her Condition Critical**—Mrs. J. W. Glinper received word this morning of the serious illness of Mrs. M. B. Johnson, missionary from the First Presbyterian church, of this city, at Ingleside seminary, Virginia. Mrs. Johnson was taken suddenly ill a few weeks ago and an endeavor was made last week to remove her to this city, but upon her arrival at Pittsburgh she was so weakened that she could not complete the journey and she was taken to the Presbyterian hospital in Allegheny, where she is now. She is not expected to survive and her numerous friends in the city are deeply concerned over her condition.

## SEARCH WAS FRUITLESS

The body of Ernest Chapman, drowned Saturday, are not yet recovered.

James Moat, of Chaffinville, East End, returned this morning from Empire and Freeman, where he was one of the party searching for the body of Ernest Chapman, drowned near there Saturday night. The search was a fruitless one, although the water was dragged for a considerable distance.

It is thought that the body has been carried down the river as there has been a rise of several feet since the drowning.

## CROWDS ON HAND EARLY FOR CENTENNIAL SIGHTS

(Continued From Fifth Page.)

A pewter teapot 135 years old, owned by Herman Smiley, and a pewter plate 250 years old, owned by Jerry Cole. A small trunk made in 1769 and lined with a paper printed in July, 1787, is the property of John King living west of Lisbon. Senator Connell has on exhibition another small trunk called an "old hair" trunk which was brought from England in 1687 by George and James Chamber.

Among some other interesting relics in a miscellaneous exhibit are several powder horns used in the war of 1812, a canteen used in that war by a Lisbon soldier, Morris E. Morris, and a small box 149 years old. Rev. J. C. Anderson, of the Presbyterian church, has on exhibition some curios secured by him on his trip to the Holy Land a year ago. They include a chand of a mummy and a "tear" bottle from an ancient tomb near Fidon, Syria. An original portrait of Clement Vallandigham, owned by Miss Mary Myers, is an interesting feature.

One of the most noteworthy relics in the exhibit is a quilt nearly 400 years old. It is the property of the McClellan family living west of Lisbon and an accompanying authentic record shows that it came from Ireland and has been handed down to the eldest daughter of each generation. On the white background of the quilt are worked in pink a number of scenes apparently illustrative of some festive occasion. Mrs. John Pittman, of Lisbon, has on exhibition a Holland shawl 150 years old. There are also copies of land grants containing original autograph signatures of Presidents James Madison, James Monroe, Andrew Jackson and Franklin Pierce.

A violin, serviceable and in good condition, made in Italy in 1516, is the property of Addo Fite, of Lisbon, and is on exhibition. Ole Bull, the celebrated Swede violinist, is said to have been once the owner of it. Another violin, made in Palermo, Italy, in 1633, is on exhibition and is the property of J. J. Burnip, of Lisbon. A quaint old volume printed in 1668 and on exhibition is entitled "An Essay Toward a Real Character and a Philosophical Language." It is the property of Frank Spence, of Lisbon.

Included in the private collection of Messrs. Benner, Smiley and Kemble are interesting exhibits of Indian relics, rare old books, money, coins, scrip and military equipment. Among the Indian relics is a war club or battle ax of a mineral called limonite, a rare and valuable relic. Other relics are "Euclid's Elements of Geometry," the oldest book on exhibition, printed in London in 1661; a treatise on surveying printed in Philadelphia in 1796 was owned by William Herald, the first surveyor of Columbiana county, who was appointed by the government and served 25 years; the bones of the mastodon, which were dug up a few

## PERSHING OF MINDANAO.

How an Army Officer Won the Friendship of the Moros.

With the suppression of the recent uprising of the Moros, under the sultan of Amparagan in the Tarana country, Captain John J. Pershing, U. S. A., who since last October has been Uncle Sam's representative in the Lake Lanao district, island of Mindanao, has again demonstrated his skill as a soldier as well as peace-maker.

Since his first defeat of the Moros last fall Captain Pershing has worked to gain the confidence of the natives of Mindanao and with the most pronounced success. Some months ago he

CAPTAIN JOHN J. PERSHING.

was appointed datto of Iligan by the sultan of Mindanao upon the request of the latter's own subjects.

Iligan is the chief town of the Lake Lanao district, and as datto Captain Pershing dispenses justice to the Moros. In power he is supposed to be second to the sultan and subject to his command—that is, so far as it does not conflict with his duty to the stars and stripes. Captain Pershing has virtually been the civil as well as the military ruler of the district, and the chiefs, who hold him in the highest esteem, have consulted him daily. Almost every conceivable kind of business, private as well as public, has been taken to him for adjustment.

Last fall when General Davis, commanding the department of Mindanao and Jolo, sent Captain Pershing to Iligan he selected one of the most efficient officers in the service. Captain Pershing has taught the Moros that they had a different kind of people from the Spaniards to deal with. He has fought them to a finish when fighting was necessary and by fair and upright treatment has won the friendship of all but a few. Now his influence is so strong that he makes periodical expeditions about the district with a mere handful of men. At one of the recent outbreaks in Mindanao he held the north lake Moros out of the trouble solely by his influence.

Captain Pershing is a Chicago man with an exceptionally brilliant army record. He is a West Pointer of the class of 1886 and served through the Geronimo campaigns with distinction.

Appearance of a Man Attracted a Crowd.

A great deal of attention was attracted to a distinguished looking stranger here today. He was garbed in a swell Prince Albert suit of black broadcloth, the buttons of which were ten and twenty dollar gold pieces. He was smooth faced and walked with an air of a prince of blood.

He advertises Dr. Cooper's celebrated medicine, manufactured at Dayton, Ohio.

## CROWDS ON HAND EARLY FOR CENTENNIAL SIGHTS

Lisbon Has Many Curious and Interesting Objects Ready For Visitors' Inspection.

### A GLIMPSE INTO THE CURIOSITY HALL

Lisbon, June 16.—(Special)—Everything is now in readiness for the opening tonight of the centennial celebration of the settlement of Lisbon and of the organization of Columbiana county. Few communities in the county have so much in their local annals that is closely associated with the history of the country. The names of McKinley, Hanna and Valandigham alone are sufficient to give prominence to the little city.

The celebration which will open tonight will be a memorable event in the history of the county, participated in, as it will be, by the whole county. Tonight's function will consist of a grand concert to be given in the opera house. George H. Huston, the treasurer of the centennial board, will direct a chorus of 70 voices which will be accompanied by the Grand Army band, of Canton, under the direction of Emil Reinkendorff. The Grand Army band arrived in the city at noon today and rehearsed with the chorus this afternoon.

The business part of town has been elaborately decorated with flags, banners and bunting, and with a large double arch, carnival and other attractions on the square, presents a holiday appearance. The massive court house and other buildings, together with the beautiful, paved streets, fine lawns and modern conveniences would present a great contrast to the view of the settlers of 100 years ago who built the log court house and clustered their huts about it, could they now come upon the scene. The limited conveniences enjoyed by these early settlers and their mode of life are recalled by the exhibits at curio hall in the Huston block on the south side of the public square, this exhibit including an assortment of the old colonists' tallow dip lamps with which these pioneers lighted their cabins, pewter plates and spoons and spoon bowls which, with many other curious utensils, recall the hardships of the settlers of a century ago.

Curio hall will be a place of rare interest to centennial visitors. The committee in charge of this feature of the celebration has taken great interest in the work, and has succeeded in securing a collection of relics and curios which will not be duplicated in the county for another hundred years. Much of the exhibit is contained in glass cases arranged about the sides and through the center of the room. The fine private collection of F. M. Benner, Herman Smiley and W. F. Temple, members of the committee, constitute a large part of the exhibit.

Among the relics is a pewter plate 145 years old, owned by W. G. Esholtz; Continued on Eighth Page

## MORE PAY GRANTED TO MANY TEACHERS

Board of Education Elects Pedagogues For the Ensuing Year.

### BUT ONE PLACE VACANT

After an interim lasting a week longer than is customary owing to the absence from the city of several of the members, the board of education got together last evening and elected teachers for the several schools. Supt. Rayman and a committee of the board, after careful consideration of the merits of each applicant, had prepared a list and it went through with perfect harmony. But one position remains to be filled. It is that of the teacher of science. Several applications have been made for the place and it will likely be filled at the next regular meeting of the board.

According to a rule observed by the board for several years an increase in the salaries of practically every teacher was granted. The exact amounts to be paid each teacher could not be obtained from the board this morning, but Clerk V. B. Hill stated that all of the teachers outside of the high school that taught last year received a raise of \$2.50 per month. Those of the high school were raised several dollars. Miss Updegraff being increased from \$1,200 to \$1,350. Increases are granted on length of service and the merit of each individual. The result of the election was as follows:

High School.

## GOOSE PASTURING GAME WAS TRIED BY BOYS

Colored Man the Victim—Chief Wyman Will Stop the Practice.

A respectable, well dressed colored man arrived in the city last evening, and he had been on the street but a few minutes when a gang of boys concluded to goose-pasture him. They did so and completed their job in great style. The stranger was enticed down to the river bank and the usual trick was played to get him on a run. He ran until he felt to the ground for want of breath, and when a passerby approached him he asked for police protection.

Chief Wyman was notified and after finding the man escorted him to a boarding house. The chief is on the lookout for the boys that carried out the trick and if he succeeds in landing them, they will be arrested and fined heavily. It is the intention of the chief to break up the practice.

## ACTION ON BONDS IS LOOKED FOR

Special Meeting of Council Friday Evening to Consider the Matter.

### CITY EMPLOYEES UNPAID

There will be a special meeting of council on Friday evening. President Horwell stated this morning that the body would be summoned together for the purpose of passing an ordinance providing for the issuance of bonds to cover the present indebtedness of the city.

The resolution passed by council at its last meeting declaring it necessary to issue the bonds becomes effective tomorrow, and the special meeting would be called for tomorrow evening but for the absence of an official. It is the desire of council to get the money into the treasury as soon as possible, and the members are all in favor of the call.

Owing to the deficiency in the several funds of the city the officials and all employees of the city are being made to suffer. There is no money in the treasury for them and they simply must wait until it is placed there. Some of them are borrowing money to run day rolls around, and having to pay interest for the amounts borrowed they feel that they are not receiving what is rightfully due them. The conditions, however, cannot be credited to the fault of any officials now in service, the shortage in the funds being made under past regimes.

According to the provisions of the code the bonds will not be sold until about the third week of July, it being necessary to advertise them for sale for 30 days. It was thought by some that they could not be advertised until after the ordinance providing for them had been placed into effect, which requires 30 days, but City Auditor Davidson states that it is perfectly legal to ask for bids just as soon as the ordinance is passed.

If this is done and the ordinance is passed on Friday the bonds will be sold on or about July 19, and there will be plenty of money in the treasury. One day of this week the city treasurer will receive quite a snug sum from the county treasurer, and it is assumed that the officials will not be compelled to wait very long for their salaries.

## TRICK OF CRUEL JOKERS CAUSED MONTHS OF AGONY

Harry McFarland, the piano and calliope player, who was so terribly burned in a saloon on Second street about two months ago, while he was lying at the rear of the place fast asleep, is getting worse every day and he has not only given up all hopes of ever gaining control of the leg that was so badly mutilated, but is fretting now in anticipation of losing his life. The complete story of the barbarous act was exclusively detailed in the News Review on the day following the occurrence. It will be remembered that some one poured a bottle of gin on McFarland's trousers and then placed a lighted match to it. Before he awoke the flames had him enveloped and before he could extricate himself from the trousers, his leg was burned through to the bone. Since that time he has been laid up,

## RULES PREPARED FOR WATER'S USE

Stringent Regulations Regarding Water Consumption and the Rates.

### METERS MUST BE USED

By Several Classes of Consumers. Bradshaw Avenue Sewer Contract Awarded By the Board of Public Service Last Evening.

Two members of the board of public service, W. L. Smith and Jacob Shenkel, met last evening with an extraordinary amount of business confronting them, but owing to the absence of resident Taylor they deferred the bulk of it until next Friday evening, only taking up that which did not require the advisement of the entire board.

The bids for the sewer to be laid on Bradshaw avenue opened by the city engineer and the city auditor last Saturday, reported exclusively in the News Review, were carefully read and the contract was awarded to the lowest bidder, J. C. Cunningham, who placed the figure at \$6.95 per foot. Mr. Cunningham is to use Portland cement and will commence the work when notified by the auditor that there is sufficient money in the treasury to pay for it.

Harrison Rinehart's bill for paving on Fifth street was disposed of by a motion of Mr. Smith that it be referred back to council, two members of that body understanding every particular in the case.

At the next regular meeting the board will hold one of the most important sessions since its organization. The electric lighting company's bill, which has been pending for some time, will be brought up and a number of the rules that are to govern the actions of the board will be adopted.

The rules pertaining to the keeping of the streets were published on Saturday by the News Review. The following, compiled by Solicitor Davidson and Clerk Gipner to govern the manner of use and the rates for water service in the city, will be adopted and together with the street rules will be submitted to council at its next regular meeting for passage:

Service pipes between the ferrule and the stop-cock shall be laid not less than four and one-half feet below the grade of the street. The material used for such service pipe shall in each and every case be subject to the inspection of the superintendent, and if found defective or below the standard established by the board of public service, or not in conformity with the depth as above stated, its use will not be permitted and no tap will be made.

All service pipes for supplying hydraulic elevators or other motors must have suitable air chambers thereto for the purpose of preventing water ram in the pipes; and the owners or users of such elevator or motor must keep the same in good repair, so as to prevent all leakage and waste of water. They shall also, at their own expense, place in their service pipe a water meter, such as shall be approved by the superintendent of the water works.

Screw attachments on yard hydrants or bib cocks wherever located upon any property shall subject the property to the same assessment as for a hose or street washer. All fountains, gas engines and soak boxes for cooper shops must be provided with meters, and all meters and valves used in the

## THE COUNTY JAIL WORSE THAN OURS

Monroe County Has the Distinction of Eclipsing Columbiana in One Way.

### ANOTHER INSPECTION DUE

From a Staff Correspondent.

Columbus, June 16.—Perhaps the people of Columbiana county may be interested in knowing that their county jail, while being one of the worst in the state, is not the worst. Secretary H. H. Shirer, of the board of state charities, who has just returned from a tour of inspection of county institutions, in the southern part of the state, found many of the jails visited to be in a most deplorable condition and infinitely worse off than Columbiana's jail.

The Monroe county jail at Woodfield was found to be in an unusually wretched condition and from a hygienic standpoint is probably the worst institution of the kind in the state. It is also used as a lockup for the town. It is a small affair and is unprovided with any sanitary system whatsoever. The prisoners wash in a bucket. There is a bad odor about the place as there was about the prisoners when Mr. Shirer called. Baths seemed to be unknown at the institution. The building is also in a bad state of repair. Secretary Shirer will recommend to the county commissioners that the jail be remodeled and put in a sanitary condition.

The secretary will try to pay Columbiana county a visit soon. If he does he will probably criticize the county jail, as his predecessors did. For many years the institution has been anathematized and condemned as a place fit for occupancy by grand juries, boards of county visitors and the board of state charities but in spite of all this objection and complaint the county commissioners have never manifested a willingness to replace the dilapidated structure with a more substantial and commodious one. In the last report of the Columbiana county board of visitors filed with the board of state charities the jail was denounced as a place unfit for the habitation of either man or beast.

The program for the state bar meeting to be held at Hotel Victory, Put-In-Bay, July 7, 8, 9 and 10, is out. President John W. Warrington, of Cincinnati, will deliver the annual address. The most important number will be an address by John S. Wise, of Virginia, his subject being "The Constitutional View of the Race Question." The program contains the names of some able speakers. Consideration will be given the proposition to give the governor veto power and what interpretation should be given the sections of the constitution providing that all laws should have a uniform operation throughout the state and that the general assembly shall pass no special act conferring corporate powers. The double stock liability clause will also be discussed. It will be recommended to the association that the term of office of the judges of the supreme court be lengthened.

### Working As Mail Clerk.

Lisbon, June 16.—(Special)—Arthur Clark, son of Attorney J. W. Clark of Lisbon, having passed the mail clerk civil service examination, has been given a temporary run between Lisbon and Cleveland.

## AN OPTION IS SECURED! ON ODD FELLOWS BUILDING AND A BANK MAY BE BUILT

The Price For the Property Is \$25,000 and It Is Likely the Deal Will Soon Be Closed.

The Odd Fellows' building at the corner of Fifth and Washington streets, considered one of the most valuable properties in the business section of the city, has been optioned to George H. Owen & Co. The option is for 90 days, and while the purchase price has not been made known it will not be under \$25,000. A short time ago an offer of \$23,000 was refused.

George H. Owen, when seen by a News Review reporter this afternoon, admitted that the option had been taken, but refused to discuss the deal. It could not be learned whether he was acting as an agent or making the purchase as an individual investment. There is but little if any doubt but what the option will be closed before its expiration and that the property will pass into other hands.

A report, with a good foundation, was in circulation this afternoon that the present structure would be removed by the intended purchaser and that a modern banking building would be erected. Possession cannot be taken at once, however, as the Potters Building & Savings company has a lease on the corner room which has a year or more of life.

The Odd Fellows' corner is considered one of the best locations in the city for a banking or building and loan institution, and it is likely that it will continue to be used for this purpose. The Potters Building & Savings company has prospered materially since its transactions.

## TOW BOAT RAN AGAINST THE BAR

THE ENTERPRISE SINKS TWO BARGES AT LINE ISLAND.

Narrow Escape For Several Men And a Loss of \$5,000 Is the Result.

The towboat Enterprise, of the Monongahela Consolidated Coal & Coke company, with a tow of 12 pieces, met with an accident near Line Island this morning which threatened the destruction of her entire tow and endangered the lives of five of the crew. As it was two barges were sunk and several others damaged to some extent, entailing a loss estimated at \$5,000.

The boat left Pittsburgh this morning and reached Line Island about 9 o'clock. In trying to make the channel at the head of the island she was carried against the bar. In spite of hard work on the part of the crew the tow broke into three sections. Five members of the crew were on the sinking barges and they were rescued only a few moments before they went down in about 12 feet of water.

A desperate effort was put forth to land the two sinking barges. The boat was cut loose from the balance of the tow and attached to them, and then began a race to the shore. Both barges sank when some distance from the bank. The abandoned barges, floating with the current, had almost reached the Southside bridge when the Enterprise overtook them.

was removed to the premises from the Foutts building.

The building fronts about 60 feet on Washington and 65 feet on Fifth and includes the law offices of Vodrey & Wallace. The Washington street frontage includes the alley way to the north.

It will be remembered the Potters Building & Savings company recently purchased the Purinton property, in the same block, fronting on Washington and Broadway and now occupied by a candy kitchen and a barber shop, with the intention of erecting a fine business block. The building of this structure will not be delayed beyond next summer, at which time the company may surrender its leasehold on its present quarters.

While it has not been given out officially it can be reasoned that the Odd Fellows will now build on their recent purchase of the Nagle property on Sixth street. This organization is one of the wealthiest in the state and can be expected to erect a structure that the city will be proud of.

Through the Owen agency several big real estate sales in that immediate vicinity have been made. W. L. Thompson bought the property where the Hard furniture establishment now stands for \$23,000; the site for the Potters National bank for \$12,000 and the two buildings south on Fifth street were the most important of these transactions.

## THE EARLY VOTER NEVER GETS LEFT

No Good Reason or Excuse For Holding Back Coupons Until Last Moment.

### HOW THE LIST STANDS

The voting proceeds at a lively rate. Popular interest is growing to such an extent that the list of votes is almost the first thing scanned by many regular readers of the paper. A new series of coupons starts today. Series F will be good until July 1, but all votes should be sent in as fast as possible. By holding back Series E coupons several votes were lost to candidates who would have appreciated them. They arrived at this office one day late, despite the fact that it was distinctly stated on the face of them that they must be voted before June 15. Such carelessness is likely to prove disastrous to a candidate's chances. The early voter never gets left.

The following candidates have received 100 votes or more:

Thomas Neal, Riverside Park...	25,556
J. E. Anderson, Lincoln avenue...	22,365
Thomas Lounds, Fourth street...	22,123
Matthew Curran, Jethro street...	9,877

## ENGLISH TRADE NOTES.

Throughout the Staffordshire district there is a general improvement in the staple industry, not that it means that trade is good, but the change is fully appreciated both by the manufacturers and the operatives alike, says the Staffordshire, England, Sentinel. One remarkable feature of the trade is the demand for those goods which can be metal mounted, such as jugs, teapots, etc. The metal trade has not been so good for some time at this season of the year. Trade with America remains in much the same state as last week, and orders are coming in fairly well.

The best class of fancy goods are selling the best, and it would appear that if the manufacturers would send more travelers out and more often, business would be possible. In a consular report from Galveston, Tex., the following remarks are made: There is a good demand for imported crockery in the south. In all places visited, and especially in New Orleans, there were stores well stocked with articles of French manufacture. Ornaments either manufactured in France or of French design, were seen everywhere, and many of them were high-priced. A certain amount of tableware, generally of a cheaper quality, had British marks.

## WILL HAVE AN OUTING.

Elijah Eardley, bench boss in the bisque end at the Union, will leave tomorrow for Coshocton and from that city will proceed along the Tuscarawas river to select a camping place for a party of local people. Mr. Eardley has camped along this river every summer for the past 11 years and knows just where to find the shadiest nooks and best fishing spots. The location he has in view is about 12 miles from Coshocton and in that same vicinity three parties from this city will be camped. The party for which Mr. Eardley will prepare has been camping every summer, but this year no name has been selected. Those interested have been meeting very evening and the club will be given a permanent name. Those who will make the trip this year are John McBee, George Lomax, William Messer, George Mountford, Alfred Moore, Elmer and Walter Smith, Will Robinson, Basil Rowe, John Jones, William Wallbanks, Will Andrews and James Green. They expect to start about July 2.

## NEW YORK NOTES.

While the total amount of business transacted in the crockery line during the month of May showed a fairly good average, trade conditions during June are expected to gradually fall off in anticipation of the summer dullness. There is a fair amount of business doing yet, the traveling men in various sections of the county sending in orders with considerable regularity and the mail order business not having yet shown any decrease. The demand for hotel china continues quite brisk and will probably last for some time. At Trenton special orders are taking the attention of the potteries to keep them running until the end of July.

Much hope is held out to the manufacturers, however, for an early movement of fall trade, which is expected to more than make up for the dull season. In anticipation of this demand

## WE MUST REPEAT

When Everybody in East Liverpool Tells the Same Story.

It is hard to say new things about Doan's Kidney Pills. They cure the lame and aching back, the sufferer from kidney disorders and the troubles of those whose urinary organism is wrong in its action. That they do this is so easy to prove that not a vestige of doubt remains. Public endorsement of local citizens is easily proven. Read this case:

Mr. H. Thompson, of 306 Fourth street, presser at the D. E. McNiel pottery, resident of East Liverpool for the past 45 years, says: "During my campaign experience between the years '61 and '64 I contracted a weakness of the kidneys, and at intervals I had an aching pain across the small of my back and was subject to attacks of muscular rheumatism, especially in damp weather. I was frequently so bad that I could scarcely get up when down, and in fact could hardly get around at all. I tried many remedies endeavoring to get rid of the trouble, but found nothing until I got Doan's Kidney Pills at the W. & W. Pharmacy. They filled the bill exactly. They gave me almost immediately relief and warded off the last attack."

For sale by all dealers. Price 50 cents. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

Sold by W. & W. Pharmacy.

many of the potteries are beginning to prepare new designs and shapes.

## BRICK PLANT RENOVATED.

John Horwell, one of the stockholders of the East Liverpool Brick works, announces that the plant will be fully repaired and in operation by July 1. Since the wrecking of the plant by the worst landslide in many years several weeks ago a large force of men has been at work clearing away the debris and rebuilding and now the plant presents a new appearance. The engine house has been moved as close to the railroad track as possible and an embankment erected to the rear of it that will prevent another such catastrophe as that which ruined it. The embankment extends down below the kilns, which have also been repaired. The plant is one of the best for its size in this section and is a good money-maker. Its capacity ranges from 20,000 to 25,000 bricks daily.

## KILNDRAWERS OUT.

The kilndrawers at the Vodrey pottery went on a strike yesterday on account of the "emptier" not being a member of their local, No. 17. The man in question has been employed at the plant for the past six months. The firm disclaims any responsibility for the men going out and denied the report yesterday that a non-union crew had been employed to draw the kilns. This matter had been brought to the attention of No. 17 at the meeting Saturday night and a committee was appointed to effect a settlement. It is stated that the men were not to strike until the committee had had a chance to make an investigation. No settlement was effected yesterday and the biscuit warehouse crew was laid off indefinitely.

## OFFICERS NOMINATED.

Nominations for officers have been made by Kilndrawers' local No. 17 and the election will be held next Saturday night. At the last meeting, which was largely attended, one candidate was obligated and two applications were considered. This local has been increasing at a rapid rate and the members hope to see it as strong as the Kilmen's organization in the near future. With this end in view they are striving to secure new members.

## MANAGER FOR SHENANGO.

It is reported that J. W. Amar, formerly a salesman for the East Liverpool Pottery company, has been made manager of the Shenango plant at New Castle, succeeding Charles Mullins. Members of the firm have made several trips to this city after a practical man for superintendent.

## AMONG THE WORKMEN.

Harry Lewis, of the glass end at Brunt's, is reported among the sick.

Fred Heckathorn, Dan Hickman and Harry Hoffmann, kilnmen at the National, were out ground hog hunting yesterday afternoon.

Hugh McCarron, who recently accepted a situation as a turner with the Lisbon plant, spent Sunday here with his family, returning yesterday. The family will join him in Lisbon after the Fourth of July.

Frank Rappold, boss gold stamper at the Laughlin No. 2, left yesterday for New York, from which point he will set sail for Austro-Hungary, his former home. Mr. Rappold will spend the summer there with relatives and expects to return to this city in the fall.

AMPLE REASON  
FOR JOLLIFICATION

A Pittsburg Newspaper Talks of Columbia County's Centennial.

Columbia, one of the border counties of Ohio, is to celebrate the one hundredth anniversary of its existence this week. It is one of the oldest of the Ohio judicial districts, the county being the same age as the state, which was admitted to the union in 1803, the fourth of the new states to join the original colonies. Singularly enough, says an editorial in the Pittsburg Times, Kentucky and Tennessee, both farther west than Ohio, were second and third among the new states, Vermont being the first. But whatever Tennessee and Kentucky may have had to their advantage in the start was soon overcome by the energy and good fortune that came Ohio's way. The gap in the mountains broken by the Ohio river afforded to the pioneer a road to get from east to west that he soon found to his profit, and Ohio commenced to grow from the start. The canals opened a way for local transportation, and gave manufacturing a wonderful impetus, which attracted railroads when they were added to the resources of the country, and Ohio has continued to grow and develop right along.

Columbia county has not lagged behind the rest. Its flourishing towns of East Liverpool and Wellsburg are among the most thrifty in Ohio, East Liverpool being the seat of the pottery industry to such an extent that it has scarcely a rival on the continent. Other promising towns are found in the county, which is a region of diversified resources, the farmer finding a market at the manufacturing and river towns, and the river and railroads giving transportation facilities that insure the future of the county. Columbia has ample cause for a jollification.

## Union Contractors.

Following is a list of the contracting firms who have signed the scale of the local union, No. 165, Brotherhood of Painters, Decorators and Paperhangers of America:

T. O. Timmons & Son.

A. Dinerstein.

M. Trunle.

Campbell & Son.

Pugh & Hale.

All other firms are non-union, and have been so declared. Citizens having the welfare of the wage earner at heart will make note of this fact, and patronize none but the above contractors.

## College President Resigns.

Announcement is made of the resignation of President James A. Beattie, of Hiram college. The resignation is to take effect immediately. President Beattie has been at the head of Hiram college for just one year. Before his assumption of this office he was at the head of the Oregon State Normal school. Dr. Beattie is a graduate of Bethany college, West Virginia. He received from Bethany and from Hiram college the degree of A. M., and from Cotter university, Lincoln, Neb., that of J. D. He has been president of Calalosa college, Iowa, and of the State Normal school of Nebraska.

THE CLERICUS CLUB  
HOLDS A MEETING

Ohio Valley Episcopal Clergymen Met At Steubenville Yesterday.

The Clericus Club, composed of the Episcopal clergy of the Ohio valley, met in social session at St. Paul's church, Steubenville, yesterday morning and had a delightful time. The object of the organization is to meet socially and discuss various questions pertaining to the church, one topic being assigned for each session of the club. The subject for this meeting was "Growth and Prosperity of the Church," which was presented in an able paper by Rev. Mr. Irvine, of Wellsburg. A spirited discussion followed and many new and bright ideas were presented.

At the conclusion of the services an elegant luncheon was served by the ladies of the parish. A large round table was handsomely decorated with crimson rambler roses, covers being laid for 12. Rev. G. H. Hinkle, rector of St. Paul's, presided and the following guests gathered around the hospitable board: Rev. Edwin Weary, East Liverpool; Rev. Messrs. Cook, Clarkeburg, W. Va.; Ruttingham, of St. Luke's, and Curran, of St. Andrews, Wheeling; Will Grier, Toledo; Archdeacon Spurr and Christian, Moundsville; Rev. Mr. Irvine, Wellsburg; Rev. Mr. Cox, Bellaire; Very Rev. Dean Wood, of the Wheeling convocation, and Rev. H. L. Gaylord, of St. Stephen's parish, of Steubenville. The feast was most graciously served and much enjoyed by all.

This was the last session of the Clericus for the season and adjournment was taken to meet in Fairmount, W. Va., in September and be entertained in the district of Bishop Penick, who is rector of that large parish.

## Off for the Gold Fields.

Lisbon, June 16.—(Special)—W. H. Hepburn and John Costello left for Nome, Alaska, Sunday, in the interests of the Ophir Creek Gold company, organized here last winter, in which they are stockholders. They drove to Salem to take a Ft. Wayne flyer and intended, after a brief stop at the home of Mr. Hepburn's brother at Van Wert, to continue their journey direct to Yellowstone park. After visiting a few places of interest they will sail on June 29 from Seattle, Wash., for Alaska. They expect to be absent from 2 to 4 months.

An Animal Story For  
Little FolksTHE  
Trapper's Bad Bargain

The polar bears heard that there was a party of trappers near their home, and they decided to go down and meet them and see if they could not make a bargain for the exchange of some furs for little household articles.

The bears gathered all the skins and furs they had and marched down to

"YOU FELLOWS WANT TOO MUCH FOR YOUR FURS," SAID THE MAN.

meet the trapper. There they met a man who had several big chests filled with trinkets that he desired to give in exchange.

"What will you give me for this fur?" asked the first bear, holding up a beautiful otter skin that would have made a handsome collar for some pretty lady.

"Three glass beads," answered the man.

"Oh, no," replied the bear. "That is too cheap. You ought to give a quart of beads."

"What will you give for this?" asked the second bear, holding up a valuable fur.

"A fine comb," answered the man.

"That's too cheap," replied the bear.

"You ought to give a comb and brush."

"What will you give for this?" asked the third bear, holding up a pretty skin.

"A box of toothpicks," answered the man.

"That's too cheap," replied the bear.

"You ought to give the toothpicks and a toothbrush."

"You fellows want too much for your furs," said the man. "You had better talk this matter over between you and see if you will not accept my offers."

Then the bears put their heads together and had a little talk.

"Well, what have you decided?" asked the man.

"We have decided," said the bear "that you are altogether too cheap to live, and we are going to eat you and then take all these pretty things for ourselves."

The bears made a rush at the man and the man made a dash at top speed across the snow.

Then the bears seized the chests and divided the nice things between them and took them home to make their wives and children Christmas gifts of them.

## Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with."

## ALL SERIOUSLY ILL

Last Member of the Family in the Quarantined House Taken Ill Today.

John Stewart and family, consisting of a wife and four children, are very seriously ill at their home in the Klondike. The house has been under quarantine since Sunday and George Claberton is guarding the premises. Mr. Stewart, his wife and three of the children were taken ill about the same time, and yesterday the fourth child became ill.

Dr. F. F. Davis, the attending physician, stated this afternoon that Mrs. Stewart was somewhat improved. It was reported this morning that she was in a critical condition. The disease has not progressed far enough yet to determine whether it will terminate fatally.

## Aged Citizen Dead.

J. G. McGee, of Pennsylvania avenue, received word this morning from Mansfield of the death of his grandfather, Isaac W. Pleasants, aged 86 years. The funeral services will be held in the First Congregational church of that city at 2 o'clock tomorrow afternoon. Mrs. McGee left at noon today to attend the services. Mr. Pleasants had lived in Mansfield 48 years and was one of its highly respected citizens. Death was due to the infirmities of age.

## Enjoyed the Social.

Members of Pan-American court, Tribe of Ben Hur, and their friends, to the number of more than 100, had a delightful time at their box social in Larkins' hall last evening. Besides the viands in the boxes, prepared by the ladies, ice cream and cake were included in the refreshments. A musical program, consisting of piano and vocal selections, was rendered by popular performers. The program also contained several recitations, which were greatly enjoyed.

## Will Play Today.

The great diamond contest between Bob Sodaker's Rangers and Jimmy Larkins' Second Street Stars, is to take place at the Y. M. C. A.'s Southsidepark this afternoon. Manager Sodaker insisted on the game taking place as scheduled.

## Curfew Bell Last Night.

The curfew bell, erected yesterday on the roof of the fire station, rang for the first time last evening. When it pealed forth at 10 o'clock every youngster in the East End, as far as Officer Fisher could learn, was safe at home. Officer Fisher intends to see that the ordinance is strictly complied with, and the youngsters will be shown no mercy if they are found upon the streets after hours.

## Mysteriously Poisoned.

Raymond Chambers, of Pennsylvania avenue, a popular clerk at the Bradman grocery, is confined to his home with poisoning. While his condition is not serious the malady is extremely annoying and painful. Mr. Chambers does not know how he came into contact with the poisonous substance, or when it occurred. He is somewhat better today and hopes to be out again in a few days.

## Important Meeting Tonight.

The meeting tonight of the Protected Home Circle will be one of the largest attended and most important held in several months. Officers for the ensuing six months are to be selected, and as there are many nominations for most of the offices, there will be some spirited, though friendly contests.

## EAST END AFFAIRS.

James Sterling and sisters, of Lisbon, are visiting T. J. Andrews and family, of Pennsylvania avenue.

Herbert Supplee, of Ohio avenue, left today for Pittsburgh, where he will spend a couple of weeks with relatives.

Harry Hunter, of Minerva, has moved his family to the East End and they are occupying the second floor of the Supplee building.

Walter C. Supplee and wife, of Ohio avenue, will go to Lisbon tomorrow to attend the centennial. They are former residents of that city and greatly interested in the event.

### Dr. Miles' Nervine Gave Me New Life.

"This is to certify that I have used Dr. Miles' Restorative Nervine, which has done wonders for me. Six years ago I had nervous prostration and again three years ago, at which time I began taking Dr. Miles' Restorative Nervine. I kept taking it for six months and have taken an occasional dose during the last two years. I am practically a new man and feel that I have been given a new lease of life. I used to have very bad attacks of stomach trouble but since using the Nervine I can eat most anything I want with impunity. I was examined in Omaha by a noted German doctor three years ago. He told me I was liable to a paralytic stroke any moment; that my whole left side was badly affected. That was just before I began taking Dr. Miles' Restorative Nervine. My work for two years and a half has been very trying on my nerves. I am a presiding elder, traveling my districts at the rate of ten thousand miles a year, preaching on an average of five times a week, besides many business meetings, and the multitudinous cares of my work in general. Thanks to Dr. Miles' Restorative Nervine I have been gaining in flesh despite this hard work until now I weigh a hundred and ninety-six pounds, nearly twenty pounds more than in all my life. ## HOW RELIGION IS AFFECTED BY COLLEGE EDUCATION

By President HARPER of Chicago University

THE university is just beginning to feel the effects of the disregard of religious instruction which has been prevalent during the last twenty years. IN THE HOME AND ON THROUGH THE PREPARATORY SCHOOL THERE HAS BEEN A PECULIAR AND FATAL LACK OF RELIGIOUS TRAINING. The boys and girls whose characters and habits would be affected by this irreligious spirit have now reached the age when they should enter the universities, and their views on life and religion are accepted by the public as those fostered by the university. There is naturally a tendency in a university environment TO CONFIRM THEM IN THEIR SKEPTICISM. They are thrown into the company of others of like opinions, opinions that have been formed through lack of religious instruction in early life. The university training may possibly strengthen these opinions.

To teach a man to discriminate is the primary purpose of education. If it does not do that, it has not served its purpose. But in doing this IT VERY FREQUENTLY CAUSES THE STUDENT TO DOUBT THE TRUTH OF WHAT LITTLE RELIGION HE HAS. It is difficult to see why it should not do this.

No truth is accepted on the basis of another person's authority, according to the scientific attitude of mind which is taught in the universities and colleges of today. THE COLLEGE STUDENT IS TAUGHT TO QUESTION EVERYTHING. Problems whose very existence he had never imagined are offered to him for solution. Philosophy commands him to doubt the existence of matter. Problems which in his years of adolescence he had firmly believed were settled are being investigated and new solutions offered by his teachers and fellows. He passes through not only a mental but a moral evolution. The same questioning attitude which he is directed to assume in the class room toward scientific phenomena may be unconsciously assumed by him in his everyday life toward religious dogma.

JUST AS HE DOUBTS THE OCCURRENCES OF EVERYDAY LIFE HE DOUBTS THE TEACHINGS RECEIVED FROM PARENT AND PASTOR.

## MITCHELL PRESIDES AT MEETING

United Mine Workers Assemble for Purpose of Clearing Up Differences With Operators.

Scranton, Pa., June 16.—The special convention of the United Mine Workers of the three anthracite districts, called for the purpose of dealing with the refusal of the operators to recognize the conciliators appointed by the joint executive board, opened with National President John Mitchell presiding and 649 delegates in attendance. The conciliation matter and all other grievances the different districts want to have considered were referred to a committee on resolutions, composed of seven delegates from each district and three district presidents.

The sentiment almost unanimously expressed in the motions and speeches was in favor of the convention contenting itself with endorsing the action of the executive board and leaving it to the operators to accept the three district presidents as conciliators or take the consequences of their refusal. Not a few of the delegates declared openly for a strike to enforce acceptance of the district presidents' credentials as they now stand. In opening the convention President Mitchell made a brief speech, reviewing the events that have transpired since the close of the strike and making suggestions as to what plan of procedure the convention should follow.

## NATIONAL CAPITAL NOTES.

Honorary Degree Conferred. Washington, June 11.—The Georgetown university conferred the honorary degree of doctor of laws on George S. Cortelyou, secretary of commerce and labor.

## BECOMING A MOTHER

is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period. Sold by all druggists at \$1.00 per bottle. Book containing valuable information free. The Bradfield Regulator Co., Atlanta, Ga.

The position of the Jewish people of the United States to the czar is very moderate in tone and merely asks that the emperor of Russia shall proclaim, not only for the government of his own subjects, but also for the guidance of all civilized men, "that none shall suffer in person, property, liberty, honor or life because of his religious belief; that the humblest subject or citizen may worship according to the dictates of his own conscience and that government, whatever its form or agencies, must safeguard these rights and immunities by the exercise of all its powers." The principle here enunciated is one of the cornerstones of the government of the United States, and a basis of our peace and prosperity. How far behind the rest of the world Russia is becomes apparent when it is remembered that America has enjoyed from the foundation of its government the privileges which the czar denies his

subjects. The present czar has been called a progressive ruler. He could do nothing that would so securely establish his right to the title as to grant the petition for religious freedom.

A recent important decision of the Ohio supreme court affirms the constitutionality of the plan of combining all the district schools of a township in one central building, and the right of boards of education to pay for the transportation of pupils between the school house and their homes. This decision will be received with favor in every progressive community. This plan was first tried in Kingsville, Ashland county, and has worked admirably. The advantages of the city graded school were secured for the country pupils without any additional cost, for it required fewer teachers, at less cost for fuel and incidentals. Good supervision of the work of the teachers was a natural result, and better teachers than the average rural pedagogues were obtained, because better salaries could be paid.

If the views of President Roosevelt are correctly reported, says the Toledo Blade, he is opposed to a large campaign fund with which to carry on the next national election. In this he is to be heartily commended. It is not to be understood that he will deliberately endeavor to draw the fire of Wall street. No doubt he would like the support of the millionaire as well as that of the plough-boy, but he does not think that the best in American citizenship can be brought out by a campaign of dollars.

Lisbon has evidently arranged a good show for her guests. But why persist in calling the celebration the "Lisbon centennial?" All parts of Columbiana county appear to have been drawn from to aid in the success of the affair. It is the county's centennial, as well as Lisbon's, and the whole is bigger than a part. Lisbon deserves a lot of credit for arranging the exhibition, but Columbiana county figures in it quite conspicuously. Don't forget that.

The Shamrock is here. So is the cup. They are not likely to depart together.

The king of Servia is not likely to be annoyed by life insurance agents.

Mighty few people will envy Prince Peter Karageorgievitch his new job.

### OBITUARY

**Mrs. C. M. McFrederick.**  
Mrs. Bessie McFrederick, aged 21, wife of C. M. McFrederick, of 161 Seventh street, rear, died this morning at 5 o'clock, after an illness of six weeks with typhoid fever. The body will be taken to Jerusalem, Monroe county, O., tomorrow morning and the funeral services will be held that afternoon.  
Mrs. McFrederick was a bride of but a few months, having been married on the 18th of January of this year, and her death is particularly sad. She was a member of the Presbyterian church at her former home and lived in accordance with her faith. Besides the husband, her parents, Mr. and Mrs. William Wiley, two brothers and two sisters, all of Jerusalem, survive her.

**Mrs. Lachlin Ross.**  
Mrs. Mary Ross, wife of Lachlin Ross, died Sunday at her home on Ida street, aged 69. She was born in Ida township and was the daughter of Alexander and Mary McPherson. Five sons and two daughters survive her. T. A. Ross, the oldest son, is ill in Iowa, his home, and H. L. Ross, another son, is in the Hawaiian islands. She was a member of the Presbyterian church and highly respected. The funeral took place at 1 p. m. today, Rev. C. G. Jordan officiating, assisted by Rev. J. N. Swan.

#### ACAIN AT HOME

Telephones Chief Wyman That the Family is Making It Unpleasant for Her.

Mrs. Mary Jane Miller, the aged woman who ran away from her home at Calcutta last week, leaving her husband and stepchildren, and who was charged by them of being insane, returned to her home yesterday. She telephoned to Chief Wyman this morning, stating that the members of the family insist that she cannot live with them.

The chief told her to stay with them under all circumstances. He informed her of the awful right to do so and the unlawful right of them to eject her. She said that she was afraid of her life and that the family has threatened to move if she did not move. The case is one of the most pathetic that has come before the public in many months.

### FRIENDS AND VISITORS

Charles McGregor is visiting in Pittsburg.

A. G. Mason, of Lisbon, was in town yesterday.

Miss Jessie Manley, of East Market street, is visiting in Pittsburg. Miss Alice Deidrick and Miss Clara Beal will go to Wooster University next week.

Charles and Will Roser and their mother will soon leave for a visit to Germany.

Mr. and Mrs. W. E. Beresford have returned to Cleveland after visiting East Liverpool friends.

Miss Mary Andrews, of Jackson street, left this evening for Denver to visit for two months.

Mr. and Mrs. Thomas Bailey, of Youngstown, have returned home, after visiting friends here.

Rev. Father Mahon left this morning for Wheeling, to be present at the graduation of a friend in that city.

Mrs. Ann Hallam, of Jackson street, was 85 years old yesterday, and her friends tendered her an agreeable surprise party.

Rev. Father T. M. Smyth left yesterday for Cleveland, being called to the bedside of Father Moloney, who is reported to be dying. Father Smyth and Father Moloney have been life-long friends. Father Smyth will remain in Cleveland until next Thursday, when he will participate in the commencement exercises at Villa Angela. Miss Margaret Hamill, of this city, will graduate at that time.

#### Leaves All to Wife.

Lisbon, June 16.—(Special).—The will of George E. Farmer, of Salem, has been probated. He leaves everything to his wife and after her death to their two sons.

**A Delirious Prisoner.**—Chief Wyman is in receipt of a letter from the chief of police of Elwood, Ind., asking for information regarding a man that they have in custody. The inquirer states that the man under arrest is suffering from delirium tremens and that he will never likely recover. He talks constantly about having relatives in this city. He gives his name as George Lewis and George Pierce. Chief Wyman has been unable to locate any one knowing the man.

**Finance Committee Meeting.**—A meeting of the finance committee of council will be held tomorrow evening to consider the apportionment of the tax levy for the fiscal year. The committee, it is thought, will not alter to any great degree the recommendations of the several boards.

#### FOR A SHORT STAY

Judge B. S. Ambler and Friends Reach Salem From the Philippines.

Salem, June 16.—After weeks of travel over sea and land, Judges B. S. and J. A. Ambler and the former's family, consisting of Mrs. Ambler and daughter Laura, and Miss Mary McNab, of Youngstown, have arrived in this city from the distant Philippine and were welcomed home by a large circle of friends and relatives. Judge B. S. Ambler has leave of absence for six weeks. He said to a reporter:

"I like the east very well and saw enough of it to know that persons can get along there with proper care of themselves. The customs of the country it is unnecessary for me to speak of, as you are undoubtedly fairly well informed as to what the Philippines are. I have had some busy times in my court. Since January I have considered nothing but civil cases; prior to that time I had both civil and criminal cases to look after. We are glad to get home, of course, and shall make the best of our visit."

#### Just a Bit Misky.

There had been half a dozen stories of thick fogs, but Captain Mansfield had waited his turn with patience. It came at last, and the other captains turned their weather beaten faces toward him with an expression of cheerful credulity.

"'Twas told me of a house setting pretty high the shore along halfway down the coast of Maine," said Captain Mansfield. "I could show you the house if it came right. It has a curious rounded portico on it, and one day I asked the man that lives there why it happened to be built that queer shape."

"Well," says he, "the talk is that the man who lived here first had a cousin that was an architect up Boston way, and one time the feller was down here in a terrible foggy spell, and he was figuring out to his cousin how he could build a little portico of such and such dimensions, measuring out into the fog with his rule, and so on."

"'Twas in the late afternoon; he went off next day by train. The fog still held, and along in the morning the man that lived here happened to notice that the marks of the rule cut into the fog were still plain, so as he couldn't go a-fishing he took some lumber and built the foundations of this portico. That queer fog that makes it lopsided is where the wind blew in on the fog, they say, and bent the rule marks in."—Youth's Companion.

#### A Wedding In Holland.

A Dutch wedding is a curious contrast to an English one. In Holland the wedding party enters the church two and two, the procession being headed by the bride and bridegroom. Forms are arranged in a semicircle round the pulpit, and there the young people with their friends and relatives seat themselves. The ceremony consists of the reading of a portion of Scripture and a long admonition to the bride and bridegroom, delivered extempore by the black gown minister. The prayers are sat through like the rest of the service, for it is against Calvinistic custom to kneel to pray. At the close of the service Bibles are presented to the young couple and to certain of their relatives. Then the marriage is registered. This free distribution of Bibles, which is made by the state, accounts for the very small sale there is for the Holy Scriptures in Holland.

Major General S. B. M. Young, the head of the corps, by virtue of his office becomes chief of staff to the president and will also act as adviser to the president and the secretary of war. General Young is now the head of the recently created war college.

General Young has a most excellent record as a soldier. He entered the volunteer army as a private in the Twelfth Pennsylvania infantry at the outbreak of the civil war. He was promoted until he became colonel of the Fourth Pennsylvania infantry in 1864. A year later he was brevetted brigadier general.

At the close of the war he entered the regular army as a second lieutenant, reaching the rank of colonel in 1897. When the Spanish war broke out he was appointed to the command of the cavalry division of General Shafter's corps and led the advance on Santiago. After the Spanish war he spent nearly three years in the Philippines. He reached the grade of major general in 1901. General Young is in his sixty-third year. He will retire in January, 1904, when he will reach the age limit.

#### sleep.

Sleep begins, in its first phase, by a state of distraction which brings or states of absent mindedness accompanied always by numerous and separate hallucinations closely connected with the length of the absent minded states. Immediately afterward, in a second phase, these states of distraction pass into a very delicate motor disturbance, due to the absence of parallelism in the axes of the eyes or by the deviation of their conjugate movements. Then, in a third and final phase, which indicates the very near approach of actual sleep, the vasomotor system seems to conform to laws very different from those that regulate its mechanism during waking hours.—Review Scientific.

#### A Gentleman.

What is it to be a gentleman? Is it to have lofty aims, to lead a pure life, to keep your honor virgin, to have the esteem of your fellow citizens and the love of your friends, to bear good fortune meekly, to suffer evil with constancy, and through evil and good to maintain truth always? Show me the happy man whose life exhibits these qualities, and him we will salute as gentleman, whatever his rank may be. ## THE TAX LEVY

Will Be the Principal Business Before the Wellsville Council Tonight.

The city council will hold an adjourned meeting tonight. The principal business on hand will be the passing of the tax levy ordinance. The tax commissioners, at a recent meeting, fixed the levy for all city purposes at 10 mills. This amount is rather small and will necessitate considerable figuring to run the different departments. The board of public safety in its budget asked 7.5. This amount is considered exorbitant and in all probability will be cut down considerably. The board of health needs money, the board of public safety will require a certain sum and council will also require a portion. A budget from each department will be handed to council this evening and a satisfactory division will no doubt be made.

Janitor Pittenger is still on duty at the city building, but as yet has not drawn a salary. He remarked yesterday that he is getting too old now to work for his health and that a pay day must be near at hand. This matter has received so much discussion that it is becoming stale and some decision must be made soon. Two of the members of the board of public service are determined to fill this office. They have done this, and to have things run smoothly the matter will necessarily have to be dropped. Other business of minor importance will also be transacted.

## TWO CALLANT YOUTHS

Meet on the River Bank to Fight for the Hand of a Fair One.

Two young men arrived in Wellsville Sunday afternoon and both were bent on calling on the same young lady who lives in the West End. In the evening about 7:30 o'clock both started for the house and arrived there at the same time. One of them rang the bell and the young lady answered. When she saw the two she closed the door and forgot to return. Both men turned away. When they struck the sidewalk each began to tell the other how it was and how it might have been had the other stayed away.

This discussion led to warm words and ended in an agreement to settle matters with a duel, the weapons to be only those provided by nature. One of the men was large and tall while the other was much smaller. They proceeded to the river front, stripped off their hats and coats and went at it. Only a few blows had been struck when the big fellow hit the little man on the nose, knocking him over the bank. He turned over and over and did not stop until he went into the water. He quickly arose from the water, came up the bank with his coat and hat and left the vicinity without a word. No arrests were made, but the affair caused a great deal of laughter for the crowd which saw the whole thing.

## AN OFFICE FOUND

Wellsville Public Service Board Selects a Meeting Place—Notice to Railroad.

The Wellsville board of public service held a meeting this morning. The clerk was authorized to notify the railroad to repair all streets and crossings over which the belt line crosses. A petition for a water line in Clover alley between Ninth and Tenth streets was received and placed on file.

It was decided that the office of the board should be located in the western side of the council chamber. Stewart voted no.

The bond of Harry Veigler, as city plumber, was approved. Superintendent Ewing was authorized to get bids for the removal of the city plumbing shop to the basement of the city building.

## PAINE'S CELERY COMPOUND."

This is the closing sentence of a thankful and grateful letter of testimony written by Mrs. P. Hoffman, of Kylertown, Pa. A complication of liver trouble, kidney disease and stomach neuralgia resisted the best treatment of an able and experienced family physician. When all seemed dark and gloomy, a kind Providence directed an anxious husband to have his wife make use of the medicine that saves even at the eleventh hour. Paine's Celery Compound gloriously triumphed; it removed waste and poisonous matters from the blood, toned every

ing. The board will meet again next Tuesday.

## WOMAN ATTACKED BY A COPPERHEAD

Mrs. William Allison Victorious in a Battle With a Snake.

Mrs. William Allison, residing on a farm about two miles back of Chester, was attacked by a copperhead snake yesterday afternoon. Mrs. Allison had gone to the garden to weed the asparagus beds and did not notice the snake until it viciously jumped for her. At the first jump of the reptile it struck in the folds of Mrs. Allison's dress, but did not succeed in biting her.

After two more ineffectual efforts on the part of the reptile, Mrs. Allison succeeded in dispatching it with the hoe she was using. Mrs. Allison was thoroughly frightened after her experience.

## VAUDEVILLE SHOW

At Rock Springs Park Theater Greeted By a Most Appreciative Audience Last Evening.

The vaudeville performance at the theater in Rock Springs park last evening was enjoyed by several hundred of East Liverpool's amusement loving people. Every one was highly pleased with the company and pronounced it one of the best that ever appeared on a local stage. Manager Strauss has found that the people are partial to first-class vaudeville artists and will endeavor to provide the best on the road throughout the season.

Pete Baker, the famous monologist, made a decided hit with the audience, and the entire troupe received hearty applause. They will be the attraction every day of the week and will doubtless be greeted with an immense crowd at each performance.

## WORK TO BE HASTENED

Contractor Freshwater Prepared to Push His Paving Contracts in Chester.

Contractor Freshwater has commenced the grading and setting of curbs on Second street and on Virginia avenue and will hurry the work on in good shape. The material is coming in faster now than it can be used. Mr. Freshwater has complained to the street commissioner of being delayed in his work on account of the large quantities of brick belonging to Contractor Coates and the street railway company not being removed and which retards his progress.

All are anxious that the paving be finished as soon as possible.

## County Examination.

The examination of teachers for the coming term of school in Hancock county will be held at New Cumberland on June 18 and 19. This will be the first examination of teachers to come under the supervision of the state school superintendents. Until this year all the examinations had been under the control of the county superintendent, but now the list of questions required in the examination are uniform throughout the state. County Superintendent George A. Allison will examine Hancock county candidates.

## The Rectory Nearing Completion.

The ladies of the Sacred Heart church are already making arrangements for the coming housewarming and social which will be held on the completion of the rectory. It is thought the building will be finished about the middle of July. The rector, Rev. Father Toner, will present a prize of an enlarged picture of himself to the one disposing of the largest number of tickets. The money received will be used for the purpose of defraying necessary expenses about the rectory.

# REALM OF SPORTS

## SERIES OF GAMES OPENS TOMORROW

Wellsville and East Liverpool V. M. C. A. Then to Meet for the First Time.

The great day of the base ball season in Wellsville will be tomorrow. The Y. M. C. A. of East Liverpool and the local team will meet for the first time. Four of the best games ever seen in this city or East Liverpool are expected. The Wellsville lineup has been somewhat changed and the team is confident that it will put up the best game of the season. Wednesday and Friday the games will be at Central park, Wellsville, and on Thursday and Saturday in East Liverpool.

The management of the Wellsville team is becoming somewhat disgusted at the way the people are patronizing the game. Considerable money has been in this affair and the sport should receive the support of the people.

### The Batting Records.

Latest records of the National league show that there was a heavy shrinkage of percentage among the leaders of the previous week. Two Chicago batsmen, Casey and Tinker, now lead the procession. Hans Wagner ranks third, Steinfeldt fourth and Clark fifth. Bresnahan, Mertes and Warner, all of the New Yorks, and all of whom were up top last week, trail next in order. Twenty-six men are batting .300 or better. Of these, Chicago has 4, Pittsburg 6, Cincinnati 2, New York 6, Philadelphia 2, Brooklyn 4, and St. Louis only 1—"Hummer" Smoot.

### SPORTING MISCELLANY.

The attention of automobilists is now turned toward Ireland, where on July 2 the long distance races for the Bennett cup will be run.

There is a chance that Brooklyn will not get Hugh Jennings. Sacramento has made him an offer, and he may decide to play on the coast.

Ban Johnson, who posed as a friend of the players a few months ago, was the first to propose a base ball trust, which, if formed, would mean the reduction of salaries.

The Boston club is trying to secure two eastern club pitchers. Manager Buckenberger has come to the conclusion that he is not too well fortified in the pitching department.

John T. Brush, president of the New York National league club, does not take much stock in the proposal to consolidate the National and American leagues in a 12-team league.

Reports from the Philippines tell of the popularity that base ball has acquired there. In Manila especially has the rooters' fever struck in hard and the games are largely attended. A six-city league has been established.

## ELIOT OF HARVARD.

WHY HE IS A PROMINENT FIGURE IN OUR NATIONAL LIFE.

Fearless For the Right, He Never Shirks What He Considers His Duty—Said to Be the One Man Envied by President Roosevelt.

President Charles William Eliot of Harvard university, who is said to be the only man envied by President Roosevelt, is undoubtedly one of the most fearless individuals in American public life today. Mr. Roosevelt, report has it, aspires to become head of Harvard when the time comes for him to leave the White House, and as President Eliot is now past seventy the gratification of the ambition of the present chief executive of the United States may some day be realized.

Like Mr. Roosevelt, President Eliot is a man of unflinching candor. He has the courage of his convictions and never hesitates to express an opinion because it may be unpopular. It is his attitude of fearless criticism of national and local evils that has made him one of the country's most prominent men.

Even before his election to the highest office in the gift of the overseers of Harvard college the quality of indomitable courage made itself felt by those with whom he came in contact. In 1855, five years after his graduation from Harvard, while he was acting as tutor in the college, he was chosen to row at No. 3 in the first six oared shell, that afterward rendered the college famous in the rowing world of the day. While still a member of the crew the question came up as to whether the oarsmen should be permitted to row on the river on Sundays. When Eliot was approached he characteristically remarked, "I myself will be unable to go, but as a member of the faculty I will give you the assurance that you will not be interfered with."

From the moment of his election as the head of Harvard the dominant characteristic of fearlessness so evident in the man has never weakened or been found lacking. When he was elected in 1869 he was professor of analytical chemistry at the Massachusetts Institute of Technology. Previously he had been for nine years an instructor in mathematics and chemistry at Harvard and had spent two years in Europe investigating educational methods. There were many objections raised to the election of the young scientist, then but thirty-five years old, as the head of the college.

Dr. Oliver Wendell Holmes, then on the faculty of the medical school, wrote in a letter to Motley, the historian, regarding the new president: "Our new president has turned the whole university over like a flapjack. There never was such a bouleversement as that in our medical faculty. It is so curious to see a young man like Eliot, with an organizing brain, a firm will, a grave, calm, dignified presence, taking the ribbons of our classic coach and six, feeling the horses' mouths, putting a check on this one's capers and touching that one with the lash, turning up everywhere, in every faculty (I belong to three), on every public occasion, and taking it all as naturally as if he had been born president."

That President Eliot's force of character is fully appreciated in his native state is illustrated by the following story: When Governor Crane was chief executive of Massachusetts he was approached by a delegation of business men who asked that President Eliot be appointed one of a commission to report on the proposed construction of a dam across the Charles river. The governor demurred.

"Would you mind stating your objection to President Eliot?" asked the spokesman.

"Well," replied the governor, "the law says that the commission shall consist of three men. If I appointed President Eliot there would only be one."

Dr. Eliot is tall, erect and of courtly dignity. Years have not robbed him of the noble bearing of his earlier years. Outdoor exercise has given him in his old age the figure and carriage of youth. He is still a poor man after thirty-four years as head of Harvard. He receives a salary of \$9,000 and the use of a house and stable. Yet he holds a position which even the president of the United States aspires to and which many millionaires would prize above wealth. It is the reward which comes to virtue, patriotism and courage.

### Wearisome Topics.

Rodrick—Did you enjoy Mrs. Ticker's vacation?

Van Albert—No, indeed. The men talked shop and the women shopping.—Chicago News.

Young women may avoid much sickness and pain, says Miss Alma Pratt, if they will only have faith in Lydia E. Pinkham's Vegetable Compound.

"I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months."

"I recommend it to all young women who suffer from female weakness."—Miss Alma Pratt, Holly, Mich.—\$5000 forfeit if original of above letter proving genuineness cannot be produced.

### FREE MEDICAL ADVICE TO YOUNG WOMEN.

All young girls at this period of life are earnestly invited to write to Mrs. Pinkham for advice; she has guided in a motherly way hundreds of young women; her advice is freely and cheerfully given; her address is Lynn, Mass.

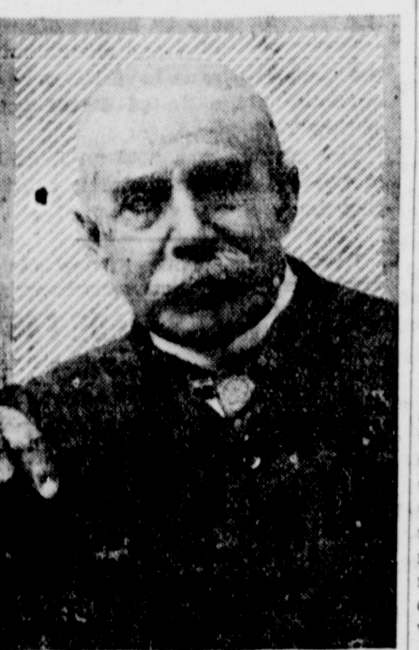

Judging from the letters she is receiving from so many young girls Mrs. Pinkham is inclined to the belief that our girls are pushed altogether too near the limit of their endurance nowadays in our public schools and seminaries; less learning and more health needed.

### DU CHAILLU'S TRIUMPH.

Explorer Waited Many Years to Have His Statements Verified.

Forty odd years ago, when Paul Beloni Du Chailly, the French explorer, returned from his first expedition to Africa and told of his discovery of the pygmies and of huge apes the size of a man, he was generally regarded by scientists as a romancer.

The death the other day of Du Chailly recalls a speech he made a few years ago before the international geographical congress at Greenwich.

LAST PICTURE OF PAUL R. DU CHAILLY.

In which he said to that distinguished gathering that he thanked God that he had lived to see the day when the facts he had told about the Obongo dwarfs and the gorillas of west Africa were accepted by the world as unvarnished truth, though for many years his veracity had been questioned.

Du Chailly made his first trip to Africa in 1855-59, exploring the country around the equator. He revisited Africa in 1863-65 and later wrote many books descriptive of the various countries he explored.

## APPEAL TO PRESIDENT

Hebrews of America Lay Their Case Before Chief Executive and Secretary Hay.

### CONDITIONS OF RUSSIAN JEWS

Kishenev Massacre Principal Topic

Discussed—Everything in the Executive Power Will Be Done for Them.

Washington, June 16.—Through their representative association, B'Nai B'Rith, the Jews of America laid their case before President Roosevelt and Secretary Hay, and they are content to abide by whatever the executive decides is best for them. By appointment the executive council of this association called at the state department. They were Leo N. Levi, president, of New York; Jacob Furth, vice president and treasurer, of Cleveland; Solomon Sulzberger, honorary secretary, New York; Joseph D. Coons, Wilkesbarre, Pa.; Adolph Moses, Chicago, and Simon Wolf, of Washington. Secretary Hay received the council in the diplomatic room and spent three-quarters of an hour listening to their representations and commenting upon them. Then the secretary escorted his callers to the White House, where they were received by President Roosevelt and again set out their views and listened to what he had to say in reply. The interviews with both the president and the secretary were extremely satisfactory to the council, although it soon became apparent that positive action could not be had upon the subjects nearest to them, namely, the betterment of the conditions of the Jews in Russia.

### Czar Kept in Ignorance.

The massacre at Kishenev was the principal topic of discussion. But the Jews realized, after hearing what the president and secretary had to say, that there was nothing that this government could do at this moment to undo what had been done in Bessarabia. So, too, looking to the future the council besought the president to use his good offices to secure the ear of the czar. They declared that he was being deliberately kept in ignorance by the bureaucrats who surrounded him of the terrible treatment that was being meted out to the Jews in every corner of Russia where they were allowed to abide. They expressed a conviction that if the czar knew of the indignities and atrocities practiced upon the unfortunate Jews who were still his loyal subjects he would certainly take steps to alleviate their condition. They said nothing about the refusal of the Russian government to recognize Jewish passports nor did they ask the aid of the government in the distribution of the funds intended for the relief of the Kishenev sufferers.

The president and Secretary Hay listened with the deepest interest and sympathy to these representations and both replied in terms that showed the depth of their feelings in the matter. It was promised that everything that the executive could properly do without violating the principles of international comity would be done, but neither President Roosevelt nor Secretary Hay were able to make any definite promise beyond this which was accepted as satisfactory.

## SHOULD BE SENT TO PALESTINE

Methodist Preachers of Chicago Suggest Remedy for Persecution of Jews.

Chicago, June 16.—Palestine for persecuted Jews is the remedy suggested by Methodist preachers of Chicago, who adopted resolutions asking President Roosevelt to take up the problem along the lines suggested by a memorial presented to President Harrison in March, 1891. The memorial, which is appended to a resolution passed by the Methodist preachers, was signed by nearly all the leading editors, business men, financiers, lawyers and preachers, including Jews, in Chicago, Boston, New York, Philadelphia, Baltimore and Washington.

The memorial was an urgent plea to all nations to give back to the Jews the holy land after the fashion in which the European powers surrendered Bulgaria to the Bulgarians and Serbia to the Serbs.

### Infantry Guard Prisoner.

Pittsfield, Ill., June 16.—Fred Mink, who killed Newton Harris, a wealthy farmer near here, Saturday, and who, Sunday night, walked into his father's dining room while his father, Adam Mink, and his family were at supper, and shot his stepmother dead, defied Sheriff Mainen and his posse to arrest him, and then escaped. He was found in a barn near the scene of the killing. He surrendered to the sheriff and was brought to the jail at Pittsfield, guarded by a company of the Fifth Infantry, Illinois national guard, and 50 deputy sheriffs.

### Mill Employees Want Free Trade.

Minneapolis, June 16.—At the opening of the second annual convention of the international union of flour and cereal mill employees President John M. Findley gave utterance to a strong plea for reciprocity with Canada. Resolutions demanding greater free trade with Canada were adopted and will be sent as a memorial to President Roosevelt.

## COMPERS' EFFORT FRUITLESS

Striking Waiters in Chicago Refuse to Arbitrate and Strike Goes Merrily On.

Chicago, June 16.—The joint board of the strikers' unions has refused all overtures for peace and the work of calling strikes will be continued. Moves were made from three directions to influence the strikers to arrange for a settlement by arbitration. The board heard more arbitration talk from President Compers and the conference was void of results. Another effort will be made by President

SAMUEL COMPERS.

Gompers Wednesday to bring about a peaceful adjustment of the controversy.

The hotel owners are still willing to arbitrate their differences with the men and declare that that is the only way the trouble can be settled. By the return to work of many union men and the importation of help from surrounding cities the majority of the hotels where the employees are out succeeded in getting their service back to nearly normal conditions. Several of the restaurant keepers have arranged to open for business with non-union help.

### Brooklyn Postoffice Next.

Washington, June 16.—Orders have gone out to investigate the Brooklyn postoffice with the same thoroughness that has characterized the inquiry in New York. The case of prominent postal officials and their connection with New York politicians is now ready for the grand jury. Fourth Assistant Postmaster General Bristow has received orders to investigate H. H. Rand, Chief Inspector Cockran returned from New York and laid the whole situation there before Mr. Bristow.

### Coal Strike Imminent.

Altoona, Pa., April 16.—Whether a strike of the 10,000 employees of the Webster Coal and Coke company is to be declared will be decided by the officials of the United Mine Workers in the local district. The officials of the company will be asked definitely to declare their position. If the demands of the men are not granted every colliery and coking plant of the Webster company will be tied up tight.

### Workmen Have Narrow Escape.

New York, June 16.—Twenty Italian workmen had a narrow escape when a section of the roof of the rapid transit subway fell in. The men were working 40 feet under the ground, when one of the men noticed that the supporting timbers were sagging. The foreman investigated and then shouted to the men to run. Just as they reached the mouth of the shaft 50 feet of the roof of the tunnel fell.

### Cheap Traveling on Lakes.

Cleveland, June 16.—The Detroit and Cleveland steamboat line has established a rate of 25 cents for one-way fare between Detroit and Cleveland. The rate applies only on the auxiliary steamer City of the Straits. The reduction in fare is due to misunderstanding with the Barry line over differentials.

### Pittsburg Sends Out Some Coal.

Pittsburg, June 16.—The disappointment felt by rivermen because the expected coal stage in the river did not come was somewhat relieved when seven boats got out with light barges. The rise was of considerable use, however, as 1,600,000 bushels were taken out.

### Fell to His Death.

Youngstown, O., June 16.—John Deiter, an electrician, while working on the top of one of the stacks of the Ohio plant of the Carnegie Steel company here, was overcome by gas and fell 15 feet, sustaining wounds from which he died.

**FIVE HUNDRED KILLED**

By Cloudburst and Town of Heppner Almost Obliterated.

**TWO HUNDRED BODIES RECOVERED**

Wall of Water Twenty Feet High  
Rushes Down on Doomed Town.  
Lives Dashed Out on Rocky Bluffs.  
Bridges Swept Away Like Straws.

Portland, Ore., June 16.—Five hundred people lost their lives in a cloudburst that almost entirely destroyed the town of Heppner, Ore., Sunday night. Heppner is the county seat of Morris county, and had about 1,250 inhabitants.

All the telegraph and telephone wires are down and no accurate information can be obtained, but the estimate of loss of life is based on the most reliable reports. A report from one, 17 miles from Heppner, is to the effect that 300 bodies have been recovered. A messenger who arrived at one said that a wall of water 20 feet high rushed down into the gulch in which Heppner is situated, carrying everything before it.

The flood came with such a suddenness that the inhabitants were unable to seek places of safety and were carried down to death by the awful rush of water.

Almost the entire residence portion of the town was destroyed, but some of the business part, which is on higher ground, escaped.

Hugh boulders weighing a ton were carried down by the current and many people were killed by being dashed against the rocky bluff.

Early in the afternoon a thunderstorm occurred covering a wide region of the country and later a heavy rainstorm set in, many of the small streams overflowing their banks in a short time. Bridges were swept away like straws.

As soon as possible after the flood had subsided the work of relief was commenced by the citizens of the town. Dozens of bodies were found lodged along the bends of Willow creek and in several places they were piled over one another. Two hundred bodies have been recovered almost within the city limits.

The buildings which were not carried away were moved from their foundations or toppled over.

Hundreds of horses, cattle, sheep and hogs that had gone into the creek bottoms for water perished.

As soon as possible news was sent by courier to the nearby towns. The Oregon Railway and Navigation company started a relief train with physicians and supplies from the Dalles shortly after noon. Another relief train started for the scene from the city. The citizens of Portland started a relief fund as soon as the news of the disaster spread over the city and within a few hours \$5,000 was raised.

Supplies will be rushed to Heppner as soon as they can be assembled.

Fifteen buildings in the town of Lexington, nine miles below Heppner, on Willow creek, were washed away, but with no loss of life, the inhabitants having time to save themselves from the surging torrent.

**PRINCIPAL YACHTS DO NOT RACE**

Schooner Yacht Estelle Capsized, but All Hands Taken Off Safely.

New York, June 16.—Apprehension of wetting their sails and spoiling the set of them kept Reliance, Columbia and Constitution at their moorings while other yachts sailed a race for the Glen Cove cups of the New York Yacht club in Long Island sound. A fresh north by east wind that raked up the white caps and a little tumble of sea afforded a splendid opportunity to try out the Reliance under fine racing conditions.

C. Oliver Iselin, managing owner of the Reliance, said in way of examination that the owners had agreed that it would be better not to race and that as the Reliance's sails had not been wetted this season he did not want to wet them.

While the others were racing the schooner yacht Estelle, owned by L. J. Callahan, in which the owner with a party of friends was following the races, was struck by a squall off Oyster Bay and capsized. She lay in the water on her beam ends and all hands were taken off safely by steam yachts and landed at Larchmont. The racers weathered the squall without disaster.

Four sloops and two schooners sailed over a triangle of 15 miles, Eelie and Ariel being the winners.

I had tried numerous remedies with no good results, until the baby lost much flesh, and was in poor health. A friend recommended Caldwell's Syrup Pepsin. I procured a 50c bottle at the drug store and gave the contents to the baby according to directions, after which there was a decided improvement in his condition. **PRINTING PRESSMEN CONVE.**

President Higgins Delivers Annual Address—Growth of Order During Year.

Cincinnati, June 16.—There was a full attendance of the 300 delegates at the opening of the fifteenth annual convention of the International Printing Pressmen and Assistants' union. In his annual address President Higgins spoke of the rapid growth of the organization during the last year. The two most important strikes, he said, were at New York, to enforce a \$14 scale, and at Boston, because a firm refused to install a pressman foreman. Arbitration of a difficulty at St. Louis last March resulted in a substantial increase in wages. An agreement between the United Typothetae of America and the pressmen's union has been endorsed, to substitute arbitration for strikes and lockouts. The assistants and feeders voted down a proposition to form a separate international union. President Higgins urged more thorough organization, recommending assessment of \$2 on each member for this purpose. This, he said, would result in tremendous growth and would pave the way for an eight-hour day.

The Chicago delegation objected to the seating of the delegates from Hammond, Ind., charging the latter with allowing the W. B. Conkey company to enforce its own shop practices and pay less than the union scale, while it is in competition with Chicago houses in printing catalogues and other commercial work.

Tents Arrive for Flood Sufferers.  
Topeka, Kan., June 16.—Four hundred tents arrived from Fort Riley for the Topeka flood sufferers. Their use was made necessary by the miserable sanitary condition of North Topeka and was the only means of preventing an epidemic of sickness. The tent city will be located on a high spot of ground near the west end of the town, where the sanitary conditions are of the best. More relief is being received for the flood sufferers as a result of the appeal sent out by Governor Bailey Saturday. Conditions here are bad and the estimates of the total loss grow larger every day.

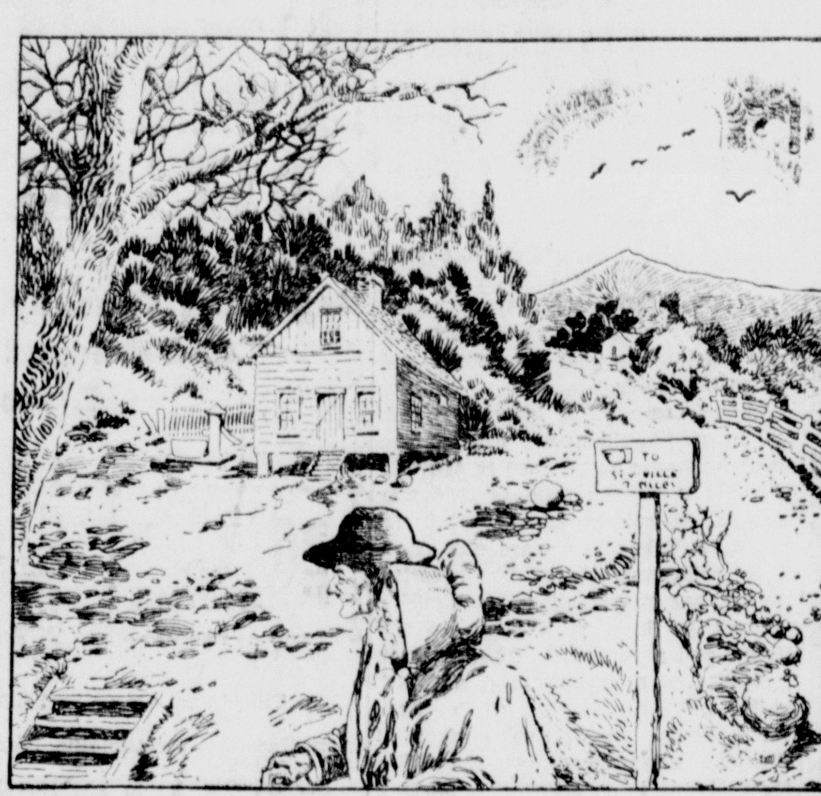

Miners Escape Fearful Death.  
New Castle, Pa., June 16.—The 75 miners working in the shaft of the Thompson Run mine, five miles south of Ellwood, faced death when a huge oil can located 100 yards within the entrance of the main shaft exploded and took fire. The entrance was blocked by a wall of fire, but the entombed miners escaped through a second opening a mile distant. All reached the surface safely. Even the mules were taken out unharmed. The mine will be able to resume soon. The cause of the explosion is not known.

Bishop Opposed to Dancing.  
Louisville, June 16.—Bishop McCloskey, of the Catholic diocese of Louisville, has issued an order against dancing and the use of intoxicants at picnics. The letter refers to the "shockingly indecent form of the modern dance," and commands observance of the instructions of the third plenary council of Baltimore. As a result of the ruling the picnic of the Catholic Knights of America, set for June 20, has been called off.

Prince Peter Karageorgevitch  
Elected King by Senate

**EVENT CAUSES NO EXCITEMENT**

Ceremony Conducted in Salle des Fetes—New King Telegraphs Royal Acknowledgments—Immunity Granted All Engaged in Coup d'Etat.

Belgrade, June 16.—With scarcely the excitement which marks the ordinary fete day in the capital, Serbia instituted a new dynasty. Within less than two hours from the time of meeting in the wing of the royal palace, where King Alexander and his queen were shot down, the senate and skuptschina in joint session had legally and with due formality elected Prince Peter Karageorgevitch king of Serbia and had notified him by telegraph of the fact.

The senate and skuptschina after assembling listened to a proclamation signed by all the ministers, which was read by President Velimirovitch. The members then proceeded to church, returning a little later to the palace. The ceremony of electing the king was conducted in the Salle des Fetes, which had been specially arranged for the occasion. The metropolitan of Belgrade and the bishops of Nish, in their full robes of office, lent the sanction of their presence. The members of the provisional government and the presidents of the chamber and senate sat at the head of the white and gold decorated hall, among them Colonel Alexander Maschin, Queen Draga's cousin, while below them were grouped the members of the senate and the skuptschina.

A few privileged spectators occupied the remainder of the hall, among them the secretaries of the various legations, though none of the ministers lately accredited to King Alexander's court were present. The audience, however, included a number of ladies, the wives and relatives of state officials.

A telegram to the government arrived from the new king. It ran:

**SOME OF THE CURED**

The Jno. J. Fulton Co. of San Francisco, First in the World to Announce the Cure of Bright's Disease and Diabetes, presenting a Definite Percentage of Recoveries (87%) and Giving Out Lists of the Cured.

Here are some of the San Francisco recoveries, and all of them declared by physicians to be incurable: N. W. Spaulding, President Spaulding Saw Co.; Adolph Wesko, founder Cal. Cracker Co.; Carl D. Phelps, Hotel Repeller; Mrs. M. Empey, 130 Steiner St.; Mrs. S. E. Cline, 1737 Broadway; Mrs. P. Goybenek, 928 Filmore St. (tapped 3 times); R. C. Peil, Manager Pacific Coast Biscuit Co.; F. J. Bachelder, Pacific Coast Art; Seth Thomas Clock Co.; E. B. Cutler, Attorney, 230 Pine St.; Wm. Hale, Real Estate, 215 Sansome; Mrs. C. C. Matthews, Proprietor Hotel Clifton; Thos. Haskens, Merchant (Petalsuma); Col. Wm. Hawkins, U. S. Quartermaster's Department; Chas. F. Wacker, Merchant, 181 6th St.; Mrs. Thos. Christie, 498 27th St.; and hundreds of others. Some were at death's door when put on the compounds, but many such recovered. That many were in extremis may be learned from this. Some recovered who had been tapped dozens of times; others were already in the twitches of uraemic poisoning; many had from four to six physicians confirm the fatal diagnosis; several left standard hospitals in extremis; several had relatives called in for last interviews, and a few recovered who were in a state of absolute coma.

In a word about 87% of all cases of Bright's Disease and Diabetes, heretofore positively incurable, are now curable under the new Fulton compounds. The Renal Compound for Bright's and Kidney Disease is \$1; for Diabetes, \$1.50. Pamphlet free. We have just established a depot in your city where you will find the compounds and pamphlets, viz:

I beg you, the premier and your colleagues in the government, to accept my royal acknowledgments with the assurance of my particular good will."

The resolutions adopted by the national assembly have practically granted immunity to all concerned in the coup d'etat, the attitude of the army having been recognized and approved, and gratitude has been extended to the government for the patriotism displayed in such a fateful crisis; all the government's measures have been endorsed, and it has been empowered to conduct affairs until King Peter's arrival.

Young Woman Assaulted and May Die.  
Wilmington, Del., June 16.—Helen S. Bishop, aged 17 years, daughter of Rev. E. A. Max Riebenack, Jr.  
Philadelphia, June 16.—Max Riebenack, Jr., son of the assistant controller of the Pennsylvania Railroad company, is dead at his father's home in this city. He was 39 years of age and held the position of second chief accountant of the controller's office of the Pennsylvania railroad.

Captain James R. Sinclair.  
Chicago, June 16.—Captain James R. Sinclair, Chicago manager of the Great Lakes Towing company, is dead of paralysis. As an operating tugman Captain Sinclair was considered the best on the entire chain of lakes. Captain Sinclair was born at Kingston, Ont., 49 years ago.

Edwin G. Ferguson.  
Pittsburg, June 16.—Edwin G. Ferguson is dead at his home on Murray Hill avenue. He was a member of the law firm of J. S. & E. G. Ferguson, they being father and son, and two of the most successful attorneys practicing at the Allegheny county bar. E. G. Ferguson was born Aug. 15, 1864, in Allegheny.

"They may say what they please, but listen—hear me! I've taken all kinds of laxative, purgatives and cathartics but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative syringes, dyspepsia medicines and pills, little or big, there is in this country. Them Tablets surely do make one feel joyful!"

## HOME AFFAIRS

No Arrests Made—The curfew bell rang at 10 o'clock last night and the street was quickly cleared of youngsters. No arrests.

Her Condition Critical—Mrs. J. W. Gipner received word this morning of the serious illness of Mrs. M. B. Johnson, missionary from the First Presbyterian church, of this city, at Ingleside seminary, Virginia. Mrs. Johnson was taken suddenly ill a few weeks ago and an endeavor was made last week to remove her to this city, but upon her arrival at Pittsburgh she was so weakened that she could not complete the journey and she was taken to the Presbyterian hospital in Allegheny, where she is now. She is not expected to survive and her numerous friends in the city are deeply concerned over her condition.

## SEARCH WAS FRUITLESS

The Body of Ernest Chapman, Drowned Saturday, Are Not Yet Recovered.

James Moat, of Chaffinville, East End, returned this morning from Empire and Freeman, where he was one of the party searching for the body of Ernest Chapman, drowned near there Saturday night. The search was a fruitless one, although the water was dragged for a considerable distance.

It is thought that the body has been carried down the river as there has been a rise of several feet since the drowning.

## CROWDS ON HAND EARLY FOR CENTENNIAL SIGHTS

(Continued From Fifth Page.)

A pewter teapot 135 years old, owned by Herman Smiley, and a pewter plate 250 years old, owned by Jerry Cole. A small trunk made in 1760 and lined with a paper printed in July, 1767, is the property of John King living west of Lisbon. Senator Connell has on exhibition another small trunk called an "old hair" trunk which was brought from England in 1687 by George and James Chamber.

Among some other interesting relics in a miscellaneous exhibit are several powder horns used in the war of 1812, a canteen used in that war by a Lisbon soldier, Morris E. Morris, and a snuff box 149 years old. Rev. J. G. Anderson, of the Presbyterian church, has on exhibition some curios secured by him on his trip to the Holy Land a year ago. They include a ephod of a mummy and a "tear" bottle from an ancient tomb near Eridon, Syria. An original portrait of Clement Vallandigham, owned by Miss Mary Myers, is an interesting feature.

One of the most noteworthy relics in the exhibit is a quilt nearly 400 years old. It is the property of the McClellan family living west of Lisbon and an accompanying authentic record shows that it came from Ireland and has been handed down to the eldest daughter of each generation. On the white background of the quilt are worked in pink a number of scenes apparently illustrative of some festive occasion. Mrs. John Pitcairn, of Lisbon, has on exhibition a Holland shawl 150 years old. There are also copies of land grants containing original autograph signatures of Presidents James Madison, James Monroe, Andrew Jackson and Franklin Pierce.

A violin, serviceable and in good condition, made in Italy in 1516, is the property of Addo Pite, of Lisbon, and is on exhibition. Ole Bull, the celebrated Swede violinist, is said to have been once the owner of it. Another violin, made in Palermo, Italy, in 1633, is on exhibition and is the property of J. J. Burnip, of Lisbon. A quaint old volume entitled "An Essay Toward a Real Character and a Philosophical Language," It is the property of Frank Spence, of Lisbon.

Included in the private collection of Messrs. Benner, Smiley and Kemble are interesting exhibits of Indian relics, rare old books, money, coins, scrip and military equipment. Among the Indian relics is a war club or batel ax of a mineral called limonite, a rare and valuable relic. Other relics are "Euclid's Elements of Geometry," the oldest book on exhibition, printed in London in 1661; a treatise on surveying printed in Philadelphia in 1796 was owned by William Herald, the first surveyor of Columbiana county, who was appointed by the government and served 25 years; the bones of the mastodon, which were dug up a few

years ago near the site of the tin mill; stone-carved images representing human heads, found in Elkrun township and supposed to be the work of mound builders; a bible printed in 1680, four pages of which were hand printed with a quill pen, the binder having apparently run short of those two leaves; the spire and the weather vane of the old court house and a ten-plate stove made at the Rebecca furnace on the old McKinley farm. An additional relic of particular interest at this time was added today. It is the cradle in which Senator Hanna was rocked, and is owned by William Prunick, of Lisbon.

These are a few of the things on exhibition at curio hall, an interesting exhibit that will certainly be appreciated. The centennial really opened last night so far as many of the amusement accessories were concerned and the streets were thronged. The Robinson-Seaman Carnival company was ready for business, together with several smaller side shows, and the merry-go-round, all of which were well patronized. If the crowded streets of last night were any indication of the crowds that will be present when the celebration is in full swing, Lisbon will be overwhelmed with visitors.

The gas company is seconding the efforts of the electric light company to have the city well lighted and has placed a number of lights in the business part and along the street leading to the big tent. One device of the gas company presents the figure "1803" in blazing characters suspended above the streets and 100 yards distant the figures "1903."

During the centennial Hon. R. W. Taylor and wife will entertain Senator and Mrs. Hanna and the senator's sisters, Mrs. Baldwin and Mrs. Morse, both of Cleveland; Mr. and Mrs. Henry Wick, of Youngstown; Mr. and Mrs. Walter McClymonds, of Massillon, and Rev. Dr. Vant and wife, of Brooklyn, N. Y. Ed. A. King and wife will entertain Gen. Charles Dick, of Akron; Hon. James Kennedy, of Youngstown; Col. Myron T. Herrick, of Cleveland; J. R. Carey, of Salem; Julius Whiting, of Canton, and W. F. Wiley, managing editor of the Cincinnati Enquirer.

Senator C. C. Connell and wife will entertain Hon. F. E. Scobey, Troy; and Hon. Warren Harding, of Marion.

## UNUSUAL

Appearance of a Man Attracted a Crowd.

A great deal of attention was attracted to a distinguished looking stranger here today. He was garbed in a swell Prince Albert suit of black broadcloth, the buttons of which were ten and twenty dollar gold pieces. He was smooth faced and walked with an air of a prince of blood.

To a reporter who interviewed him, he stated that he was Colonel Cooper, the advertising king or medicine man, who is known throughout the length and breadth of the land.

He advertises Dr. Cooper's celebrated medicine, manufactured at Dayton, Ohio.

The gold button suit was something so entirely out of the ordinary here that a crowd soon collected to view and admire him.

Col. Cooper stated that he had never been in East Liverpool, but that he intended to visit the city soon and remain for some time. 141-H

## PERSHING OF MINDANAO.

How an Army Officer Won the Friendship of the Moros.

With the suppression of the recent uprising of the Moros, under the sultan of Ampuragano in the Tarana country, Captain John J. Pershing, U. S. A., who since last October has been Uncle Sam's representative in the Lake Lanao district, island of Mindanao, has again demonstrated his skill as a soldier as well as peace-maker.

Since his first defeat of the Moros last fall Captain Pershing has worked to gain the confidence of the natives of Mindanao and with the most pronounced success. Some months ago he

CAPTAIN JOHN J. PERSHING.

was appointed datto of Iligan by the sultan of Mindanao upon the request of the latter's own subjects.

Iligan is the chief town of the Lake Lanao district, and as datto Captain Pershing dispenses justice to the Moros. In power he is supposed to be second to the sultan and subject to his command—that is, so far as it does not conflict with his duty to the stars and stripes. Captain Pershing has virtually been the civil as well as the military ruler of the district, and the chiefs, who hold him in the highest esteem, have consulted him daily. Almost every conceivable kind of business, private as well as public, has been taken to him for adjustment.

Last fall when General Davis, commanding the department of Mindanao and Jolo, sent Captain Pershing to Iligan he selected one of the most efficient officers in the service. Captain Pershing has taught the Moros that they had a different kind of people from the Spaniards to deal with. He has fought them to a finish when fighting was necessary and by fair and upright treatment has won the friendship of all but a few. Now his influence is so strong that he makes periodical expeditions about the district with a mere handful of men. At one of the recent outbreaks in Mindanao he held the north lake Moros out of the trouble solely by his influence.

Captain Pershing is a Chicago man with an exceptionally brilliant army record. He is a West Pointer of the class of 1886 and served through the Geronimo campaigns with distinction.

## CROWDS ON HAND EARLY FOR CENTENNIAL SIGHTS

Lisbon Has Many Curious and Interesting Objects Ready For Visitors' Inspection.

### A GLIMPSE INTO THE CURIOSITY HALL

Lisbon, June 16.—(Special)—Every thing is now in readiness for the opening tonight of the centennial celebration of the settlement of Lisbon and of the organization of Columbiana county. Few communities in the county have so much in their local annals that is closely associated with the history of the country. The names of McKinley, Hanna and Vandaligham alone are sufficient to give prominence to the little city.

The celebration which will open tonight will be a memorable event in the history of the county, participated in, as it will be, by the whole county. Tonight's function will consist of a grand concert, to be given in the opera house. George H. Huston, the treasurer of the centennial board, will direct a chorus of 70 voices which will be accompanied by the Grand Army band, of Canton, under the direction of Emil Reinkendorff. The Grand Army band arrived in the city at noon today and rehearsed with the chorus this afternoon.

The business part of town has been elaborately decorated with flags, banners and bunting, and with a large double arch, carnival and other attractions on the square, presents a holiday appearance. The massive court house and other buildings, together with the beautiful, paved streets, fine lawns and modern conveniences would present a great contrast to the view of the settlers of 100 years ago who built the log court house and clustered their huts about it, could they now come upon the scene. The limited conveniences enjoyed by these early settlers and their mode of life are recalled by the exhibits at curio hall in the Huston block on the south side of the public square, this exhibit including an assortment of the old colonists' tallow dip lamps with which these pioneers lighted their cabins, pewter plates and spoons and spoon bowls which, with many other curious utensils, recall the hardships of the settlers of a century ago.

Curio hall will be a place of rare interest to centennial visitors. The committee in charge of this feature of the celebration has taken great interest in the work, and has succeeded in securing a collection of relics and curios which will not be duplicated in the county for another hundred years. Much of the exhibit is contained in glass cases arranged about the sides and through the center of the room. The fine private collection of F. M. Benner, Herman Smiley and W. F. Temple, members of the committee, constitute a large part of the exhibit.

Among the relics is a pewter plate 145 years old, owned by W. G. Eakholtz.

## MORE PAY GRANTED TO MANY TEACHERS

Board of Education Elects Pedagogues For the Ensuing Year.

### BUT ONE PLACE VACANT

After an interim lasting a week longer than is customary owing to the absence from the city of several of the members, the board of education got together last evening and elected teachers for the several schools. Supt. Rayman and a committee of the board, after careful consideration of the merits of each applicant, had prepared a list and it went through with perfect harmony. But one position remains to be filled. It is that of the teacher of science. Several applications have been made for the place and it will likely be filled at the next regular meeting of the board.

According to a rule observed by the board for several years an increase in the salaries of practically every teacher was granted. The exact amounts to be paid each teacher could not be obtained from the board this morning, but Clerk W. B. Hill stated that all of the teachers outside of the high school that taught last year received a raise of \$2.50 per month. Those of the high school were raised several dollars. Miss Updegraff being increased from \$1,200 to \$1,350. Increases are granted on length of service and the merit of each individual. The result of the election was as follows:

#### High School.

Florence Updegraff, principal; Nellie E. Campbell, Martha G. Cooper, Elma G. Martin, Jessie F. Manley, Grace L. Hartman, Mary A. Andrews, Pearl Williams, Bertha A. Dunlap.

#### Central Building.

Grammar Department—Angie Moore, Clara Beal, Emily Firth, Agnes Pfisterer, Mary Buchanan, Charlotte Rose, Mrs. Della Hayes, Miss Mary Gladden.

Primary Department—Isabella McClain, Naomi Shont, Minnie Agner, Mary Jackman, Margaret Cuthbert, Lena Joseph.

#### Grand Street Building.

Grammar Department—Anna Gardner, principal; Maude Baum, Mary L. Pike, Maude Dawson.

## GOOSE PASTURING GAME WAS TRIED BY BOYS

Colored Man the Victim—Chief Wyman Will Stop the Practice.

A respectable, well dressed colored man arrived in the city last evening, and he had been on the street but a few minutes when a gang of boys concluded to goose-pasture him. They did so and completed their job in great style. The stranger was enticed down to the river bank and the usual trick was played to get him on a run. He ran until he fell to the ground for want of breath, and when a passerby approached him he asked for police protection.

Chief Wyman was notified and after finding the man escorted him to a boarding house. The chief is on the lookout for the boys that carried out the trick and if he succeeds in landing them, they will be arrested and fined heavily. It is the intention of the chief to break up the practice.

## ACTION ON BONDS IS LOOKED FOR

Special Meeting of Council Friday Evening to Consider the Matter.

### CITY EMPLOYEES UNPAID

There will be a special meeting of council on Friday evening. President Horwell stated this morning that the body would be summoned together for the purpose of passing an ordinance providing for the issuance of bonds to cover the present indebtedness of the city.

The resolution passed by council at its last meeting declaring it necessary to issue the bonds becomes effective tomorrow, and the special meeting would be called for tomorrow evening but for the absence of an official. It is the desire of council to get the money into the treasury as soon as possible, and the members are all in favor of the call.

Owing to the deficiency in the several funds of the city the officials and all employees of the city are being made to suffer. There is no money in the treasury for them and they simply must wait until it is placed there. Some of them are borrowing money to run them and their families until pay day rolls around, and having to pay interest for the amounts borrowed they feel that they are not receiving what is rightfully due them. The conditions, however, cannot be credited to the fault of any officials now in service, the shortage in the funds being made under past regimes.

According to the provisions of the code the bonds will not be sold until about the third week of July, it being necessary to advertise them for sale for 30 days. It was thought by some that they could not be advertised until after the ordinance providing for them had been placed into effect, which requires 30 days, but City Auditor Davidson states that it is perfectly legal to ask for bids just as soon as the ordinance is passed.

If this is done and the ordinance is passed on Friday the bonds will be sold on or about July 19, and there will be plenty of money in the treasury. One day of this week the city treasurer will receive quite a snug sum from the county treasurer, and it is assured that the officials will not be compelled to wait very long for their salaries.

## RULES PREPARED FOR WATER'S USE

Stringent Regulations Regarding Water Consumption and the Rates.

### METERS MUST BE USED

By Several Classes of Consumers. Bradshaw Avenue Sewer Contract Awarded By the Board of Public Service Last Evening.

Two members of the board of public service, W. L. Smith and Jacob Shenkel, met last evening with an extraordinary amount of business confronting them, but owing to the absence of resident Taylor they deferred the bulk of it until next Friday evening only taking up that which did not require the advisement of the entire board.

The bids for the sewer to be laid on Bradshaw avenue opened by the city engineer and the city auditor last Saturday, reported exclusively in the News Review, were carefully read and the contract was awarded to the lowest bidder, J. C. Cunningham, who placed the figure at \$6.95 per foot. Mr. Cunningham is to use Portland cement and will commence the work when notified by the auditor that there is sufficient money in the treasury to pay for it.

Harrison Rinehart's bill for paving on Fifth street was disposed of by a motion of Mr. Smith that it be referred back to council, two members of that body understanding every particular in the case.

At the next regular meeting of board will hold one of the most important sessions since its organization. The electric lighting company's bill, which has been pending for some time, will be brought up and a number of the rules that are to govern the actions of the board will be adopted.

The rules pertaining to the keeping of the streets were published on Saturday by the News Review. The following, compiled by Solicitor Davidson and Clerk Gipner to govern the manner of use and the rates for water service in the city, will be adopted and together with the street rules will be submitted to council at its next regular meeting for passage:

Service pipes between the ferrule and the stop-cock shall be laid not less than four and one-half feet below the grade of the street. The material used for such service pipe shall in each and every case be subject to the inspection of the superintendent, and if found defective or below the standard established by the board of public service, or not in conformity with the depth as above stated, its use will not be permitted and no tap will be made.

All service pipes for supplying hydraulic elevators or other motors must have suitable air chambers thereto for the purpose of preventing water ram in the pipes; and the owners or users of such elevator or motor must keep the same in good repair, so as to prevent all leakage and waste of water. They shall also, at their own expense, place in their service pipe a water meter, such as shall be approved by the superintendent of the water works.

Screw attachments on yard hydrants or bib cocks wherever located upon any property shall subject the property to the same assessment as for a hose or street washer. All fountains, gas engines and soap boxes for cooper shops must be provided with meters, and all meters and valves used in the

## THE COUNTY JAIL WORSE THAN OURS

Monroe County Has the Distinction of Eclipsing Columbiana in One Way.

### ANOTHER INSPECTION DUE

From a Staff Correspondent.

Columbus, June 16.—Perhaps the people of Columbiana county may be interested in knowing that their county jail, while being one of the worst in the state, is not the worst. Secretary H. H. Shirer, of the board of state charities, who has just returned from a tour of inspection of county institutions, in the southern part of the state, found many of the jails visited to be in a most deplorable condition and infinitely worse off than Columbiana's jail.

The Monroe county jail at Woodsfield was found to be in an unusually wretched condition and from a hygienic standpoint is probably the worst institution of the kind in the state. It is also used as a lockup for the town. It is a small affair and is unprovided with any sanitary system whatsoever. The prisoners wash in a bucket. There is a bad odor about the place as there was about the prisoners when Mr. Shirer called. Baths seemed to be unknown at the institution. The building is also in a bad state of repair. Secretary Shirer will recommend to the county commissioners that the jail be remodeled and put in a sanitary condition.

The secretary will try to pay Columbiana county a visit soon. If he does he will probably criticize the county jail, as his predecessors did. For many years the institution has been anathematized and condemned as a place fit for occupancy by grand juries, boards of county visitors and the board of state charities but in spite of all this objection and complaint the county commissioners have never manifested a willingness to replace the dilapidated structure with a more substantial and commodious one. In the last report of the Columbiana county board of visitors filed with the board of state charities the jail was denounced as a place unfit for the habitation of either man or beast.

The program for the state bar meeting to be held at Hotel Victory, Put-in-Bay, July 7, 8, 9 and 10, is out. President John W. Warrington, of Cincinnati, will deliver the annual address. The most important number will be an address by John S. Wise of Virginia, his subject being "The Constitutional View of the Race Question." The program contains the names of some able speakers. Consideration will be given the proposition to give the governor veto power and what interpretation should be given the sections of the constitution providing that all laws should have a uniform operation throughout the state and that the general assembly shall pass no special act conferring corporate powers. The double stock liability clause will also be discussed. It will be recommended to the association that the term of office of the judges of the supreme court be lengthened.

#### Working As Mail Clerk.

Lisbon, June 16.—(Special)—Arthur Clark, son of Attorney J. W. Clark, of Lisbon, having passed the mail clerk civil service examination, has been given a temporary run between Lisbon and Cleveland.

## AN OPTION IS SECURED! ON ODD FELLOWS BUILDING AND A BANK MAY BE BUILT

The Price For the Property Is \$25,000 and It Is Likely the Deal Will Soon Be Closed.

The Odd Fellows' building at the corner of Fifth and Washington streets, considered one of the most valuable properties in the business section of the city, has been optioned to George H. Owen & Co. The option is for 90 days, and while the purchase price has not been made known it will not be under \$25,000. A short time ago an offer of \$23,000 was refused.

George H. Owen, when seen by a News Review reporter this afternoon, admitted that the option had been taken, but refused to discuss the deal. It could not be learned whether he was acting as an agent or making the purchase as an individual investment.

There is but little if any doubt but what the option will be closed before its expiration and that the property will pass into other hands.

A report, with a good foundation, was in circulation this afternoon that the present structure would be removed by the intended purchaser and that a modern banking building would be erected. Possession cannot be taken at once, however, as the Potters Building & Savings company has a lease on the corner room which has a year or more of life.

The Odd Fellows' corner is considered one of the best locations in the city for a banking or building and loan institution, and it is likely that it will continue to be used for this purpose. The Potters Building & Savings company has prospered materially since its

was removed to the premises from the Foutts building.

The building fronts about 60 feet on Washington and 65 feet on Fifth and includes the law offices of Vodrey & Wallace. The Washington street frontage includes the alley way to the north.

It will be remembered the Potters Building & Savings company recently purchased the Purinton property, in the same block, fronting on Washington and Broadway and now occupied by a candy kitchen and a barber shop, with the intention of erecting a fine business block. The building of this structure will not be delayed beyond next summer, at which time the company may surrender its leasehold on its present quarters.

While it has not been given out officially it can be reasoned that the Odd Fellows will now build on their recent purchase of the Nagle property on Sixth street. This organization is one of the wealthiest in the state and can be expected to erect a structure that the city will be proud of.

Through the Owen agency several big real estate sales in that immediate vicinity have been made. W. L. Thompson bought the property where the Hard furniture establishment now stands for \$23,000; the site for the Potters National bank for \$12,000 and the two buildings south on Fifth street were the most important of these transactions.

## TOW BOAT RAN AGAINST THE BAR

THE ENTERPRISE SINKS TWO BARGES AT LINE ISLAND.

Narrow Escape For Several Men And a Loss of \$5,000 Is the Result.

The towboat Enterprise, of the Monongahela Consolidated Coal & Coke company, with a tow of 12 pieces, met with an accident near Line Island this morning which threatened the destruction of her entire tow and endangered the lives of five of the crew. As it was two barges were sunk and several others damaged to some extent, entailing a loss estimated at \$5,000.

The boat left Pittsburgh this morning and reached Line Island about 9 o'clock. In trying to make the channel at the head of the island she was carried against the bar. In spite of hard work on the part of the crew the tow broke into three sections. Five members of the crew were on the sink barges and they were rescued only a few moments before they went down about 12 feet of water.

A desperate effort was put forth to land the two sinking barges. The boat was cut loose from the balance of the tow and attached to them, and then began a race to the shore. Both barges sank when some distance from the bank. The abandoned barges, floating with the current, had almost reached the Southside bridge when the Enterprise overtook them.

#### Nothing Else Like It.

## ENGLISH TRACE NOTES.

Throughout the Staffordshire district there is a general improvement in the staple industry, not that it means that trade is good, but the change is fully appreciated both by the manufacturers and the operatives alike. One remarkable feature of the trade is the demand for those goods which can be metal mounted, such as jugs, teapots, etc. The metal trade has not been so good for some time at this season of the year. Trade with America remains in much the same state as last week, and orders are coming in fairly well.

The best class of fancy goods are selling the best, and it would appear that if the manufacturers would send more travelers out and more often, business would be possible. In a consular report from Galveston, Tex., the following remarks are made: There is a good demand for imported crockery in the south. In all places visited, and especially in New Orleans, there were stores well stocked with articles of French manufacture. Ornaments either manufactured in France or of French design, were seen everywhere, and many of them were high-priced. A certain amount of tableware, generally of a cheaper quality, had British marks.

## WILL HAVE AN OUTING.

Elijah Eardley, bench boss in the biscuit end at the Union, will leave tomorrow for Coshocton and from that city will proceed along the Tuscarawas river to select a camping place for a party of local people. Mr. Eardley has camped along this river every summer for the past 11 years and knows just where to find the shadiest nooks and best fishing spots. The location he has in view is about 12 miles from Coshocton and in that same vicinity three parties from this city will be camped. The party for which Mr. Eardley will prepare has been camping every summer, but this year no name has been selected. Those interested have been meeting very evening and the club will be given a permanent name. Those who will make the trip this year are John McEe, George Lomax, William Messer, George Mountford, Alfred Moore, Elmer and Walter Smith, Will Robinson, Basil Rowe, John Jones, William Wallbanks, Will Andrews and James Green. They expect to start about July 2.

## NEW YORK NOTES.

While the total amount of business transacted in the crockery line during the month of May showed a fairly good average, trade conditions during June are expected to gradually fall off in anticipation of the summer dullness. There is a fair amount of business doing yet, the traveling men in various sections of the county sending in orders with considerable regularity and the mail order business not having yet shown any decrease. The demand for hotel china continues quite brisk and will probably last for some time. At Trenton special orders are taking the attention of the potteries to keep them running until the end of July.

Much hope is held out to the manufacturers, however, for an early movement on fall trade, which is expected to more than make up for the dull season. In anticipation of this demand

## WE MUST REPEAT

When Everybody in East Liverpool Tells the Same Story.

It is hard to say new things about Doan's Kidney Pills. They cure the lame and aching back, the sufferer from kidney disorders and the troubles of those whose urinary organism is wrong in its action. That they do this is so easy to prove that not a vestige of doubt remains. Public endorsement of local citizens is easily proven. Read this case:

Mr. H. Thompson, of 304 Fourth street, presser at the D. E. McNeil pottery, resident of East Liverpool for the past 45 years, says: "During my campaign experience between the years '61 and '64 I contracted a weakness of the kidneys, and at intervals I had an aching pain across the small of my back and was subject to attacks of muscular rheumatism, especially in damp weather. I was frequently so bad that I could scarcely get up when down, and in fact could hardly get around at all. I tried many remedies endeavoring to get rid of the trouble, but found nothing until I got Doan's Kidney Pills at the W. & W. pharmacy. They filled the bill exactly. They gave me almost immediately relief and warded off the last attack."

For sale by all dealers. Price 50 cents. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

Sold by W. & W. Pharmacy.

## THE WEATHER.

Ohio—Fair; warmer in east and central portions; Wednesday, fair; cooler in north portion; variable wind.

Western Pennsylvania—Fair and warmer; Wednesday, fair; cooler in north portion; light west to north wind.

West Virginia—Fair and warmer; Wednesday, fair.

Many of the potteries are beginning to prepare new designs and shapes.

## BRICK PLANT RENOVATED.

John Horwell, one of the stockholders of the East Liverpool Brick works, announces that the plant will be fully repaired and in operation by July 1. Since the wrecking of the plant by the worst landslide in many years several weeks ago a large force of men has been at work clearing away the debris and rebuilding and now the plant presents a new appearance. The engine house has been moved as close to the railroad track as possible and an embankment erected to the rear of it that will prevent another such catastrophe as that which ruined it. The embankment extends down below the kilns, which have also been repaired. The plant is one of the best for its size in this section and is a good money-maker. Its capacity ranges from 20,000 to 25,000 bricks daily.

## KILNDRAWERS OUT.

The kilndrawers at the Vodrey pottery went on a strike yesterday on account of the "emptier" not being a member of their local, No. 17. The man in question has been employed at the plant for the past six months. The firm disclaims any responsibility for the men going out and denied the report yesterday that a non-union crew had been employed to draw the kilns. This matter had been brought to the attention of No. 17 at the meeting Saturday night and a committee was appointed to effect a settlement. It is stated that the men were not to strike until the committee had had a chance to make an investigation. No settlement was effected yesterday and the biscuit warehouse crew was laid off indefinitely.

## OFFICERS NOMINATED.

Nominations for officers have been made by Kilndrawers' local No. 17 and the election will be held next Saturday night. At the last meeting, which was largely attended, one candidate was obligated and two applications were considered. This local has been increasing at a rapid rate and the members hope to see it as strong as the Kilmen's organization in the near future. With this end in view they are striving to secure new members.

## MANAGER FOR SHENANGO.

It is reported that J. W. Amar, formerly a salesman for the East Liverpool Pottery company, has been made manager of the Shenango plant at New Castle, succeeding Charles Phillips. Members of the firm have been several times to this city after Amar, a practical man for some time.

## AMONG THE WORKMEN.

Harry Lewis, of the glass end at Brunt's, is reported among the sick. Fred Heckathorn, Dan Hickman and Harry Hoffmann, kilnmen at the National, were out ground hog hunting yesterday afternoon.

Hugh McCarron, who recently accepted a situation as a turner with the Lisbon plant, spent Sunday here with his family, returning yesterday. The family will join him in Lisbon after the Fourth of July.

Frank Rappold, boss gold stamper at the Laughlin No. 2, left yesterday for New York, from which point he will set sail for Austro-Hungary, his former home. Mr. Rappold will spend the summer there with relatives and expects to return to this city in the fall.

## PICTORIAL PUZZLE.

FIND A SQUIRREL.

AMPLE REASON  
FOR JOLLIFICATION

A Pittsburg Newspaper Talks of Columbiana County's Centennial.

Columbiana, one of the border counties of Ohio, is to celebrate the one hundredth anniversary of its existence this week. It is one of the oldest of the Ohio judicial districts, the county being the same age as the state, which was admitted to the union in 1803, the fourth of the new states to join the original colonies. Singularly enough, says an editorial in the Pittsburg Times, Kentucky and Tennessee, both farther west than Ohio, were second and third among the new states, Vermont being the first. But whatever Tennessee and Kentucky may have had to their advantage in the start was soon overcome by the energy and good fortune that came Ohio's way. The gap in the mountains broken by the Ohio river afforded to the pioneer a road to get from east to west that he soon found to his profit, and Ohio commenced to grow from the start. The canals opened a way for local transportation, and gave manufacturing a wonderful impetus, which attracted railroads when they were added to the resources of the country, and Ohio has continued to grow and develop right along.

Columbiana county has not lagged behind the rest. Its flourishing towns of East Liverpool and Wellsville are among the most thrifty in Ohio. East Liverpool being the seat of the pottery industry to such an extent that it has scarcely a rival on the continent. Other promising towns are found in the county, which is a region of diversified resources, the farmer finding a market at the manufacturing and river towns, and the river and railroads giving transportation facilities that insure the future of the county. Columbiana has ample cause for a jollification.

## Union Contractors.

Following is a list of the contracting firms who have signed the scale of the local union, No. 165, Brotherhood of Painters, Decorators and Paperhangers of America:

T. O. Timmons & Son.  
A. Dinerstein.  
M. Trunick.  
Campbell & Son.  
Pugh & Hale.

All other firms are non-union, and have been so declared. Citizens having the welfare of the wage earner at heart will make note of this fact, and patronize none but the above contractors.

He has been president of Calaloo college, Iowa, and of the State Normal school of Nebraska.

THE CLERICUS CLUB  
HOLDS A MEETING

Ohio Valley Episcopal Clergymen Met At Steubenville Yesterday.

The Clericus Club, composed of the Episcopal clergy of the Ohio valley, met in social session at St. Paul's church, Steubenville, yesterday morning and had a delightful time. The object of the organization is to meet socially and discuss various questions pertaining to the church, one topic being assigned for each session of the club. The subject for this meeting was "Growth and Prosperity of the Church," which was presented in an able paper by Rev. Mr. Irvine, of Wellsville. A spirited discussion followed and many new and bright ideas were presented.

At the conclusion of the services an elegant luncheon was served by the ladies of the parish. A large round table was handsomely decorated with crimson rambler roses, covers being laid for 12. Rev. G. H. Hinkle, rector of St. Paul's, presided and the following guests gathered around the hospitable board: Rev. Edwin Weary, East Liverpool; Rev. Messrs. Cook, Clarksburg, W. Va.; Ruttingham, of St. Luke's, and Curran, of St. Andrews, Wheeling; Will Grier, Toledo; Arch-Deacon Spurr and Christian, Moundsville; Rev. Mr. Irvine, Wellsville; Rev. Mr. Cox, Bellaire; Very Rev. Dean Wood, of the Wheeling convocation, and Rev. H. L. Gaylord, of St. Stephen's parish, of Steubenville. The feast was most graciously served and much enjoyed by all.

This was the last session of the Clericus for the season and adjournment was taken to meet in Fairmount, W. Va., in September and be entertained in the district of Bishop Penick, who is rector of that large parish.

An Animal Story For

Trapper's Bad Bargain

The polar bears heard that there was a party of trappers near their home, and they decided to go down and meet them and see if they could not make a bargain for the exchange of some furs for little household articles.

The bears gathered all the skins and furs they had and marched down to

"YOU FELLOWS WANT TOO MUCH FOR YOUR FURS," SAID THE MAN.

meet the trapper. There they met a man who had several big chests filled with trinkets that he desired to give in exchange.

"What will you give me for this fur?" asked the first bear, holding up a beautiful otter skin that would have made a handsome collar for some pretty lady.

"Three glass beads," answered the man.

"Oh, no," replied the bear. "That is too cheap. You ought to give a quart of beads."

"What will you give for this?" asked the second bear, holding up a valuable fur.

"A fine comb," answered the man.

"That's too cheap," replied the bear. "You ought to give a comb and brush."

"What will you give for this?" asked the third bear, holding up a pretty skin.

"A box of toothpicks," answered the man.

"That's too cheap," replied the bear. "You ought to give the toothpicks and a toothbrush."

"You fellows want too much for your furs," said the man. "You had better talk this matter over between you and see if you will not accept my offers."

Then the bears put their heads together and had a little talk.

"Well, what have you decided?" asked the man.

"We have decided," said the bear.

"that you are altogether too cheap to live, and we are going to eat you and then take all these pretty things for ourselves."

The bears made a rush at the man and the man made a dash at top speed across the snow.

Then the bears seized the chests and divided the nice things between them and took them home to make their wives and children Christmas gifts of them.

LIFE PLANT

THE greatest of all known remedies for the positive cure of all diseases of the STOMACH, LIVER, KIDNEYS and BLOOD. It is nature's own remedy and acts in accordance with her laws.

Do you suffer with INDIGESTION—are you distressed after eating—does a torpid liver make you feel miserable—out of sorts—at variance with the world? Do the kidneys fail to perform their duty, giving backache and general lassitude? Are you all worn out?

LIFE PLANT will relieve quickly and cure permanently—no disappointment—no failure—it has cured thousands of others—it will cure you.

Rev. J. H. Merchant, Pastor M. E. church at Freeport, O., writes under date July 10, 1900: I take pleasure in and do not hesitate to recommend Life Plant as an excellent remedy for Liver and Kidney difficulties. Mrs. Merchant desires to bear testimony to the healing virtues of Life Plant, as a sure and certain remedy for Rheumatism.

German Syrup.

We want to impress on our readers that Rosche's German Syrup is positively the only preparation on the market today that does relieve and cure consumption. It contains the specific, such as pure tar, extracts of gum, etc., which have been so highly endorsed for the cure of coughs, colds and consumption by the great medical congresses. The consumptive, whether his disease is in the throat or lungs, must have rest at night, and be free from the spasm of dry and racking cough in the morning. The diseased parts want rest, healing and soothing treatment, and the patient needs fresh air, good food, etc. German Syrup will give free and easy expectation in the morning with speedy and permanent relief. Small bottles, 25 cents; regular size, containing nearly four times as much, 75 cents. At all druggists.

## EAST END

## ALL SERIOUSLY ILL

Last Member of the Family in the Quarantined House Taken Ill Today.

John Stewart and family, consisting of a wife and four children, are very seriously ill at their home in the Klondike. The house has been under quarantine since Sunday and George Culbertson is guarding the premises. Mr. Stewart, his wife and three of the children were taken ill about the same time, and yesterday the fourth child became ill.

Dr. F. F. Davis, the attending physician, stated this afternoon that Mrs. Stewart was somewhat improved. It was reported this morning that she was in a critical condition. The disease has not progressed far enough yet to determine whether it will terminate fatally.

## Aged Citizen Dead.

J. G. Smith, of Pennsylvania avenue, received word this morning from Mansfield of the death of his grandfather, Isaac W. Pleasants, aged 86 years. The funeral services will be held in the First Congregational church of that city at 2 o'clock tomorrow afternoon. Mrs. Smith left at noon today to attend the services. Mr. Pleasants had lived in Mansfield 42 years and was one of its highly respected citizens. Death was due to the infirmities of age.

## Enjoyed the Social.

Members of Pan-American court, Tribe of Ben Hur, and their friends to the number of more than 100, had a delightful time at their box social in Larkins' hall last evening. Besides the viands in the boxes, prepared by the ladies, ice cream and cake were included in the refreshments. A musical program, consisting of piano and vocal selections, was rendered by popular performers. The program also contained several recitations, which were greatly enjoyed.

## Will Play Today.

The great diamond contest between Bob Sodaker's Rangers and Jimmy Larkins' Second Street Stars, is to take place at the Y. M. C. A.'s Southside park this afternoon. The game is to be called at 4 o'clock. It is stated that Manager Larkins wanted the game postponed, claiming that several of his players were not in condition. Manager Sodaker insisted on the game taking place as scheduled.

## Curfew Rang Last Night.

The curfew bell, erected yesterday on the roof of the fire station, rang for the first time last evening. When it pealed forth at 10 o'clock every youngster in the East End, as far as Officer Fisher could learn, was safe at home. Officer Fisher intends to see that the ordinance is strictly complied with, and the youngsters will be shown no mercy if they are found upon the streets after hours.

## Mysteriously Poisoned.

Raymond Chambers, of Pennsylvania avenue, a popular clerk at the Bradman grocery, is confined to his home with poisoning. While his condition is not serious the malady is extremely annoying and painful. Mr. Chambers does not know how he came into contact with the poisonous substance, or when it occurred. He is somewhat better today and hopes to be out again in a few days.

## Important Meeting Tonight.

The meeting tonight of the Protected Home Circle will be one of the largest attended and most important held in several months. Officers for the ensuing six months are to be selected, and as there are many nominations for most of the offices, there will be some spirited, though friendly contests.

## EAST END AFFAIRS.

James Sterling and sister, of Lisbon, are visiting T. J. Andrews and family, of Pennsylvania avenue. Herbert Supplee, of Ohio avenue, left today for Pittsburgh, where he will spend a couple of weeks with relatives.

Harry Hunter, of Minerva, has moved his family to the East End and they are occupying the second floor of the Supplee building.

Walter C. Supplee and wife, of Ohio avenue, will go to Lisbon tomorrow to attend the centennial. They are former residents of that city and greatly interested in the event.

**Dyspepsia AND Liver Disease CURED BY DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.**

"I was weak, nervous and dizzy, with a fainting sensation when walking," writes Jesse Childress, Esq., of Samuel, Sullivan Co., Tenn. "Could not walk any distance; always felt bad after eating; felt as though something was sticking in my throat; always uneasiness in stomach. Doctored with three physicians but they did not relieve me. I grew worse and used everything I could think of; was nearly ready to give up and then some one told me that Dr. Pierce's medicine was good, so I began taking his 'Golden Medical Discovery.' I have taken seven bottles of that now and am as stout as ever, and enjoying health as much as ever before. I worked all summer and this winter as much as any one. My case was liver disease and nervous dyspepsia of which your medicine has cured me. In September last my weight was about 55 pounds, now it is 195. Please accept my sincere thanks."

## Life

Renewed. Left Side Badly Affected.

Liable to Paralytic Stroke.

Dr. Miles' Nervine Gave Me New Life.

"This is to certify that I have used Dr. Miles' Restorative Nervine, which has done wonders for me. Six years ago I had nervous prostration and again three years ago, at which time I began taking Dr. Miles' Restorative Nervine. I kept taking it for six months and have taken an occasional dose during the last two years. I am practically a new man and feel that I have been given a new lease of life. I used to have very bad attacks of stomach trouble but since using the Nervine I can eat most anything I want with impunity. I was examined in Omaha by a noted German doctor three years ago. He told me I was liable to a paralytic stroke any moment; that my whole left side was badly affected. That was just before I began taking Dr. Miles' Restorative Nervine. My work for two years and a half has been very trying on my nerves. I am a presiding elder, traveling my districts at the rate of ten thousand miles a year, preaching on an average of five times a week, besides many business meetings, and the multitudinous cares of my work in general. Thanks to Dr. Miles' Restorative Nervine I have been gaining in flesh despite this hard work until now I weigh a hundred and ninety-six pounds, nearly twenty pounds more than in all my life. I preach Nervine wherever I go to those afflicted with nerve, heart or stomach trouble."—Rev. M. D. Myers, Presiding Elder, Free Methodist Church, Correctionville, Ia.

## HOW RELIGION IS AFFECTED BY COLLEGE EDUCATION

By President HARPER of Chicago University

THE university is just beginning to feel the effects of the disregard of religious instruction which has been prevalent during the last twenty years. IN THE HOME AND ON THROUGH THE PREPARATORY SCHOOL THERE HAS BEEN A PECULIAR AND FATAL LACK OF RELIGIOUS TRAINING. The boys and girls whose characters and habits would be affected by this irreligious spirit have now reached the age when they should enter the universities, and their views on life and religion are accepted by the public as those fostered by the university. There is naturally a tendency in a university environment TO CONFIRM THEM IN THEIR SKEPTICISM. They are thrown into the company of others of like opinions, opinions that have been formed through lack of religious instruction in early life. The university training may possibly strengthen these opinions.

To teach a man to discriminate is the primary purpose of education. If it does not do that, it has not served its purpose. But in doing this IT VERY FREQUENTLY CAUSES THE STUDENT TO DOUBT THE TRUTH OF WHAT LITTLE RELIGION HE HAS. It is difficult to see why it should not do this.

No truth is accepted on the basis of another person's authority, according to the scientific attitude of mind which is taught in the universities and colleges of today. THE COLLEGE STUDENT IS TAUGHT TO QUESTION EVERYTHING. Problems whose very existence he had never imagined are offered to him for solution. Philosophy commands him to doubt the existence of matter. Problems which in his years of adolescence he had firmly believed were settled are being investigated and new solutions offered by his teachers and fellows. He passes through not only a mental but a moral evolution. The same questioning attitude which he is directed to assume in the class room toward scientific phenomena may be unconsciously assumed by him in his everyday life toward religious dogma.

JUST AS HE DOUBTS THE OCCURRENCES OF EVERYDAY LIFE HE DOUBTS THE TEACHINGS RECEIVED FROM PARENT AND PASTOR.

## MITCHELL PRESIDES AT MEETING

United Mine Workers Assemble for Purpose of Clearing Up Differences With Operators.

Scranton, Pa., June 16.—The special convention of the United Mine Workers of the three anthracite districts, called for the purpose of dealing with the refusal of the operators to recognize the conciliators appointed by the joint executive board, opened with National President John Mitchell presiding and 640 delegates in attendance. The conciliation matter and all other grievances the different districts want to have considered were referred to a committee on resolutions, composed of seven delegates from each district and three district presidents.

The sentiment almost unanimously expressed in the motions and speeches was in favor of the convention contenting itself with endorsing the action of the executive board and leaving it to the operators to accept the three district presidents as conciliators or take the consequences of their refusal. Not a few of the delegates declared openly for a strike to enforce acceptance of the district presidents' credentials as they now stand. In opening the convention President Mitchell made a brief speech, reviewing the events that have transpired since the close of the strike and making suggestions as to what plan of procedure the convention should follow.

## NATIONAL CAPITAL NOTES.

Secretary Root returned from a visit to West Point and Oswego.

## BECOMING A MOTHER

is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period. Sold by all druggists at \$1.00 per bottle. Book containing valuable information free. **MOTHER'S FRIEND** The Bradfield Regulator Co., Atlanta, Ga.

The position of the Jewish people of the United States to the czar is very moderate in tone and merely asks that the emperor of Russia shall proclaim, not only for the government of his own subjects, but also for the guidance of all civilized men, "that none shall suffer in person, property, liberty, honor or life because of his religious belief; that the humblest subject or citizen may worship according to the dictates of his own conscience and that government, whatever its form or agencies, must safeguard these rights and immunities by the exercise of all its powers." The principle here enunciated is one of the cornerstones of the government of the United States, and a basis of our peace and prosperity. How far behind the rest of the world Russia is becomes apparent when it is remembered that America has enjoyed from the foundation of its government the privileges which the czar denies his

subjects. The present czar has been called a progressive ruler. He could do nothing that would so securely establish his right to the title as to grant the petition for religious freedom.

A recent important decision of the Ohio supreme court affirms the constitutionality of the plan of combining all the district schools of a township in one central building, and the right of boards of education to pay for the transportation of pupils between the school house and their homes. This decision will be received with favor in every progressive community. This plan was first tried in Kingsville, Ashland county, and has worked admirably. The advantages of the city graded school were secured for the country pupils without any additional cost, for it required fewer teachers, at less cost for fuel and incidentals. Good supervision of the work of the teachers was a natural result, and better teachers than the average rural pedagogy were obtained, because better salaries could be paid.

If the views of President Roosevelt are correctly reported, says the Toledo Blade, he is opposed to a large campaign fund with which to carry on the next national election. In this he is to be heartily commended. It is not to be understood that he will deliberately endeavor to draw the fire of Wall street. No doubt he would like the support of the millionaire as well as that of the plough-boy, but he does not think that the best in American citizenship can be brought out by a campaign of dollars.

Lisbon has evidently arranged a good show for her guests. But why persist in calling the celebration the "Lisbon centennial?" All parts of Columbiana county appear to have been drawn from to aid in the success of the affair. It is the county's centennial, as well as Lisbon's, and the whole is bigger than a part. Lisbon deserves a lot of credit for arranging the exhibition, but Columbiana county figures in it quite conspicuously. Don't forget that.

The Shamrock is here. So is the cup. They are not likely to depart together.

The king of Serbia is not likely to be annoyed by life insurance agents.

Mighty few people will envy Prince Peter Karageorgevitch his new job.

### OBITUARY

#### Mrs. C. M. McFrederick.

Mrs. Bessie McFrederick, aged 21, wife of C. M. McFrederick, of 161 Seventh street, rear, died this morning at 5 o'clock, after an illness of six weeks with typhoid fever. The body will be taken to Jerusalem, Monroe county, O., tomorrow morning and the funeral services will be held that afternoon.

Mrs. McFrederick was a bride of but a few months, having been married on the 18th of January of this year, and her death is particularly sad. She was a member of the Presbyterian church at her former home and lived in accordance with her faith. Besides the husband, her parents, Mr. and Mrs. William Wiley, two brothers and two sisters, all of Jerusalem, survive her.

#### Mrs. Lachlin Ross.

Mrs. Mary Ross, wife of Lachlin Ross, died Sunday at her home on Ida street, aged 69. She was born in St. Clair township and was the daughter of Alexander and Mary McPherson. Five sons and two daughters survive her. T. A. Ross, the oldest son, is ill in Iowa, his home, and H. L. Ross, another son, is in the Hawaiian islands. She was a member of the Presbyterian church and highly respected. The funeral took place at 1 p. m. today, Rev. C. G. Jordan officiating, assisted by Rev. J. N. Swan.

### MRS. MILLER

#### AGAIN AT HOME

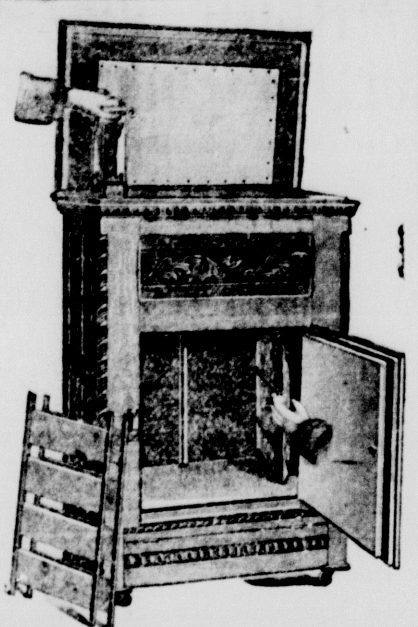

Telephones Chief Wyman That the Family is Making It Unpleasant for Her.

Mrs. Mary Jane Miller, the aged woman who ran away from her home at Calcutta last week, leaving her husband and stepchildren, and who was charged by them of being insane, returned to her home yesterday. She telephoned to Chief Wyman this morning, stating that the members of the family insist that she cannot live with them.

The chief told her to stay with them under all circumstances. He informed her of the awful right to do so and the unlawful right of them to eject her. She said that she was afraid of her life and that the family has threatened to move if she did not move. The case is one of the most pathetic that has come before the public in many months.

### FRIENDS AND VISITORS

Charles McGregor is visiting in Pittsburgh.

A. G. Mason, of Lisbon, was in town yesterday.

Miss Jessie Manley, of East Market street, is visiting in Pittsburgh.

Miss Alice Deidrick and Miss Clara Deal will go to Wooster University next week.

Charles and Will Roser and their mother will soon leave for a visit to Germany.

Mr. and Mrs. W. E. Beresford have returned to Cleveland after visiting East Liverpool friends.

Miss Mary Andrews, of Jackson street, left this evening for Denver to visit for two months.

Mr. and Mrs. Thomas Bailey, of Youngstown, have returned home, after visiting friends here.

Rev. Father Mahon left this morning for Wheeling, to be present at the graduation of a friend in that city.

Mrs. Ann Hallam, of Jackson street, was 85 years old yesterday, and her friends tendered her an agreeable surprise party.

Rev. Father T. M. Smyth left yesterday for Cleveland, being called to the bedside of Father Moloney, who is reported to be dying. Father Smyth and Father Moloney have been life-long friends. Father Smyth will remain in Cleveland until next Thursday, when he will participate in the commencement exercises at Villa Angela. Miss Margaret Hamill, of this city, will graduate at that time.

#### Leaves All to Wife.

Lisbon, June 15.—(Special).—The will of George E. Farmer, of Salem, has been probated. He leaves everything to his wife and after her death to their two sons.

A Delirious Prisoner.—Chief Wyman is in receipt of a letter from the chief of police of Elwood, Ind., asking for information regarding a man that they have in custody. The inquirer states that the man under arrest is suffering from delirium tremens and that he will never likely recover. He talks constantly about having relatives in this city. He gives his name as George Lewis and George Pierce. Chief Wyman has been unable to locate any one knowing the man.

Finance Committee Meeting.—A meeting of the finance committee of council will be held tomorrow evening to consider the apportionment of the tax levy for the fiscal year. The committee, it is thought, will not alter to any great degree the recommendations of the several boards.

#### A Wedding in Holland.

A Dutch wedding is a curious contrast to an English one. In Holland the wedding party enters the church two and two, the procession being headed by the bride and bridegroom. Forms are arranged in a semicircle round the pulpit, and there the young people with their friends and relatives seat themselves. The ceremony consists of the reading of a portion of Scripture and a long admonition to the bride and bridegroom, delivered extempore by the black gown minister. The prayers are sat through like the rest of the service, for it is against Calvinistic custom to kneel to pray. At the close of the service Bibles are presented to the young couple and to certain of their relatives. Then the marriage is registered. This free distribution of Bibles, which is made by the state, accounts for the very small sale there is for the Holy Scriptures in Holland.

#### FOR A SHORT STAY

Judge B. S. Ambler and Friends Reach Salem From the Philippines.

Salem, June 15.—After weeks of travel over sea and land, Judges B. S. and J. A. Ambler and the former's family, consisting of Mrs. Ambler and daughter Laura, and Miss Mary McNab, of Youngstown, have arrived in this city from the distant Philippine and were welcomed home by a large circle of friends and relatives. Judge B. S. Ambler has leave of absence for six weeks. He said to a reporter:

"I like the east very well and saw enough of it to know that persons can get along there with proper care of themselves. The customs of the country it is unnecessary for me to speak of, as you are undoubtedly fairly well informed as to what the Philippines are. I have had some busy times in my court. Since January I have considered nothing but civil cases; prior to that time I had both civil and criminal cases to look after. We are glad to get home, of course, and shall make the best of our visit."

#### Just a Bit Misty.

There had been half a dozen stories of thick fogs, but Captain Mansfield had waited his turn with patience. It came at last, and the other captains turned their weather beaten faces toward him with an expression of cheerful credulity.

"'Twas told me of a house setting pretty high the shore along halfway down the coast of Maine," said Captain Mansfield. "I could show you the house if it came right. It has a curious, rounded portico on it, and one day I asked the man that lives there why it happened to be built that queer shape."

"Well," says he, "the talk is that the man who lived here first had a cousin that was an architect up Boston way, and one time the feller was down here in a terrible foggy spell, and he was figuring out to his cousin how he could build a little portico of such and such dimensions, measuring out into the fog with his rule, and so on."

"'Twas in the late afternoon; he went off next day by train. The fog still held, and along in the morning the man that lived here happened to notice that the marks of the rule out into the fog were still plain, so as he couldn't go a fishing he took some lumber and built the foundations of this portico. That queer jog that makes it lopsided is where the wind bore in on the fog, they say, and bent the rule marks in."—Youth's Companion.

Major General S. B. M. Young, the head of the corps, by virtue of his office becomes chief of staff to the president and will also act as adviser to the president and the secretary of war. General Young is now the head of the Twelfth Pennsylvania infantry at the outbreak of the civil war. He was promoted until he became colonel of the Fourth Pennsylvania infantry in 1864. A year later he was brevetted brigadier general.

At the close of the war he entered the regular army as a second lieutenant, reaching the rank of colonel in 1897. When the Spanish war broke out he was appointed to the command of the cavalry division of General Shafter's corps and led the advance on Santiago. After the Spanish war he spent nearly three years in the Philippines. He reached the grade of major general in 1901. General Young is in his sixty third year. He will retire in January, 1904, when he will reach the age limit.

#### Sleep.

Sleep begins, in its first phase, by a state of distraction which brings of states of absent mindedness accompanied always by numerous and separate hallucinations closely connected with the length of the absent minded states. Immediately afterward, in a second phase, these states of distraction pass into a very delicate motor disturbance, due to the absence of parallelism in the axes of the eyes or by the deviation of their conjugate movements. Then, in a third and final phase, which indicates the very near approach of actual sleep, the vasomotor system seems to conform to laws very different from those that regulate its mechanism during waking hours.—Revue Scientifique.

## WELLSVILLE

## THE TAX LEVY

Will Be the Principal Business Before the Wellsville Council Tonight.

The city council will hold an adjourned meeting tonight. The principal business on hand will be the passing of the tax levy ordinance. The tax commissioners, at a recent meeting, fixed the levy for all city purposes at 10 mills. This amount is rather small and will necessitate considerable figuring to run the different departments. The board of public safety in its budget asked 7.9. This amount is considered exorbitant and in all probability will be cut down considerably. The board of health needs money. The board of public safety will require a certain sum and council will also require a portion. A budget from each department will be handed to council this evening and a satisfactory division will no doubt be made.

Janitor Pittinger is still on duty at the city building, but as yet has not drawn a salary. He remarked yesterday that he is getting too old now to work for his health and that a pay day must be near at hand. This matter has received so much discussion that it is becoming stale and some decision must be made soon. Two of the members of the board of public service are determined to fill this office. They have done this, and to have things run smoothly the matter will necessarily have to be dropped. Other business of minor importance will also be transacted.

## TWO CALLANT YOUTHS

Meet on the River Bank to Fight for the Hand of a Fair One.

Two young men arrived in Wellsville Sunday afternoon and both were bent on calling on the same young lady who lives in the West End. In the evening about 7:30 o'clock both started for the house and arrived there at the same time. One of them rang the bell and the young lady answered. When she saw the two she closed the door and forgot to return. Both men turned away. When they struck the sidewalk each began to tell the other how it was and how it might have been had the other stayed away.

This discussion led to warm words and ended in an agreement to settle matters with a duel. The weapons to be only those provided by nature. One of the men was large and tall while the other was much smaller. They proceeded to the river front, stripped off their hats and coats and went at it. Only a few blows had been struck when the big fellow hit the little man on the nose, knocking him over the bank. He turned over and over and did not stop until he went into the water. He quickly arose from the water, came up the bank with his coat and hat and left the vicinity without a word. No arrests were made, but the affair caused a great deal of laughter for the crowd which saw the whole thing.

## AN OFFICE FOUND

Wellsville Public Service Board Selects a Meeting Place—Notice to Railroad.

The Wellsville board of public service held a meeting this morning. The clerk was authorized to notify the railroad to repair all streets and crossings over which the belt line crosses. A petition for a water line in Clover alley between Ninth and Tenth streets was received and placed on file.

It was decided that the office of the board should be located in the western side of the council chamber. Stewart voted no.

The bond of Harry Veigler, as city plumber, was approved. Superintendent Ewing was authorized to get bids for the removal of the city plumbing shop to the basement of the city building.

## WOMAN ATTACKED BY A COPPERHEAD

Mrs. William Allison Victorious in a Battle With a Snake.

Mrs. William Allison, residing on a farm about two miles back of Chester, was attacked by a copperhead snake yesterday afternoon. Mrs. Allison had gone to the garden to weed the asparagus beds and did not notice the snake until it viciously jumped for her. At the first jump of the reptile it struck in the folds of Mrs. Allison's dress, but did not succeed in biting her.

After two more ineffectual efforts on the part of the reptile, Mrs. Allison succeeded in dispatching it with the hoe she was using. Mrs. Allison was thoroughly frightened after her experience.

## VAUDEVILLE SHOW

At Rock Springs Park Theater Greeted By a Most Appreciative Audience Last Evening.

The vaudeville performance at the theater in Rock Springs park last evening was enjoyed by several hundred of East Liverpool's amusement loving people. Every one was highly pleased with the company and pronounced it one of the best that ever appeared on a local stage. Manager Strauss has found that the people are partial to first-class vaudeville artists and will endeavor to provide the best on the road throughout the season.

Pete Baker, the famous monologist, made a decided hit with the audience, and the entire troupe received hearty applause. They will be the attraction every day of the week and will doubtless be greeted with an immense crowd at each performance.

All are anxious that the paving be finished as soon as possible.

## County Examination.

The examination of teachers for the coming term of school in Hancock county will be held at New Cumberland on June 18 and 19. This will be the first examination of teachers to come under the supervision of the state school superintendents. Until this year all the examinations had been under the control of the county superintendent, but now the list of questions required in the examination are uniform throughout the state. County Superintendent George A. Allison will examine Hancock county candidates.

## The Rectory Nearing Completion.

The ladies of the Sacred Heart church are already making arrangements for the coming housewarming and social which will be held on the completion of the rectory. It is thought the building will be finished about the middle of July. The rector, Rev. Father Toner, will present a prize of an enlarged picture of himself to the one disposing of the largest number of tickets. The money received will be used for the purpose of defraying necessary expenses about the rectory.

## SUIT IS BROUGHT FOR \$100,000 DAMAGE

Pittsburg Company Maintains That an Ohio Company Copied Its Catalogue.

Pittsburg, June 16.—The Duff Manufacturing company, of this city, manufacturers of the Barrett railroad and other jacks, has brought suit against the Buckeye Jack Manufacturing company, of Louisville and Canton, O., for \$100,000 damages on account of the issue and circulation by the latter company of a catalogue closely copying the catalogue of the plaintiff company, and maintaining that extracts from the same, and the sale of imitation Barrett jacks by means of such catalogue, the issue and circulation of the same catalogue have lately been enjoined by the United States courts of New York.

The petition was filed on Saturday in the United States circuit court at Cleveland.

## REALM OF SPORTS

SERIES OF GAMES  
OPENS TOMORROW

Wellsville and East Liverpool Y. M. C. A. Then to Meet for the First Time.

The great day of the base ball season in Wellsville will be tomorrow. The Y. M. C. A. of East Liverpool and the local team will meet for the first time. Four of the best games ever seen in this city or East Liverpool are expected. The Wellsville lineup has been somewhat changed and the team is confident that it will put up the best game of the season.

Wednesday and Friday the games will be at Central park, Wellsville, and on Thursday and Saturday in East Liverpool.

The management of the Wellsville team is becoming somewhat disgusted at the way the people are patronizing the game. Considerable money has been in this affair and the sport should receive the support of the people.

## The Batting Records.

Latest records of the National league show that there was a heavy shrinkage of percentage among the leaders of the previous week. Two Chicago batsmen, Casey and Tinker, now lead the procession. Hans Wagner ranks third, Steinfeld fourth and Clark fifth. Bresnahan, Mertes and Warner, all of the New Yorks, and all of whom were up top last week, trail next in order. Twenty-six men are batting .300 or better. Of these, Chicago has 4, Pittsburgh 6, Cincinnati 2, New York 6, Philadelphia 2, Brooklyn 4, and St. Louis only 1—"Hummer" Smoot.

## SPORTING MISCELLANY.

The attention of automobilists is now turned toward Ireland, where on July 2 the long distance races for the Bennett cup will be run.

There is a chance that Brooklyn will not get Hugh Jennings. Sacramento has made him an offer, and he may decide to play on the coast.

Ban Johnson, who posed as a friend of the players a few months ago, was the first to propose a base ball trust, which, if formed, would mean the reduction of salaries.

The Boston club is trying to secure two eastern club pitchers. Manager Buckenberger has come to the conclusion that he is not too well fortified in the pitching department.

John T. Brush, president of the New York National league club, does not take much stock in the proposal to consolidate the National and American leagues in a 12-team league.

Reports from the Philippines tell of the popularity that base ball has acquired there. In Manila especially has the rosters' fever struck in hard and the games are largely attended. A six-club league has been established.

## ELIOT OF HARVARD.

WHY HE IS A PROMINENT FIGURE IN OUR NATIONAL LIFE.

Fearless For the Right, He Never Shirks What He Considers His Duty—Said to Be the One Man Elected by President Roosevelt.

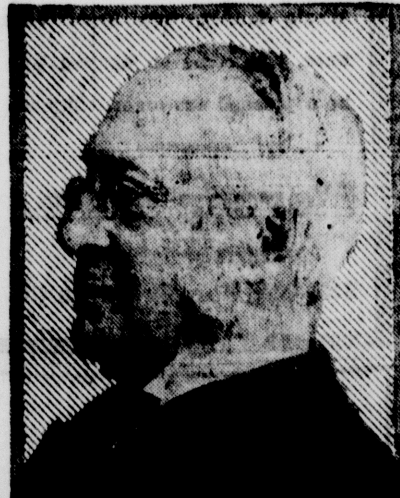

President Charles William Eliot of Harvard university, who is said to be the only man envied by President Roosevelt, is undoubtedly one of the most fearless individuals in American public life today. Mr. Roosevelt, report has it, aspires to become head of Harvard when the time comes for him to leave the White House, and as President Eliot is now past seventy the gratification of the ambition of the present chief executive of the United States may some day be realized.

Like Mr. Roosevelt, President Eliot is a man of unflinching candor. He has the courage of his convictions and never hesitates to express an opinion because it may be unpopular. It is his attitude of fearless criticism of national and local evils that has made him one of the country's most prominent men.

Even before his election to the highest office in the gift of the overseers of Harvard college the quality of indomitable courage made itself felt by those with whom he came in contact.

In 1858, five years after his graduation from Harvard, while he was acting as tutor in the college, he was chosen to row at No. 3 in the first six oared shell, that afterward rendered the college famous in the rowing world of the day. While still a member of the crew the question came up as to whether the oarsmen should be permitted to row on the river on Sundays. When Eliot was approached he characteristically remarked, "I myself will be unable to go, but as a member of the faculty I will give you the assurance that you will not be interfered with."

From the moment of his election as the head of Harvard the dominant characteristic of fearlessness so evident in the man has never weakened or been found lacking. When he was elected in 1869 he was professor of analytical chemistry at the Massachusetts Institute of Technology. Previously he had been for nine years an instructor in mathematics and chemistry at Harvard and had spent two years in Europe investigating educa-

tional methods. There were many objections raised to the election of the young scientist, then but thirty-five years old, as the head of the college.

Dr. Oliver Wendell Holmes, then on the faculty of the medical school, wrote in a letter to Motley, the historian, regarding the new president: "Our new president has turned the whole university over like a flapjack. There never was such a bouleversement as that in our medical faculty."

It is so curious to see a young man like Eliot, with an organizing brain, a firm will, a grave, calm, dignified presence, taking the ribbons of our classic coach and six, feeling the horses' mouths, putting a check on this one's capers and touching that one with the lash, turning up everywhere, in every faculty (I belong to three), on every public occasion, and taking it all as naturally as if he had been born president.

That President Eliot's force of character is fully appreciated in his native state is illustrated by the following story: When Governor Crane was chief executive of Massachusetts he was approached by a delegation of business men who asked that President Eliot be appointed one of a commission to report on the proposed construction of a dam across the Charles river. The governor demurred.

"Would you mind stating your objection to President Eliot?" asked the spokesman.

"Well," replied the governor, "the law says that the commission shall consist of three men. If I appointed President Eliot there would only be one."

Dr. Eliot is tall, erect and of courtly dignity. Years have not robbed him of the noble bearing of his earlier years. Outdoor exercise has given him in his old age the figure and carriage of youth. He is still a poor man after thirty-four years as head of Harvard. He receives a salary of \$9,000 and the use of a house and stable. Yet he holds a position which even the president of the United States aspires to and which many millionaires would prize above wealth. It is the reward which comes to virtue, patriotism and courage.

## Wearisome Topics.

Rodrick—Did you enjoy Mrs. Ticker's reception?  
Van Albert—No, indeed. The men talked shop and the women shopping.—Chicago News.

Young women may avoid much sickness and pain, says Miss Alma Pratt, if they will only have faith in Lydia E. Pinkham's Vegetable Compound.

"I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months."

"I recommend it to all young women who suffer from female weakness."—Miss Alma Pratt, Holly, Mich.—\$5000 for the original of above letter proving genuineness cannot be produced.

## FREE MEDICAL ADVICE TO YOUNG WOMEN.

All young girls at this period of life are earnestly invited to write to Mrs. Pinkham for advice; she has guided in a motherly way hundreds of young women; her advice is freely and cheerfully given; her address is Lynn, Mass.

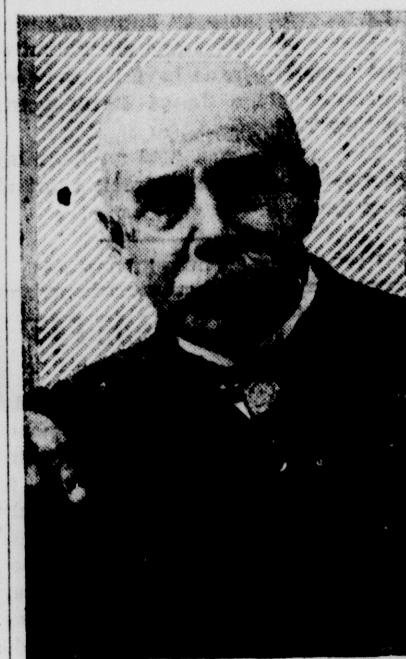

Judging from the letters she is receiving from so many young girls Mrs. Pinkham is inclined to the belief that our girls are pushed altogether too near the limit of their endurance nowadays in our public schools and seminaries; less learning and more health needed.

## DU CHAILLU'S TRIUMPH.

Explorer Waited Many Years to Have His Statements Verified.

Forty odd years ago, when Paul Beloni Du Chailu, the French explorer, returned from his first expedition to Africa and told of his discovery of the pygmies and of huge apes the size of a man, he was generally regarded by scientists as a romancer.

The death the other day of Du Chailu recalls a speech he made a few years ago before the international geographical congress at Greenwich.

LAST PICTURE OF PAUL B. DU CHAILU.

In which he said to that distinguished gathering that he thanked God that he had lived to see the day when the facts he had told about the Obongo dwarfs and the gorillas of west Africa were accepted by the world as unvarnished truth, though for many years his veracity had been questioned.

Du Chailu made his first trip to Africa in 1855-59, exploring the country around the equator. He revisited Africa in 1863-65 and later wrote many books descriptive of the various countries he explored.

## APPEAL TO PRESIDENT

Hebrews of America Lay Their Case Before Chief Executive and Secretary Hay.

## CONDITIONS OF RUSSIAN JEWS

Kishenev Massacre Principal Topic Discussed—Everything in the Executive Power Will Be Done for Them.

Washington, June 16.—Through their representative association, B'Nai B'Rith, the Jews of America laid their case before President Roosevelt and Secretary Hay, and they are content to abide by whatever the executive decides is best for them. By appointment the executive council of this association called at the state department. They were Leo N. Levi, president, of New York; Jacob Furth, vice president and treasurer, of Cleveland; Solomon Sulzberger, honorary secretary, New York; Joseph D. Coons, Wilkesbarre, Pa.; Adolph Moses, Chicago, and Simon Wolf, of Washington. Secretary Hay received the council in the diplomatic room and spent three-quarters of an hour listening to their representations and commenting upon them. Then the secretary escorted his callers to the White House, where they were received by President Roosevelt and again set out their views and listened to what he had to say in reply. The interviews with both the president and the secretary were extremely satisfactory to the council, although it soon became apparent that positive action could not be had upon the subjects nearest to them, namely, the betterment of the conditions of the Jews in Russia.

Czar Kept in Ignorance. The massacre at Kishenev was the principal topic of discussion. But the Jews realized, after hearing what the president and secretary had to say, that there was nothing that this government could do at this moment to undo what had been done in Bessarabia. So, too, looking to the future the council besought the president to use his good offices to secure the ear of the czar. They declared that he was being deliberately kept in ignorance by the bureaucrats who surrounded him of the terrible treatment that was being meted out to the Jews in every corner of Russia where they were allowed to abide. They expressed a conviction that if the czar knew of the indignities and atrocities practiced upon the unfortunate Jews who were still his loyal subjects he would certainly take steps to alleviate their condition. They said nothing about the refusal of the Russian government to recognize Jewish passports nor did they ask the aid of the government in the distribution of the funds intended for the relief of the Kishenev sufferers.

The president and Secretary Hay listened with the deepest interest and sympathy to these representations and both replied in terms that showed the depth of their feelings in the matter. It was promised that everything that the executive could properly do without violating the principles of international comity would be done, but neither President Roosevelt nor Secretary Hay were able to make any definite promise beyond this which was accepted as satisfactory.

## Should Be Sent to Palestine

Methodist Preachers of Chicago Suggest Remedy for Persecution of Jews.

Chicago, June 16.—Palestine for persecuted Jews is the remedy suggested by Methodist preachers of Chicago, who adopted resolutions asking President Roosevelt to take up the problem along the lines suggested by a memorial presented to President Harrison in March, 1891. The memorial, which is appended to a resolution passed by the Methodist preachers, was signed by nearly all the leading editors, business men, financiers, lawyers and preachers, including Jews, in Chicago, Boston, New York, Philadelphia, Baltimore and Washington.

The memorial was an urgent plea to all nations to give back to the Jews the holy land after the fashion in which the European powers surrendered Bulgaria to the Bulgarians and Serbia to the Serbs.

Pittsfield, Ill., June 16.—Fred Mink, who killed Newton Harris, a wealthy farmer near here, Saturday, and who, Sunday night, walked into his father's dining room while his father, Adam Mink, and his family were at supper, and shot his stepmother dead, defied Sheriff Mainen and his posse to arrest him, and then escaped, was found in a barn near the scene of the last killing. He surrendered to the sheriff and was brought to the jail at Pittsfield, guarded by a company of the Fifth infantry, Illinois national guard, and 50 deputy sheriffs.

## Mill Employes Want Free Trade.

Minneapolis, June 16.—At the opening of the second annual convention of the international union of flour and cereal mill employes President John M. Findley gave utterance to a strong plea for reciprocity with Canada. Resolutions demanding greater free trade with Canada were adopted and will be sent as a memorial to President Roosevelt.

## COMPERS' EFFORT FRUITLESS

Striking Waiters in Chicago Refuse to Arbitrate and Strike Goes Merrily On.

Chicago, June 16.—The joint board of the strikers' unions has refused all overtures for peace and the work of calling strikes will be continued. Moves were made from three directions to influence the strikers to arrange for a settlement by arbitration. The board heard more arbitration talk from President Compers and the conference was void of results. Another effort will be made by President

Compers Wednesday to bring about a peaceful adjustment of the controversy.

The hotel owners are still willing to arbitrate their differences with the men and declare that that is the only way the trouble can be settled.

By the return to work of many union men and the importation of help from surrounding cities the majority of the hotels where the employes are out succeeded in getting their service back to nearly normal conditions. Several of the restaurant keepers have arranged to open for business with non-union help.

Brooklyn Postoffice Next. Washington, June 16.—Orders have gone out to investigate the Brooklyn postoffice with the same thoroughness that has characterized the inquiry in New York. The case of prominent postal officials and their connection with New York politicians is now ready for the grand jury.

Fourth Assistant Postmaster General Bristow has received orders to investigate H. H. Rand, Chief Inspector Cockran returned from New York and laid the whole situation there before Mr. Bristow.

## Coal Strike Imminent.

Altoona, Pa., April 16.—Whether a strike of the 10,000 employes of the Webster Coal and Coke company is to be declared will be decided by the officials of the United Mine Workers in the local district. The officials of the company will be asked definitely to declare their position. If the demands of the men are not granted every colliery and coking plant of the Webster company will be tied up tight.

## Workmen Have Narrow Escape.

New York, June 16.—Twenty Italian workmen had a narrow escape when a section of the roof of the rapid transit subway fell in. The men were working 40 feet under the ground, when one of the men noticed that the supporting timbers were sagging. The foreman investigated and then shouted to the men to run. Just as they reached the mouth of the shaft 50 feet of the roof of the tunnel fell.

## Cheap Traveling on Lakes.

Cleveland, June 16.—The Detroit and Cleveland steamboat line has established a rate of 25 cents for one-way fare between Detroit and Cleveland. The rate applies only on the auxiliary steamer City of the Straits. The reduction in fare is due to misunderstanding with the Barry line over differentials.

## Pittsburg Sends Out Some Coal.

Pittsburg, June 16.—The disappointment felt by rivermen because the expected coal stage in the river did not come was somewhat relieved when seven boats got out with light barges. The rise was of considerable use, however, as 1,500,000 bushels were taken out.

## Fell to His Death.

Youngstown, O., June 16.—John Deiter, an electrician, while working on the top of one of the stacks of the Ohio plant of the Carnegie Steel company here, was overcome by gas and fell 15 feet, sustaining wounds from which he died.

## FIVE HUNDRED KILLED

By Cloudburst and Town of Heppner Almost Obliterated.

### TWO HUNDRED BODIES RECOVERED

Wall of Water Twenty Feet High  
Rushes Down on Doomed Town.  
Lives Dashed Out on Rocky Bluffs.  
Bridges Swept Away Like Straws.

Portland, Ore., June 16.—Five hundred people lost their lives in a cloudburst that almost entirely destroyed the town of Heppner, Ore., Sunday night. Heppner is the county seat of Morris county, and had about 1,250 inhabitants.

All the telegraph and telephone wires are down and no accurate information can be obtained, but the estimate of loss of life is based on the most reliable reports. A report from one, 17 miles from Heppner, is to the effect that 300 bodies have been recovered. A messenger who arrived at one said that a wall of water 20 feet high rushed down into the gulch in which Heppner is situated, carrying everything before it.

The flood came with such a suddenness that the inhabitants were unable to seek places of safety and were carried down to death by the awful rush of water.

Almost the entire residence portion of the town was destroyed, but some of the business part, which is on higher ground, escaped.

Hugh boulders weighing a ton were carried down by the current and many people were killed by being dashed against the rocky bluff.

Early in the afternoon a thunderstorm occurred covering a wide region of the country and later a heavy rainstorm set in, many of the small streams overflowing their banks in a short time. Bridges were swept away like straws.

As soon as possible after the flood had subsided the work of relief was commenced by the citizens of the town. Dozens of bodies were found lodged along the bends of Willow creek and in several places they were piled over one another. Two hundred bodies have been recovered almost within the city limits.

The buildings which were not carried away were moved from their foundations or toppled over.

Hundreds of horses, cattle, sheep and hogs that had gone into the creek bottoms for water perished.

As soon as possible news was sent by courier to the nearby towns. The Oregon Railway and Navigation company started a relief train with physicians and supplies from the Dalles shortly after noon. Another relief train started for the scene from this city. The citizens of Portland started a relief fund as soon as the news of the disaster spread over the city and within a few hours \$5,000 was raised.

Supplies will be rushed to Heppner as soon as they can be assembled.

Fifteen buildings in the town of Lexington, nine miles below Heppner, on Willow creek, were washed away, but with no loss of life, the inhabitants having time to save themselves from the surging torrent.

### PRINCIPAL YACHTS DO NOT RACE

Schooner Yacht Estelle Capsized, but All Hands Taken Off Safely.

New York, June 16.—Apprehension of wetting their sails and spoiling the set of them kept Reliance, Columbia and Constitution at their moorings while other yachts sailed a race for the Glen Cove cups of the New York Yacht club in Long Island sound. A fresh north by east wind that raked up the white caps and a little tumble of sea afforded a splendid opportunity to try out the Reliance under fine racing conditions.

C. Oliver Iselin, managing owner of the Reliance, said in way of examination that the owners had agreed that it would be better not to race and that as the Reliance's sails had not been wetted this season he did not want to wet them.

While the others were racing the schooner yacht Estelle, owned by L. J. Callahan, in which the owner with a party of friends was following the races, was struck by a squall off Oyster Bay and capsized. She lay in the water on her beam ends and all hands were taken off safely by steam yachts and landed at Larchmont. The racers weathered the squall without disaster.

Four sloops and two schooners sailed over a triangle of 15 miles, Estelle and Ariel being the winners.

### Body of Mrs. Porter Buried.

Long Branch, N. J., June 16.—The body of Mrs. Sophie King Porter, wife of Horace Porter, ambassador to France, whose death occurred in Paris in April, was buried in the Long Branch cemetery.

Pleasant to the taste—contains nothing which can harm the most delicate organism. Physicians will testify to the truth of this statement. See page 21 of our book of "Proofs." Write for it today.

Mrs. Allie Jackson, of Farmer City, Ill., writes: "My seven months old baby was troubled a great deal with his stomach and bowels. I had tried numerous remedies with no good results, until the baby lost much flesh, and was in poor health. A friend recommended Caldwell's Syrup Pepsin. I procured a 50c bottle at the drug store and gave the contents to the baby according to directions, after which there was a decided improvement in his condition. Have been giving him Syrup Pepsin for about a month, with very satisfactory results. His stomach and bowels being in good healthy condition and his former weight regained."

### PRINTING PRESSMEN CONVENE.

President Higgins Delivers Annual Address—Growth of Order During Year.

Cincinnati, June 16.—There was a full attendance of the 300 delegates at the opening of the fifteenth annual convention of the International Printing Pressmen and Assistants' union.

In his annual address President Higgins spoke of the rapid growth of the organization during the last year. The two most important strikes, he said, were at New York, to enforce a \$14 scale, and at Boston, because a firm refused to install a pressman foreman. Arbitration of a difficulty at St. Louis last March resulted in a substantial increase in wages. An agreement between the United Typothetae of America and the pressmen's union has been indorsed, to substitute arbitration for strikes and lockouts. The assistants and feeders voted down a proposition to form a separate international union. President Higgins urged more thorough organization, recommending assessment of \$2 on each member for this purpose. This, he said, would result in tremendous growth and would pave the way for an eight-hour day.

The Chicago delegation objected to the seating of the delegates from Hammond, Ind., charging the latter with allowing the W. B. Conkey company to enforce its own shop practices and pay less than the union scale, while it is in competition with Chicago houses in printing catalogues and other commercial work.

**Tents Arrive for Flood Sufferers.**  
Topeka, Kan., June 16.—Four hundred tents arrived from Fort Riley for the Topeka flood sufferers. Their use was made necessary by the miserable sanitary condition of North Topeka and was the only means of preventing an epidemic of sickness. The tent city will be located on a high spot of ground near the west end of the town, where the sanitary conditions are of the best. More relief is being received for the flood sufferers as a result of the appeal sent out by Governor Bailey Saturday. Conditions here are bad and the estimates of the total loss grow larger every day.

**Miners Escape Fearful Death.**  
New Castle, Pa., June 16.—The 77 miners working in the shaft of the Thompson Run mine, five miles south of Ellwood, faced death when a huge oil can located 100 yards within the entrance of the main shaft exploded and took fire. The entrance was blocked by a wall of fire, but the entombed miners escaped through a second opening a mile distant. All reached the surface safely. Even the mules were taken out unharmed. The mine will be able to resume soon. The cause of the explosion is not known.

### Bishop Opposed to Dancing.

Louisville, June 16.—Bishop McCloskey, of the Catholic diocese of Louisville, has issued an order against dancing and the use of intoxicants at picnics. The letter refers to the "shockingly indecent form of the modern dance," and commands observance of the instructions of the third plenary council of Baltimore. As a result of the ruling the picnic of the Catholic Knights of America, set for June 20, has been called off.

### Deranged Man Attempts Drowning.

Pasadena, Cal., June 16.—Thomas Fanlon, attorney of the New York City Traction company, became suddenly deranged at Sierra Madre villa, a mountain resort near here, and tried to drown himself in a reservoir. He was captured in the mountains and committed to the county hospital until other arrangements can be made by his friends. Fanlon came here for his health.

## NEW DYNASTY SET UP

Prince Peter Karageorgewitch Elected King by Senate and Skuptschina.

### EVENT CAUSES NO EXCITEMENT

Ceremony Conducted in Salle des Fetes—New King Telegraphs Royal Acknowledgments—Immunity Granted All Engaged in Coup d'Etat.

Belgrade, June 16.—With scarcely the excitement which marks the ordinary fete day in the capital, Serbia instituted a new dynasty. Within less than two hours from the time of meeting in the wing of the royal palace, where King Alexander and his queen were shot down, the senate and skuptschina in joint session had legally and with due formality elected Prince Peter Karageorgewitch king of Serbia and had notified him by telegraph of the fact.

The senate and skuptschina after assembling listened to a proclamation signed by all the ministers, which was read by President Velimirovitch. The members then proceeded to church, returning a little later to the palace. The ceremony of electing the king was conducted in the Salle des Fetes, which had been specially arranged for the occasion. The metropolitan of Belgrade and the bishops of Nish, in their full robes of office, lent the sanction of their presence. The members of the provisional government and the presidents of the chamber and senate sat at the head of the white and gold decorated hall, among them Colonel Alexander Maschin, Queen Draga's cousin, while below them were grouped the members of the senate and the skuptschina.

A few privileged spectators occupied the remainder of the hall, among them the secretaries of the various legislations, though none of the ministers lately accredited to King Alexander's court were present. The audience, however, included a number of ladies, the wives and relatives of state officials.

A telegram to the government arrived from the new king. It ran:

The Jno. J. Fulton Co. of San Francisco, First in the World to Announce the Cure of Bright's Disease and Diabetes, presenting a Definite Percentage of Recoveries (87%) and Giving Out Lists of the Cured.

Here are some of the San Francisco recoveries, and all of them declared by physicians to be incurable: N. W. Spaulding, President Spaulding Saw Co.; Adolph Wesko, founder Cal. Cracker Co.; Carl D. Zelle, pioneer druggist; Chas. Engelke, editor San Francisco Journal; R. M. Wood, editor Spirit Review; Edward Short, of the Call; C. A. Newton, yardmaster S. P. Co. (Sacramento); Jno. A. Phelps, Hotel Repteller; Mrs. M. Empey, 130 Steiner St.; Mrs. S. E. Cline, 1737 Broadway; Mrs. P. Goyne, 928 Plummer St. (appled times); R. C. Peit, Manager Pacific Coast Electric Co.; F. J. Bachelder, Pacific Coast Art. Seth Thomas Clock Co.; E. B. Cutler, Attorney, 230 Pine St.; Wm. Hale, Real Estate, 215 Sansome; Mrs. C. C. Mathewson, Proprietor Hotel Clifton; Thos. Haskens, Merchant (Petaluma); Col. Wm. Hawkins, U. S. Quartermaster's Department; Chas. F. Wacker, Merchant, 121 6th St.; Mrs. Thos. Christol, 428 27th St.; and hundreds of others. Some were at death's door when put on the compounds, but many recovered. That many were in extremis may be learned from this. Some recovered who had been tapped dozens of times; others were already in the twitches of uraemic poisoning; many had from four to six physicians confirm the fatal diagnosis; several left standard hospitals in extremis; several had relatives called in for last interviews, and a few recovered who were in a state of absolute coma.

In a word, about 87% of all cases of Bright's Disease and Diabetes, heretofore positively incurable, are now curable under the new Fulton Compound. The Royal Compound for Bright's and Kidney Disease is \$1; for Diabetes, \$1.50. Pamphlet free. We have just established a depot in your city where you will find the Compound and pamphlets, viz:

## HOME AFFAIRS

No Arrests Made—The curfew bell rang at 10 o'clock last night and the street was quickly cleared of youngsters. No arrests.

Her Condition Critical—Mrs. J. W. Gipner received word this morning of the serious illness of Mrs. M. B. Johnson, missionary from the First Presbyterian church, of this city, at Ingleside seminary, Virginia. Mrs. Johnson was taken suddenly ill a few weeks ago and an endeavor was made last week to remove her to this city, but upon her arrival at Pittsburgh she was so weakened that she could not complete the journey and she was taken to the Presbyterian hospital in Allegheny, where she is now. She is not expected to survive and her numerous friends in the city are deeply concerned over her condition.

## CROWDS ON HAND EARLY FOR CENTENNIAL SIGHTS

(Continued From Fifth Page.)

a pewter teapot 135 years old, owned by Herman Smiley, and a pewter plate 250 years old, owned by Jerry Cole. A small trunk made in 1760 and lined with a paper printed in July, 1767, is the property of John King living west of Lisbon. Senator Connell has on exhibition another small trunk called an "old hair" trunk which was brought from England in 1687 by George and James Chamberlain.

Among some other interesting relics in a miscellaneous exhibit are several powder horns used in the war of 1812, a canteen used in that war by a Lisbon soldier, Morris E. Morris, and a snuff box 149 years old. Rev. J. G. Anderson, of the Presbyterian church, has on exhibition some curios secured by him on his trip to the Holy Land a year ago. They include a chand of a mummy and a "tear" bottle from an ancient tomb near Fidon, Syria. An original portrait of Clement Vallandigham, owned by Miss Mary Myers, is an interesting feature.

One of the most noteworthy relics in the exhibit is a quilt nearly 400 years old. It is the property of the McClellan family living west of Lisbon and an accompanying authentic record shows that it came from Ireland and has been handed down to the eldest daughter of each generation. On the white background of the quilt are worked in pink a number of scenes apparently illustrative of some festive occasion. Mrs. John Pitcairn, of Lisbon, has on exhibition a Holland shawl 150 years old. There are also copies of land grants containing original autograph signatures of Presidents James Madison, James Monroe, Andrew Jackson and Franklin Pierce.

A violin, serviceable and in good condition, made in Italy in 1516, is the property of Addo Fite, of Lisbon, and is on exhibition. Ole Bull, the celebrated Swede violinist, is said to have been once the owner of it. Another violin, made in Palermo, Italy, in 1633, is on exhibition and is the property of J. J. Burnip, of Lisbon. A quaint old volume printed in 1668 and on exhibition is entitled "An Essay Toward a Real Character and a Philosophical Language." It is the property of Frank Spence, of Lisbon.

Included in the private collection of Messrs. Benner, Smiley and Kemble are interesting exhibits of Indian relics, rare old books, money, coins, scrip and military equipment. Among the Indian relics is a war club or battle ax of a mineral called limonite, a rare and valuable relic. Other relics are "Euclid's Elements of Geometry," the oldest book on exhibition, printed in London in 1661; a treatise on surveying printed in Philadelphia in 1796 was owned by William Herald, the first surveyor of Columbiana county, who was appointed by the government and served 25 years; the bones of the mastodon, which were dug up a few

## THE BOSTON STORE. Fifth and Market

years ago near the site of the tin mill; stone-carved images representing human heads, found in Elkrun township and supposed to be the work of mound builders; a bible printed in 1680, four pages of which were hand printed with a quill pen, the binder having apparently run short of those two leaves; the spire and the weather vane of the old court house and a ten-plate stove made at the Rebecca furnace on the old McKinley farm. An additional relic of particular interest at this time was added today. It is the cradle in which Senator Hanna was rocked, and is owned by William Prunick, of Lisbon.

These are a few of the things on exhibition at curio hall, an interesting exhibit that will certainly be appreciated.

The centennial really opened last night so far as many of the amusement accessories were concerned and the streets were thronged. The Robinson-Seaman Carnival company was ready for business, together with several smaller side shows, and the merry-go-round, all of which were well patronized. If the crowded streets of last night were any indication of the crowds that will be present when the celebration is in full swing, Lisbon will be overwhelmed with visitors.

The gas company is seconding the efforts of the electric light company to have the city well lighted and has placed a number of lights in the business part and along the street leading to the big tent. One device of the gas company presents the figure "1803" in blazing characters suspended above the streets and 100 yards distant the figures "1903."

During the centennial Hon. R. W. Taylor and wife will entertain Senator and Mrs. Hanna and the senator's sisters, Mrs. Baldwin and Mrs. Morse, both of Cleveland; Mr. and Mrs. Henry Wick, of Youngstown; Mr. and Mrs. Walter McClymonds, of Massillon, and Rev. Dr. Vant and wife, of Brooklyn, N. Y. Ed. A. King and wife will entertain Gen. Charles Dick, of Akron; Hon. James Kennedy, of Youngstown; Col. Myron T. Herrick, of Cleveland; J. R. Carey, of Salem; Julius Whiting, of Canton, and W. F. Wiley, managing editor of the Cincinnati Enquirer.

Senator C. C. Connell and wife will entertain Hon. F. E. Scooby, Troy; and Hon. Warren Harding, of Marion.

## UNUSUAL

Appearance of a Man Attracted a Crowd.

A great deal of attention was attracted to a distinguished looking stranger here today. He was garbed in a swell Prince Albert suit of black broadcloth, the buttons of which were ten and twenty dollar gold pieces. He was smooth faced and walked with an air of a prince of blood.

To a reporter who interviewed him, he stated that he was Colonel Cooper, the advertising king or medicine man, who is known throughout the length and breadth of the land.

He advertises Dr. Cooper's celebrated medicine, manufactured at Dayton, Ohio.

The gold button suit was something so entirely out of the ordinary here that a crowd soon collected to view and admire him.

Col. Cooper stated that he had never been in East Liverpool, but that he intended to visit the city soon and remain for some time. 141-h

## PERSHING OF MINDANAO.

How an Army Officer Won the Friendship of the Moros.

With the suppression of the recent uprising of the Moros, under the sultan of Amparazano in the Tarara country, Captain John J. Pershing, U. S. A., who since last October has been Uncle Sam's representative in the Lake Lanao district, island of Mindanao, has again demonstrated his skill as a soldier as well as peace-maker.

Since his first defeat of the Moros last fall Captain Pershing has worked to gain the confidence of the natives of Mindanao and with the most pronounced success. Some months ago he

CAPTAIN JOHN J. PERSHING.

was appointed datto of Iligan by the sultan of Mindanao upon the request of the latter's chief subjects.

Iligan is the chief town of the Lake Lanao district, and as datto Captain Pershing dispenses justice to the Moros. In power he is supposed to be second to the sultan and subject to his command—that is, so far as it does not conflict with his duty to the stars and stripes. Captain Pershing has virtually been the civil as well as the military ruler of the district, and the chiefs, who hold him in the highest esteem, have consulted him daily. Almost every conceivable kind of business, private as well as public, has been taken to him for adjustment.

Last fall when General Davis, commanding the department of Mindanao and Jolo, sent Captain Pershing to Iligan he selected one of the most efficient officers in the service. Captain Pershing has taught the Moros that they had a different kind of people from the Spaniards to deal with. He has fought them to a finish when fighting was necessary and by fair and upright treatment has won the friendship of all but a few. Now his influence is so strong that he makes periodical expeditions about the district with a mere handful of men. At one of the recent outbreaks in Mindanao he held the north lake Moros out of the trouble solely by his influence.

Captain Pershing is a Chicago man with an exceptionally brilliant army record. He is a West Pointer of the class of 1886 and served through the Geronimo campaign with distinction.
